

# USA Pavilion

**BioFach 2015**

February 11 – 14, 2015  
Exhibition Centre Nürnberg  
Nürnberg, Germany

**USA**  

Dear BioFach Visitor:

Willkommen in Deutschland! It is my pleasure to welcome you to the USA Pavilion at BioFach 2015.

The global organic food market has shown tremendous growth rates in recent years. BioFach is the world's leading trade fair for organic food and the USA Pavilion is the place that connects U.S. companies with the world. The 2012 equivalence arrangement between the world's two biggest organic-food markets, Europe and the U.S., has created greater opportunities for ambitious companies.

The USA Pavilion is the place where supply meets demand. If you are a visitor, we can help you find U.S. suppliers of organic products and we can tell you more about organic and sustainable U.S. agriculture.

If you are a U.S. exhibitor, USDA/FAS offers services like detailed marketing reports and special advice. Please visit us at our booth Hall 2-315 F. For more information, please see: [www.usda-mideurope.com](http://www.usda-mideurope.com).

We look forward to seeing you at the USA Pavilion.

Sincerely,

Kelly Stange  
Agricultural Counselor

Embassy of the United States - Berlin, Germany

.....

### Products and/or Services:

The OTA is the membership-based business association for the organic industry in North America. OTA's mission is to promote organic trade to benefit the environment, farmers, the public and the economy. OTA envisions organic products becoming a significant part of everyday life, enhancing people's lives and environment. OTA represents businesses across the organic supply chain and addresses all things organic (food, fiber/textiles, personal care products and new sectors as they develop). More than 60 percent of OTA trade members are small businesses.
