SECTION 1 - THE SCHEDULE
PRICES, BLOCK 23
INDEFINITE DELIVERY/INDEFINITE QUANTITY CONTRACT
COST PER COPY

1. Performance Work Statement

This solicitation is for photocopier supplies and services based on a firm fixed price (cost per copy) charge. Contractor furnished services and supplies are to be provided on an indefinite quantity basis with delivery to the American Embassy, Brussels. Many machines will remain in place for the life of this contract but occasional requests may be made for shorter durations.

The Contractor will retain ownership of all machines being installed in U.S. Government offices under this contract. The estimated monthly copy volume for each office covering the upcoming five (5) years is shown in Attachment 2. Some machines will not be replaced with new ones but the copies made will be taken into account for copy commitment purposes. Additional machines may be ordered by the Contracting Officer through task orders by applying the cost per copy rate and service requirements of applicable volume bands.

It is the Government's intention to have all ordered copiers in place for the base period of this contract and the optional periods of performance, if exercised. Prices should be based on the assumption that all copiers will remain in place until the end of the final period of performance. Occasional requests may be made for shorter periods, in which case the Government will pay the cost per copy rate equal to similarly sized contracted machines within volume bands priced below.

The contractor shall provide copier services on a cost per copy basis. This cost per copy price shall include:

- The usage charge of the proposed copier;
- Insurance (see FAR 52.228-4 and 52.228-5);
- All necessary consumables, except paper, including but not limited to toner, developer kits, staples, fuser oil, unlimited repair services (emergency repairs and preventive maintenance) during the normal business hours set forth in Section 1.2 Period of Performance/Schedule;
- Training of at least one (key) operator for each copier;
- Delivery of copiers under this contract;
- Removal of copiers under this contract at the end of the contract.

This is an indefinite-delivery indefinite-quantity contract (IDIQ). The Government plans to issue task orders with a firm-fixed price per copy and a ceiling price based on estimated quantities.

Additional details regarding the Performance Work Statement are stated in Attachment 1 of this section.

2. Period of Performance/Schedule

The performance period of this contract is from the date of contract award (April 18, 2015), and continuing for 12 months, with four (4) one-year option(s) to renew. The initial period of performance includes any transition period authorized under the contract.

The Contractor shall provide all required types of maintenance service as well as copier installation, equipment demonstrations, and training services on regular working days, Monday through 08:30 and 17:30 hours, excluding official holidays.

In order for the option(s) to be exercised at the prices indicated in this contract, the Government shall prepare a modification to this contract exercising this option.

3. Pricing. The Contractor shall provide the following copier models for the cost per copy firm fixed prices set forth below. The estimated “Copies Per Month” column represents the estimated total number of copies for all copiers combined, within that category volume range. All prices are set forth in Euro. The Government will pay no monthly lease charge, maintenance or toner or other copier supplies charges under this cost per copy arrangement. No other charges will be accepted. The Government will provide only the paper and electricity.

3.A. Value Added Tax

VALUE ADDED TAX. Value Added Tax (VAT) is not applicable to this contract and shall not be included in the CLIN rates or Invoices because the U.S. Embassy has a tax exemption certificate from the host government.

As a result of the Belgian Copyright Act of June 30, 1994, a one-time levy for printing and copying is due for all copiers, faxes, scanners, or multifunctional equipment. The amount of this levy is linked to the copying speed of the equipment.

The contractor will bill the Government for this one-time levy in the amount of Euro _____ per copier and transfer the amount in full to "Reprobel" after the equipment is fully installed and accepted by the Government.

4. Issuance of Task Orders

- (a) The Contracting Officer will authorize work only through the issuance of task orders. Task orders shall be established on a fixed price per copy basis and shall be modified solely by a written modification executed by the Contracting Officer. Each task order will set forth a ceiling price.
- (b) The Contractor shall perform only those services specifically authorized in the individual task orders issued under this contract. The Contractor shall complete all work and services under this contract when specified in the task orders.
- (c) The designated ordering individual for this contract is the Contracting Officer.

5. Deliveries

The Contractor shall install following instructions provided by the Contracting Officer on signed task orders coordinated with the COR. Delivery shall occur within thirty days unless the task order states otherwise. The Contractor shall give advance notice of copier delivery and installation at least **seven (7)** days before copier arrival. The Contractor shall give notification of arrival of supplies, unless hand carried by a service technician, at least **one (1)** day before the scheduled arrival.

Upon delivery, the Contractor shall provide to the Key Operator, with a copy to the COR, the following information on equipment:

- Description of Equipment
- Serial Number
- Delivery Location
- Applicable Cost per Copy

Labeling of Shipments

The Contractor shall mark shipments for the Key Operator at site of deliveries. There is a separate Key Operator for each copier location.

