NOTIFICATION OF CHANGES IN REQUEST FOR PROPOSALS.

1. The deadline for receipt of applications has been changed to September 30, 2011.
2. The suggested administrative overlap between winning awardee and current grantee from November 1, 2011 to December 31, 2011 is not longer required, so applicants should not plan for this or budget for it. The expected award date will be dependent on availability of funds which will hopefully permit a January 1, 2012 start date.
3. This grant award will not allow for the funding of two new English Language Centers, so applicants should not plan for that or budget for it. The existing ELCs will be sustained at their present locations.
4. Applicants are free to contact the current project staff for more information or to visit English Language Centers outside of Kabul, with the concurrence and permission of the relevant university authorities.
