Prometheus (2012)

Running Time: 124 min

December 4	1:00 p.m.
December 7	1:00 p.m.

This film is set in 2093 and takes place in the same universe as the 'Alien' movies. A group of explorers, including some archaeologists, are on an "undisclosed" mission. They arrive at a planet millions of miles away from Earth. The team spots what they believe to be signs of civilization. They go to investigate and find more than just signs, they find conclusive evidence. But some of them have an ulterior motive for being there, including the Weyland Corporation. They believe that this is where the human race actually came from. Things soon turn from excitement to survival once inside their discovery.

Director: Ridley Scott
Starring: Noomi Rapace, Logan Marshall-Green and Michael Fassbender

The Adjustment Bureau

(2011)
Running Time: 106 min

December 11 1:00 p.m.

David Norris is an up and coming politician but on a night when he loses a Congressional election a chance meeting with a stranger, Elise Sellas, inspires him to make a brilliant concession speech that clearly makes him the front-runner for the next time around. They meet again by chance a few years later and are intent on seeing one another. What they do not realize is that there is a mysterious group of men calling themselves the Adjustment Bureau, who seem intent on keeping them apart. Soon David and Elise are on the run with the Bureau trying their best to separate them as they try to maintain David's predetermined future.
