

International Fulbright Science & Technology Award

The U.S. Embassy in Rangoon invites outstanding students in the fields of science, technology, engineering and math to apply for the International Fulbright Science & Technology Award for Outstanding Foreign Students (Fulbright S&T). The U.S. Department of State sponsors the Fulbright S&T to provide exceptional students from around the world with an opportunity to pursue Ph.D. study at top U.S. universities.

Fulbright S&T Award benefits include three years of Department of State funding. S&T Fellows receive subsequent support to complete their Ph.D. program from their U.S. host institution. During their Department of State sponsorship, S&T Fellows receive placement services, tuition, a housing allowance, book allowances, health/accident insurance coverage, international travel expenses, and J-visa sponsorship.

**Eligible fields of study for the Fulbright S&T Award:**

- Aeronautics / Aeronautical Engineering
- Agriculture (theoretical/research)
- Astronomy / Planetary Sciences
- Biology
