There have been no direct attacks on U.S. citizens; however, spontaneous and at times violent anti-government demonstrations occur in some neighborhoods, particularly at night and on weekends. These demonstrations have included blockades of major highways with burning debris and establishment of unofficial checkpoints. Participants have thrown rocks and Molotov cocktails and used various other homemade weapons, including isolated use of improvised explosive devices. The Ministry of Interior maintains official checkpoints in some areas and routinely uses tear gas and stun grenades along with birdshot and other crowd control measures against demonstrators. Violent clashes between security forces and demonstrators can make travel in and around Bahrain dangerous without advance warning.

Please see below for a map. Areas shaded in red are off-limits to U.S. Citizen Embassy employees and their family members. Areas shaded in blue are off-limits to U.S. Citizen Embassy employees and their family members 20:00 – 04:00.

We remind U.S. citizens that even demonstrations intended to be peaceful can turn confrontational and possibly escalate into violence. U.S. citizens are therefore urged to avoid the areas of demonstrations if possible, and to exercise caution if within the vicinity of any demonstrations.
