

U.S. Embassy Bahrain
Emergency Notice to U.S. Citizens– September 13, 2012

In light of attacks yesterday against official U.S. facilities in Cairo and Benghazi, the U.S. Embassy is carefully monitoring the security situation in Bahrain. Spontaneous demonstrations take place in Bahrain from time to time in response to world events or local developments. United States citizens should keep current with media coverage of local events and be aware of their surroundings at all times. If you encounter a large public gathering or demonstration, depart the vicinity immediately.

Based on events in the region over the last 72 hours, social media is reporting that there is a possibility of demonstrations on Friday, 14 September 2012, around mosques in Bahrain. We recommend that you avoid these areas between the hours of 1100 and 1500 (3:00 PM) and limit your travel to essential movement only.

On Thursday, September 13, 2012 at 2000 (8:00 pm) an unauthorized demonstration is planned in the vicinity of the U.S. Embassy in Zinj. (Red Circle)

On Thursday, September 13, 2012 at 2100 (8:15 pm) an unauthorized demonstration is planned for Sitra. (Yellow circle to off map South)

On Friday, September 14, 2012 at an unknown time an unauthorized demonstration is planned for area near the Manama Souq. (Yellow Oval)

Beginning Saturday, September 15, 2012 through Saturday, October 6, 2012, three consecutive weeks of mall boycotts have been called for.

While we are aware of the above, it is important to note that spontaneous demonstrations have also been triggered by regional events in the past; however, there have been no direct attacks on U.S. That said, spontaneous and at times violent anti-government demonstrations occur in some neighborhoods, particularly at night and on weekends. These demonstrations have included blockades of major highways with burning debris and establishment of unofficial checkpoints. Participants have thrown rocks and Molotov cocktails and used various other homemade weapons, including isolated use of improvised explosive devices. The Ministry of Interior maintains official checkpoints in some areas and routinely uses tear gas and stun grenades along with birdshot and other crowd control measures against demonstrators. Violent clashes between security forces and demonstrators can make travel in and around Bahrain dangerous without advance warning.

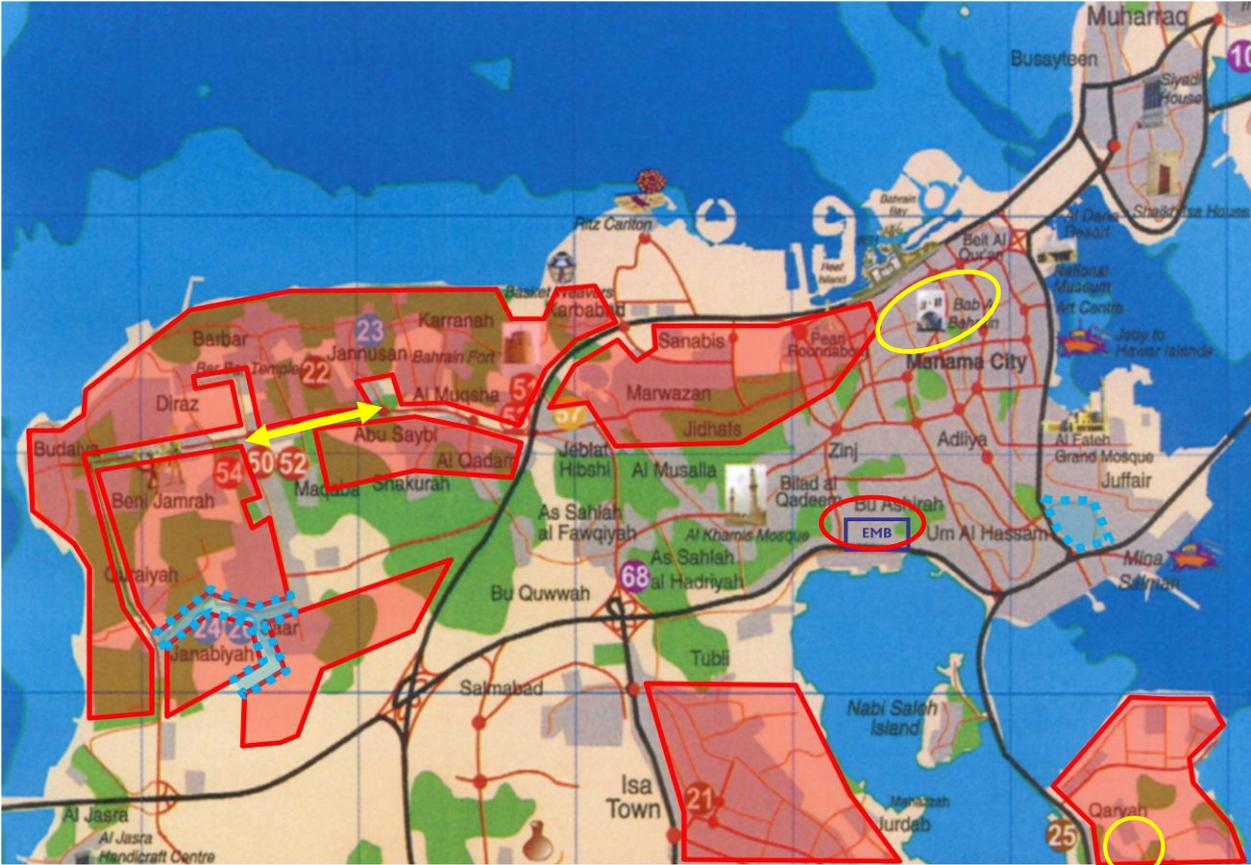

Please see below for a map. Areas shaded in red are off-limits to U.S. Citizen Embassy employees and their family members. Areas shaded in blue are off-limits to U.S. Citizen Embassy employees and their family members 20:00 – 04:00.

We remind U.S. citizens that even demonstrations intended to be peaceful can turn confrontational and possibly escalate into violence. U.S. citizens are therefore urged to avoid the areas of demonstrations if possible, and to exercise caution if within the vicinity of any demonstrations.
