<p>20. Do you speak any other languages? (If so, please indicate fluency)</p>
<p>21. Medical, physical, dietary, or other personal considerations. Please describe any pre-existing medical conditions, including any prescription medication you may be taking. Please list any dietary or personal considerations that we should take into consideration should you be chosen (for example, vegetarian, halal, etc.). This will not affect candidate selection, but will enable us to make any necessary accommodations if you are accepted to the program.</p>

22. Please write a statement explaining the relevance of your work to the program. Discuss why your work might be enhanced through your participation in the program and what you might be able to contribute to the program. Finally, write three specific goals you would have for your participation in this program and why these three goals are important for you and your organization. Do not repeat the program objectives here but write your own three goals in your own words.

23. Please write a short biographic paragraph that would be used on the program website to tell others about you if you should be chosen for the program. This paragraph should include a short summary of your professional work, educational background, family, and personal interests. It should tell people about who you are and what is important to know about you. This paragraph would be read by program officials, your fellowship host, and others interested in learning about the program.

24. Please tell us if you have discussed this program with your supervisor or colleagues, and if your business or organization has agreed to your participation in the program and your absence for the five-week length of the program in the U.S.

25. Part of this program may require you to host a U.S. participant in your organization for 10-15 days. Not every Asian Fellow will be asked to do this, as there will be 28 Asian Fellows and only 10 American Fellows. However, please state whether your business or organization would agree to host a U.S. participant in your field. There is no financial support required by your organization, as all expenses would be paid for by the program. The U.S. Fellow would travel to Asia in January 2015, so please note whether this would be an acceptable time for your organization to host an American expert.

26. If you are chosen for this program, you would either travel to the US from approximately May 2 - June 9, 2014 or October 3 - November 9, 2014. (While these dates are expected, they are not definite.) Please note whether you are available to travel in either time frame, or if specific personal or work circumstances would not allow you to travel during one of these times.

27. If you are chosen for this program, you will be placed in a fellowship for 3 weeks with a business or organization in Montana. Please describe the type of organization you would like to be placed with to maximize your learning objectives. This is very important to help us understand the work that you do, the work you would like to learn about, and your specific motivation for joining this fellowship program. We suggest that you do some internet research on organizations in Montana and make specific suggestions to strengthen your application.