6. Invoices

- (a) The Contractor shall submit quarterly invoices in English for services in an original EXCLUDING VAT to the COR at the address shown in paragraph (e) below. A proper invoice must include the following information.
- (1) Contractor's name and mailing address (for payments by checks) or Contractor's name and bank account information (for payments by wire transfers).
 - (2) Invoice date.
 - (3) Invoice Number
 - (4) U.S. Embassy Contract number.
 - (5) A summary showing a listing of each machine by location and serial number with a total monthly price for that machine. Attached to each summary invoice a detailed invoice for each agency for which one or more

copiers is provided under this contract. This detailed invoice shall list a description of services provided during the time period involved with the following additional information:

- Make and model of machine
- Location and serial number of machine
- Monthly volume of copies made by machine
- Copier rate applied and total price for copying services
- Calendar month covered by invoice

(6) Prompt payment discount if any

(7) Name, title, phone number, and address of person to contact regarding invoice problems.

(b) If an invoice does not contain the above information, the Government reserves the right to reject the invoice as improper and return it to the Contractor within 7 calendar days. The Contractor must then submit a proper invoice.

(c) Each task order will include the name of the agency for which the copier is ordered. This is the agency name which the Contractor shall use when creating the invoice.

(d) The COR will take each summary invoice, furnish the detailed invoice to the appropriate official in that agency. That agency representative will review the detailed invoice and either mark it “inspected and accepted” or advise the COR of the inaccuracies found. It shall be the COR who will interact with the Contractor on any invoice problems.

(e) The Contractor shall send invoices electronically to the following email address:

BruFMCAccounts@state.gov

(f) The designated Government payment office for this contract is shown in Block 18a of Standard Form 1449, “SOLICITATION/CONTRACT/ORDER FOR COMMERCIAL ITEMS”.

(g) Payment shall be made in local currency.

(h) Contractor personnel shall be responsible for physically taking meter readings on each copier every month. The only exception is for machines located in secure areas for which Contractor staff shall call the Key Operator(s) for that copier(s) and request monthly readings verbally. The Contractor shall periodically confirm readings in secure areas by sight by making an appointment for access. The Contractor shall keep copy count on all machine reports and invoices.

(i) Copier equipment has certain performance characteristics, i.e. paper jams, malfunctions which cause unacceptable copy quality, etc. These factors are not in the control of the copier operator but can become a considerable expense in copy counts when they occur. Should malfunctions occur which result in unacceptable copies, the key operator and users shall place them in a box by the copier and notify the Contractor. The Contractor shall review the issue and respond within one week, providing credit on monthly invoicing for the number of copies determined unacceptable due to fault of the copier. The Contractor shall also credit all copies made during copier testing and repair by the Contractor, as noted on repair and meter cards. This clause is not intended to credit copies which are unacceptable due solely to operator error such as incorrect paper selection, insufficient toner etc.

7. Government Approval and Acceptance of Contractor Employees

The Contractor shall subject its personnel to the Government's approval. The Government reserves the right to deny access to U.S. - owned and U.S. - operated facilities to any individual. All employees must pass a suitable investigation conducted by the Contractor, including recommendation(s) from their respective supervisor(s). Also required is a police check covering criminal and/or subversive activities, a check of the personal residence, and a credit investigation. The contractor will provide all such investigations in summary form to the COR for review and approval or disapproval. The Contractor shall not use any employees under this contract without Government approval.

8. Key Personnel

The Contractor shall assign to this contract the following key person:

Position/Function	Name
Project Manager	

The Project Manager shall be fluent in the English language. During the first 90 days of performance, the Contractor shall make no substitutions of key personnel unless the substitution is necessitated by illness, death, or termination of employment.

9. Personal Injury, Property Loss or Damage (Liability)

The Contractor hereby assumes absolute responsibility and liability for any and all personal injuries or death and/or property damage or losses suffered due to negligence of the Contractor's personnel in the performance of the services required under this contract.

10. Permits

Without additional cost to the Government, the Contractor shall obtain all permits, licenses, and appointments required for the work under this contract. The Contractor shall obtain these permits, licenses, and appointments in compliance with applicable host country laws.

11. Ownership of Copiers

Title to equipment provided under this contract shall remain with the Contractor. While copiers are installed on Government premises, the Contractor shall assume all responsibility for loss or damages to copiers except for loss or damage caused by the negligence or willful act of the Government. In the case of Government negligence or damage, the Contractor shall submit an invoice and explanation of written damage or loss to the COR. If damage can be repaired, the invoice shall reflect the cost of repair including parts and labor. If equipment damage is deemed a total loss of the equipment, the Contractor will invoice the Government for the purchase price less depreciation (equal to 1/60 of the purchase price times the number of months the machine has been in use under the USG contract.)

