(End of clause)

RAM Requirements: Offers that fall within our competitive range require additional processing for companies wishing to do business with the U.S. Embassy in Kabul, Afghanistan.

This extra risk analysis vetting is performed on key contractor personnel; including host country, third country, U.S. citizens, and Legal Permanent Residents of the United States. The vetting process applies to all contracts, purchase orders, delivery orders, Blanket Purchase Agreements (BPAs), and BPA calls.

A request for information will be emailed to offerors in the competitive range or selected vendors, and all interested vendors must provide all information requested in the DS Form 4184, Risk Analysis Information.

Vendors are required to submit the requested data required for vetting via a secure online portal linking them to the Risk Analysis Management (RAM) office; access to the Portal and instructions for creating an account will be provided to the vendor by email.

Successful passing of vetting is one condition of receiving award. Other factors are price reasonableness and technical acceptability. Each vendor should submit the requested data via the secure online RAM portal within 3-5 days after being contacted. Vendors who do not provide the information will not be considered for contract awards.
