Preparing for the 2015 Tax Filing Season

Feb 10, 2015

The Internal Revenue Service (IRS) has provided the following guidance for U.S. citizens abroad preparing for the 2015 tax filing season. This IRS guidance is posted under [Federal Benefits and Obligations](#) on travel.state.gov. Contact information for the International Taxpayer Service Call Center is provided below. U.S. embassies and consulates cannot mail tax returns on behalf of U.S. taxpayers living abroad through the diplomatic pouch or other Department facilities unless they meet the eligibility requirements.

All U.S. citizens and resident aliens must file a U.S. individual income tax return, even if they permanently live outside the United States and may not owe any tax because of income exclusion or tax credit. The due date for a 2014 Federal Tax Return Form 1040 is **April 15, 2015**.

Extensions: An automatic extension to June 15, 2015, is granted for taxpayers living outside the United States and Puerto Rico. No form is required; write "Taxpayer Resident Abroad" at the top of your tax return.

Caution: This extension applies only for filing your tax return, not for payment. If you owe any taxes, you're required to pay by April 15, 2015. Interest and penalties will generally be applied if payment is made after this date. To request an additional extension to October 15, 2015, use Form 4868.

Caution: This extension applies only for filing your tax return, not for payment. If you owe any taxes, you're required to pay by April 15, 2015. Interest and penalties will generally be applied if payment make after this date. Other extensions may be available on IRS.gov.

You can mail your tax return and payment using the postal service or approved private delivery services. A list of [approved delivery services](#) is available on IRS.gov. If you mail a return from outside the United States, the date of filing is the postmark date. However, if you mail a payment, separately or with your return, your payment is not considered received until the date of actual receipt.

You can prepare and e-file your income tax return, in many cases for free. Participating software companies make their products available through the IRS. [E-File options](#) are listed on IRS.gov.