12. Technological Refreshment

After contract award, the Government may; pursuant to FAR clause 52.212-4 - Contract Terms and Conditions –Commercial Items, paragraph (c), Changes; request changes within the scope of the contract. These changes may be required to improve performance or react to changes in technology.

The Contractor may propose for the Government's technological refreshment, substitutions or additions for any provided products or services that may become available as a result of technological improvements. The Government may, at any time during the term of this contract or any extensions thereof, modify the contract to acquire products which are similar to those under the contract and that the Contractor has, or has not, formally announced for marketing purposes. This action is considered to be within the scope of the contract. At the option of the Government, a demonstration of the substitute product may be required. The Government is under no obligation to modify the contract in response to the proposed additions or substitutions.

Such substitutions or additions may include any part of, or all of, a given product(s) provided that the following conditions are met and substantiated by documentation in the technological refreshment proposal:

- (a) The proposed product(s) shall meet all of the technical specifications of this document and conform to the terms and conditions cited in the contract.
- (b) The proposed product(s) shall have the capacity, performance, or functional characteristics equal to or greater than, the current product(s).
- (c) The proposal shall discuss the impact on hardware, services, and delivery schedules. The cost of the changes not specifically addressed in the proposal shall be borne entirely by the Contractor.
- (d) Contractor has the right to withdraw, in whole or in part, any technological refreshment proposal prior to acceptance by the Government. Contractor will use commercially reasonable efforts to ensure that prices for substitutions or additions are comparable to replaced or discontinued products. If a technological refreshment proposal is accepted and made a part of this contract, an equitable adjustment, increasing or decreasing the contract price, may be required and any other affected provisions of this contract shall be made in accordance with FAR clause 52.212-4, paragraph (c), Changes, and other applicable clauses of the contract.

The Contractor shall provide a replacement machine of equal or greater capabilities to assure that offices go no longer than forty eight (48) hours without copier facilities. Upon delivery of a replacement machine, the Contractor shall advise the COR, (with a copy to the Contracting Officer) of the serial number, location, and model number. If a replacement machine is for a higher volume band, the cost-per-copy price for the original machine will continue to apply. The Contractor is solely responsible for maintaining copiers in good condition.

E. Contractor's Reports

If the Contracting Officer determines corrective action is appropriate, the Contracting Officer will outline the changes in writing through a modification to the contract or task order.

G. Key Operators

If there is an issue that cannot be resolved at the Key Operator level, the Contractor shall elevate the issue to the COR for resolution.

H. QUALITY ASSURANCE AND SURVEILLANCE PLAN (QASP)

This plan provides an effective method to promote satisfactory contractor performance. The QASP provides a method for the Contracting Officer's Representative (COR) to monitor Contractor performance, advise the Contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The Contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to monitor quality to ensure that contract standards are achieved.

Performance Objective	Scope of Work Para	Performance Threshold
<u>Services.</u> Performs all photocopier supplies and services set forth in the scope of work.	Attachment 1, para. A thru G	All required services are performed and no more than two (2) customer complaints are received per year. Maintenance and repairs are performed within scheduled time frames. Consumables are dispatched as required.

H.1 SURVEILLANCE. The COR will receive and document all complaints from Government personnel regarding the services provided. If appropriate, the COR will send the complaints to the Contractor for corrective action.

H.2 STANDARD. The performance standard is that the Government receives no more than two (2) customer complaint per month. The COR shall notify the Contracting Officer of the complaints so that the Contracting Officer may take appropriate action to enforce the inspection clause (FAR 52.212-4, Contract Terms and Conditions-Commercial Items), if any of the services exceed the standard.

H.3 PROCEDURES.

(a) If any Government personnel observe unacceptable services, either incomplete work or required services not being performed they should immediately contact the COR.

(b) The COR will complete appropriate documentation to record the complaint.

(c) If the COR determines the complaint is invalid, the COR will advise the complainant. The COR will retain the annotated copy of the written complaint for his/her files.

(d) If the COR determines the complaint is valid, the COR will inform the Contractor and give the Contractor additional time to correct the defect, if additional time is available. The COR shall determine how much time is reasonable.

(e) The COR shall, as a minimum, orally notify the Contractor of any valid complaints.

(f) If the Contractor disagrees with the complaint after investigation of the site and challenges the validity of the complaint, the Contractor will notify the COR. The COR will review the matter to determine the validity of the complaint.

(g) The COR will consider complaints as resolved unless notified otherwise by the complainant.

(h) Repeat customer complaints are not permitted for any services. If a repeat customer complaint is received for the same deficiency during the service period, the COR will contact the Contracting Officer for appropriate action under the Inspection clause.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) *o* Are, *o* are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) *o* Have, *o* have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) *o* Are, *o* are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) *o* Have, *o* have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
