Dear Food Health & Natural Ingredients Trade Show Visitors,

Willkommen in Deutschland! It is my pleasure to welcome you to the USA Pavilion at the Food ingredients and Natural ingredients Europe 2013 show.

In the USA Pavilion you will find a wide range of high quality food and ingredient products. Please visit the U.S. Pavillion to see innovative and sustainable food ingredients solutions being offered by U.S. companies.

Also this year at the Food and Natural ingredients Europe show, USDA's Foreign Agricultural Service is offering several new services:

- Trade Lead Service" assistance for buyers seeking specific U.S. food products
- Educational materials for you and your customers on sustainable U.S. agricultural production

For FAS reports and marketing activities, please see:

- <http://www.usda-mideurope.com>.

During the show, please do visit us at Hall 9, Booth Nr. C39-7.

Sincerely,

A handwritten signature in blue ink that reads "Paul Spencer".

**Sehr geehrte Food und Natural Ingredient
Europe 2013 Messebesucher:**

Willkommen in Deutschland!
Ich freue mich sehr, Sie im USA-Pavillon auf der Food und Natural ingredients Europe 2013 begrüßen zu dürfen.

Sie finden im USA-Pavillon ein großes Angebot an Lebensmittel und Lebensmittelzusatzstoffen vor. Wir laden Sie ein, unsere US-Austeller zu besuchen, welche neue, innovative und nachhaltige Produkte für die Lebensmittel- und Lebensmittelzusatzstoffindustrie anbieten.

Auf der diesjährigen Food und Natural Ingredient Europe stellt das Büro des United States Department of Agriculture, Foreign Agricultural Service einige neue Dienstleistungen vor:

- „Das Trade Lead Service“ - Mit diesem Service werden Handelsanfragen von Kunden für spezielle Produkte noch schneller beantwortet.
- Information Material für Sie und Ihre Kunden, um die Position und die Bemühungen der Amerikanischen Landwirtschaft auf dem Sektor der Nachhaltigkeit zu erläutern.

Falls Sie Interesse an FAS-Marktforschungsberichten und Informationen über unsere Marketingaktivitäten suchen, finden Sie diese unter:

● <http://www.usda-mideurope.com>

Wir freuen uns auf Ihren Besuch am FAS-Stand in Halle 9, Stand Nr. C39-7.

Hochachtungsvoll,

Paul Spencer

Email: n.kovalenko@fiberstar.net Website: www.fiberstar.net

Fiberstar, Inc focuses on developing and production of functional ingredients from natural plant materials. Its main all-natural product line, Citri-Fi, is made from dried orange pulp. Our customers use Citri-Fi to improve profit margins, quality, nutrition and label declaration. It helps accomplish these objectives by tightly binding moisture, improving yields, partially replacing oil, fat and eggs; synergistic yield increases when combined with phosphate and kappa carrageenan; replacing synthetic ingredients such as phosphates, emulsifiers, stabilizers and complex gum systems. Citri-Fi is non-GMO, gluten free, has low usage level, neutral odor and taste. Citri-Fi does not require an e-number in Europe.

From facilities in California and Texas, Hilmar Ingredients delivers the promise of dairy - whey protein and lactose, powerhouse ingredients for nutrition and function. Our California headquarters is the world's largest single-site manufacturing operation of cheese and whey products. It's also home to our new Innovation Center containing the latest pilot plant and applications equipment, test kitchen and sampling area. We are FSSC 22000 certified and facilities meet the requirements of the Global Food Safety Initiative (GFSI). At Hilmar Ingredients, we take seriously our responsibility to manage our business in a manner that balances economic, social and environmental sustainability.

JENEIL is specialized in the development and manufacture of fermented Natural Cheese

and Dairy Flavors. All flavors are derived from the raw material milk. In the food industry they are well known as: Enzyme Modified Cheese (EMC), Enzyme Modified Dairy Ingredients (EMD) or Starter Distillates. The application of the JENEIL Natural Flavor program offers tremendous advantages in several food products. By the addition of small dosages a significant and authentic cheese or dairy flavor could be achieved. JENEIL offers a wide selection of different cheese and dairy flavors in paste and powder form.

Since 1976 we have manufactured authentic Japanese miso in the U.S.A. We have Yuzu (Japanese citrus) essential oils and products. We mainly specialize in fermented soybean pastes, both miso and black soybean pastes. These products are available in NonGM and Certified Organic forms. Our products are non-pasteurized to maintain all the benefits and the nutrients of fermentation: live cultures and enzymes. Versatility and flavors: Miso is a prized condiment by cooks for its very versatile uses and its many flavors. Discover miso as a hidden flavor enhancer.

Nu-Tek's Advanced Formula Potassium Chloride: The next step in Sodium Reduction! Nu-Tek Food Science launches technology to reduce sodium to up to 50%. This revolutionary technology produces Nu-Tek Salt Advanced Formula Potassium Chloride making sodium reduction in products such as processed meat, cheese and baked goods more cost-effective. Nu-Tek Salt Advanced Formula Potassium Chloride allows a clean label. The

unique single-crystal product maintains the taste and functionality of salt. Because the technology has significantly reduced the bitterness potassium chloride, manufacturers do not need to use flavor systems or maskers, providing the most cost-effective solution for up to 50% sodium reduction.

Products: Ingredient/Additive Distributor, Processed Ingredient/Additive Manufacturer, Bakery, Fish, Meat & Egg Products, Snacks, Soup, Ready meals & Meal Components, Salt and Salt Substitutes, Salt, Fat, Sugar Reduction, Cardiovascular Health

Paramount Farms is the world's largest vertically integrated grower and processor of pistachios and almonds. We farm more than 125,000 acres in the San Joaquin Valley, the agricultural 'heartland of California. Paramount processes in-shell pistachios and kernels in a complete range of grades and sizes. (Huller-run pistachios are also available upon request.) Paramount almonds are available in natural and blanched, and offered in a range of manufactured varieties - sliced, meal, diced and slivered. Paramount's size and scale, along with recent plant modernization projects, enable us to provide our customers unparalleled food safety, consistent quality and year-round supply.

Products: Processed Ingredient/Additive Manufacturer, Raw Material Supplier, Snacks, Fruit & Vegetables, Nuts, Seeds and Kernels, Natural Ingredients, Kosher Ingredients, Halal ingredients

● POM WONDERFUL

US PAVILION STAND: 9C39-5
