I understand that if my project is chosen for consideration, I/my organization will be required to fill out other forms, and that there will be some reporting required at the end of my project on its outcomes in order to receive the final disbursement payment. I also understand that organizations applying for Federal Financial Assistance may be required to obtain a DUNS number, request an NCAGE code and register with CCR (information and links provided below) **prior** to receiving an award from the Department of State.

*Public Law 109-282 (FFATA- Federal Funding Accountability and Transparency Act of 2006) requires public disclosure of data on all acquisition and assistance awards within 30 days of award. The DUNS (Data Universal Numbering System) number is one of the data elements mandated by the FFATA for all awards. The CCR (Central Contractor Registration) is the Federal government's primary database for complying with FFATA reporting requirements. OMB designated the CCR as the central repository to facilitate applicant and recipient use of a single public website that consolidates data on all federal financial assistance. Under the law, it is mandatory to obtain a DUNS number ( <http://www.dnb.com/get-a-duns-number.html>) and register in the CCR system ([www.sam.gov](http://www.sam.gov)). Foreign registrants in CCR must have a NATO Commercial and Governmental Entity (NCAGE) Code assigned before registering in CCR. Applicants will need to go to the following web address and request an NCAGE code: [http://www.dlis.dla.mil/Forms/Form\\_AC135.asp](http://www.dlis.dla.mil/Forms/Form_AC135.asp)*

**DUNS** stands for Data Universal Numbering System (DUNS) number, which is a unique nine digit identification number provided by the Dun & Bradstreet (D&B) Credibility Corp. The DUNS Number identifies a single business entity. This number can be used to access a database which details the name of the company, its address, telephone number, line of business and number of employees — along with other pertinent information. Adopted as a Department policy on August 2007, , **Mandatory Collection of the Data Universal Numbering System (DUNS) and the Central Contractor Registration (CCR)** applies to both domestic and overseas posts. This policy requires all potential recipient organizations to acquire a DUNS Number and register in CCR. **NOTE:** There is no charge for acquiring a DUNS Number.

**CCR** or Central Contractor Registration is the official database for the U.S. Federal Government that collects, validates, stores, and disseminates data in support of agency acquisition and assistance awards. To be awarded federal assistance funds, potential applicants are required to register in CCR, and this registration must be updated or renewed annually to maintain an active status. The CCR database validates the registrant information, electronically sharing secure and encrypted data with federal agencies.

**Foreign registrants must have a NATO Commercial and Governmental Entity (NCAGE) Code assigned first.** This code is a five number character identification number CCR uses to identify foreign vendors. Foreign registrants must log onto and request an NCAGE Code at: [dlis.dla.mil/Forms/Form\\_AC135.asp](http://dlis.dla.mil/Forms/Form_AC135.asp).
