

THE U.S. NAVAL HOSPITAL

The U.S. Naval Hospital Ship, USNS COMFORT, will visit Belize from April 9-18, 2015 and other ports in Central and South America and the Caribbean this spring.

While in Belize, the USNS COMFORT will partner with the Ministry of Health, the Ministry of Education, the Belize Defence Force, and the Belize Coast Guard to share and build capability through medical, dental, engineering, and veterinary events and exchanges.

As part of the events scheduled for Belize, USUN Comfort personnel will partner with Hattieville Government School and Independence High school to provide a variety of outpatient medical, dental, preventive medicine, and health education services. These locations will be open to the general public for one free medical or dental service each day. For those requiring transportation, Ladyville Health center and Bella Vista Health center will provide shuttle service to and from the medical sites.
