

**United States Embassy, Dhaka, Bangladesh**  
**Security Message for U.S. Citizens**  
**Indefinite Blockade Notice**  
**January 9, 2014**

The Bangladesh Nationalist Party's indefinite nationwide blockade of all intercity roadways, railways, and waterways continues.

The U.S. Embassy is taking a prudent approach to ensure the safety of all its employees. While travel within Dhaka is permitted for Embassy employees and their family members, travel outside of Dhaka is restricted. Travel by train is strongly discouraged.

Due to isolated incidents in the diplomatic enclave, including the use of homemade low performance explosive devices, all personnel are advised to exercise caution and minimize movement and exposure even within the enclave during a hartal.

Even demonstrations intended to be peaceful can turn confrontational and escalate into violence. You should avoid areas of demonstrations, and exercise caution if in the vicinity of any large gatherings, protests, or demonstrations.

Review your personal security plans; remain aware of your surroundings, including local events; and monitor local news stations for updates. Maintain a high level of vigilance and take appropriate steps to enhance your personal security and follow instructions of local authorities.

We strongly recommend that U.S. citizens traveling to or residing in Bangladesh enroll in the Department of State's [Smart Traveler Enrollment Program \(STEP\)](#). STEP enrollment gives you the latest security updates, and makes it easier for the U.S. embassy or nearest U.S. consulate to contact you in an emergency. If you don't have Internet access, enroll directly with the nearest U.S. embassy or consulate.

For the latest security information, U.S. citizens traveling abroad should regularly monitor the Department of State's Internet website at [travel.state.gov](http://travel.state.gov) where the [Worldwide Caution](#), [Country Specific Information](#), [Travel Warnings](#), and [Travel Alerts](#) can be found.
