USFOL REACHES OUT WITH COOKIES

On March 4th the U.S. Forward Operating Location in Curacao (USFOL) delivered 100 boxes of Girl Scout Cookies to four organizations on Curacao that care for children. "Girl Scout Cookies are a familiar part of American culture in the US. For more than 80 years, Girl Scouts in the US, with the enthusiastic support of their families, have helped ensure the success of local Girl Scout Cookie activities. From its earliest beginnings to its current popularity, the sale of cookies has helped Girl Scouts have fun, develop valuable life skills and make the world a better place by helping to support Girl Scouting in their communities. In this case, the cookies were purchased by the USFOL and given to the children on the island at the following organizations: Siloam Orphanage and Children's Hospice (www.siloamvillage.org), Meant to Shine Foundation (www.meanttoshine.org), Hebron Orphanage (www.hebron.nl), and Amigunan di Christo (Fuik Community Center/Email: cesar.eman@pbscuracao.com).

There is nothing like the joy expressed on the faces of children when they receive such a special blessing. "To see them clamoring for their favorite box of cookies and the smiles expressed on every face was worth it all!" said Chaplain, Capt Brad Phillips of the USFOL's Chapel office. He went on to say, "What the USFOL strives to do in the Curacao community through our Community Relations Program is make a difference in the lives of those in Curacao that are unable to help themselves and in this case it was these children that are so deserving and precious." Everyone from the USFOL that participated in this outreach was not only impressed with the children but also with the leaders themselves and their life-changing dedication to the young lives in their care.

The U.S. FOL, 429th Expeditionary Operations Squadron, supports multinational aircraft operations that conduct detection, monitoring and tracking missions supporting counter-drug efforts in the region. USFOL Curaçao was formed as a result of an agreement between the Kingdom of the Netherlands and the United States whereby aircraft and crews deploy to the USFOL on a temporary basis to conduct mission operations. USFOL military and civilian personnel often volunteer their services in support of community projects and are pleased to partner with local agencies in reaching out to the people of Curaçao.
