

U.S. Embassy Bahrain

Demonstration Notice 19 – March 12, 2014

A reminder that there will be increased protests, attempts to disrupt traffic, protests near economic centers, suspicious packages planted, tire fires and additional clashes against police during the time period from February 11, 2014 to March 31, 2014 that may not occur in the restricted areas.

Avoid the Budaiya Highway Corridor through March 15, 2014 due to violent anti Government of Bahrain (GOB) activities. These activities are affecting the entire length of the Budaiya Highway corridor from Budaiya east towards the Central Market.

In light of recent events, the Embassy recommends you increase your general situational awareness both at home and away from home. Certain violent, anti GOB groups, and pro-Government of Bahrain groups are calling for continued protests. The violent anti-GOB groups are calling for increased activities throughout the country. These acts will likely take place inside of the restricted areas, but they could spill over. Pro-Government groups will likely protest in areas outside of the restricted areas. Anticipate that the Budaiya Highway corridor will experience increased acts along its length through March 31.

There have been no direct attacks on U.S. citizens to date. We recommend that you continually exercise the appropriate level of security awareness in regards to anti-U.S. activity or events. Spontaneous and, at times, violent anti-government of Bahrain protests continue to occur, particularly at night and on weekends. These protests have included blockades of major highways with burning debris and the establishment of unofficial checkpoints. Protestors have thrown rocks and Molotov cocktails and used homemade weapons to include improvised explosive devices and shotgun like projectile launchers. To counter these acts the Ministry of Interior will utilize crowd control measures, such as tear gas, stun grenades, and birdshot. Violent clashes between security forces and protestors can make travel in and around Bahrain dangerous without advance warning. The Ministry of Interior maintains official checkpoints in certain areas. We remind U.S. citizens that even demonstrations intended to be peaceful can turn confrontational and possibly escalate into violence. U.S. citizens are therefore urged to avoid the areas of demonstrations if possible, and to exercise caution if within the vicinity of any demonstrations.
