International Leaders in Education Program (ILEP)
Application for International Teachers

PROGRAM OVERVIEW

The International Leaders in Education Program (ILEP) will provide international teachers with unique opportunities to develop expertise in their subject areas, enhance their teaching skills, and increase their knowledge of the United States.

The International Leaders in Education Program (ILEP) provides international teachers with unique opportunities to develop expertise in their subject areas, enhance their teaching skills and increase their knowledge about the United States. ILEP consists of a semester-long non-degree, non-credit academic program at a U.S. university including seminars on new teaching methods, curriculum development, lesson planning, and teaching strategies. As part of the academic program, participants will work in groups to develop a unique teacher professional development module. Participants will also audit two courses in the host university's School or Department of Education and participate in a field experience in a U.S. secondary school near the host university. All participants will receive a technology allowance and instructional technology training. Cultural enrichment, mentoring, and support will be provided throughout the program. ILEP will commence in January 2015 and conclude in May 2015.

After returning home, teachers will be eligible to request funds from a competitive alumni small grants program for essential teaching materials, follow-on training for other teachers, collaborative projects between their home schools and U.S. schools, and other activities that build on the exchange experience.
