

August 18, 2015

Dear Prospective Offeror:

SUBJECT: Request for Quotation Number SCA52515Q0027

The U.S. Embassy Ottawa invites you to submit a proposal for the Technical Security Upgrade.

A site visit will be held on August 25, 2015, 10:00 A.M. at the U.S. Embassy, 490 Sussex Drive, Ottawa. All prospective offerors will be invited to attend. For additional information or to arrange for access to the building, please contact Reginald Herrick at 613-688-5408 on or before August 21, 2015 and provide the names of all individuals planning to attend the site visit.

Complete the OFFER portion of the Standard Form 1442, including all blank spaces, and have the form signed by an authorized representative of your company, or the proposal may be considered unacceptable and may be rejected.

In order for a proposal to be considered, you must also complete and submit the following:

1. Section A and Attachment 2, Proposal Breakdown by Divisions;
2. Section L, Representations and Certifications;
3. Bar Chart illustrating sequence of work to be performed;
4. Additional information as required in Section J.

The contract will be a firm fixed price contract, with no adjustment for any escalation in costs or prices of labor or materials. Each offeror will be responsible for determining the amount of labor and materials that will be required to complete the project, and for pricing its proposal accordingly.

Proposals must be submitted in a sealed envelope marked "**Proposal Enclosed – SCA52515Q0027**" on or before **4:00 P.M. on September 15, 2015**. No proposal will be accepted after this time.

Proposals can be submitted via courier to:

U. S. Embassy-Canada
207 Bank St, Suite 418,
Ottawa, ON, Canada K2P 2N2
to the attention of Douglas S. Dobson, Contracting Officer

NO ELECTRONIC OFFERS OR PROPOSALS WILL BE ACCEPTED.

For this procurement action, prospective offerors must be registered within the Central Contractor Registration (CCR) which is now under the System for Award Management (SAM) in order to receive an award. Refer to the following link for details on the registration process: <http://www.sam.gov>

The U.S. Government intends to award a contract to the responsible company submitting an acceptable offer at the lowest price. We intend to award a contract based on initial proposals, without holding discussions, although we may hold discussions with companies in the competitive range if there is a need to do so.

Questions regarding this solicitation should be submitted to Douglas Dobson and Alma Andico at the following email addresses DobsonDS@state.gov and AndicoA@state.gov or by fax to 613-688-3091 Attention: Alma Andico.

The Embassy appreciates your interest in this solicitation.

Sincerely,

/signed
Douglas S. Dobson
Contracting Officer
U.S. Embassy Ottawa

REQUEST FOR QUOTATIONS - CONSTRUCTION

A. PRICE

The Contractor shall complete all work, including furnishing all labor, materials, tools, transportation, equipment, supervision and services required under this purchase order for the following firm fixed price and within the time specified. This price shall include all labor, materials, overhead and profit.

A.1 VALUE ADDED TAX

VALUE ADDED TAX (VAT). The Contractor shall include VAT as a separate charge on the Invoice and as a separate line item in Section B.

A.2 Technical Security Upgrade (See Attachment 3, Specifications)

Total Price (including all labor, materials, overhead and profit)	CAD\$ _____
HST	CAD\$ _____
Total A.2 --	CAD\$ _____

B. SCOPE OF WORK

The character and scope of the work are set forth in the contract under Attachments 3, Specifications. The Contractor shall furnish and install all materials required by this contract, except as stated.

In case of differences between small and large-scale drawings, the latter will govern. Where a portion of the work is drawn in detail and the remainder of the work is indicated in outline, the parts drawn in detail shall apply also to all other portions of the work.

C. PACKAGING AND MARKING

(Reserved)

D. INSPECTION AND ACCEPTANCE

The COR, or his/her authorized representatives, will inspect from time to time the services being performed and the supplies furnished to determine whether work is being performed in a satisfactory manner, and that all supplies are of acceptable quality and standards.

The Contractor shall be responsible for any countermeasures or corrective action, within the scope of this contract, which may be required by the Contracting Officer as a result of such inspection.

D.1 SUBSTANTIAL COMPLETION

(a) "*Substantial Completion*" means the stage in the progress of the work as determined and certified by the Contracting Officer in writing to the Contractor, on which the work (or a portion designated by the Government) is sufficiently complete and satisfactory. Substantial completion means that the property may be occupied or used for the purpose for which it is intended, and only minor items such as touch-up, adjustments, and minor replacements or installations remain to be completed or corrected which:

- (1) do not interfere with the intended occupancy or utilization of the work, and
- (2) can be completed or corrected within the time period required for final completion.

(b) The "date of substantial completion" means the date determined by the Contracting Officer or authorized Government representative as of which substantial completion of the work has been achieved.

Use and Possession upon Substantial Completion - The Government shall have the right to take possession of and use the work upon substantial completion. Upon notice by the Contractor that the work is substantially complete (a Request for Substantial Completion) and an inspection by the Contracting Officer or an authorized Government representative (including any required tests), the Contracting Officer shall furnish the Contractor a Certificate of Substantial Completion. The certificate will be accompanied by a Schedule of Defects listing items of work remaining to be performed, completed or corrected before final completion and acceptance. Failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The Government's possession or use upon substantial completion shall not be deemed an acceptance of any work under the contract.

D.2 FINAL COMPLETION AND ACCEPTANCE

D.2.1 "Final completion and acceptance" means the stage in the progress of the work as determined by the Contracting Officer and confirmed in writing to the Contractor, at which all work required under the contract has been completed in a satisfactory manner, subject to the discovery of defects after final completion, and except for items specifically excluded in the notice of final acceptance.

D.2.2 The "*date of final completion and acceptance*" means the date determined by the Contracting Officer when final completion of the work has been achieved, as indicated by written notice to the Contractor.

D.2.3 FINAL INSPECTION AND TESTS. The Contractor shall give the Contracting Officer at least five (5) days advance written notice of the date when the work will be fully completed and ready for final inspection and tests. Final inspection and tests will be started not later than the date specified in the notice unless the Contracting Officer determines that the work is not ready for final inspection and so informs the Contractor.

D.2.4 FINAL ACCEPTANCE. If the Contracting Officer is satisfied that the work under the contract is complete (with the exception of continuing obligations), the Contracting Officer shall issue to the Contractor a notice of final acceptance and make final payment upon:

- Satisfactory completion of all required tests,
- A final inspection that all items by the Contracting Officer listed in the Schedule of Defects have been completed or corrected and that the work is finally complete (subject to the discovery of defects after final completion), and
- Submittal by the Contractor of all documents and other items required upon completion of the work, including a final request for payment (Request for Final Acceptance).

E. DELIVERIES OR PERFORMANCE

52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall be required to:

- (a) commence work under this contract within **10 calendar days** after the date the Contractor receives the notice to proceed,
- (b) prosecute the work diligently, and,
- (c) complete the entire work ready for use not later than **45 calendar days** after receipt of the Notice to Proceed (NTP).

The time stated for completion shall include final cleanup of the premises and completion of punch list items.

52.211-12 LIQUIDATED DAMAGES - CONSTRUCTION (SEP 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, or any extension, the Contractor shall pay liquidated damages to the Government in the amount of **\$135.00 for each calendar day of delay** until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Default clause.

CONTRACTOR'S SUBMISSION OF CONSTRUCTION SCHEDULES

(a) The time for submission of the schedules referenced in FAR 52.236-15, "Schedules for Construction Contracts", paragraph (a), is hereby modified to reflect the due date for submission as **"ten (10) calendar days after receipt of the Notice of Award"**.

(b) These schedules shall include the time by which shop drawings, product data, samples and other submittals required by the contract will be submitted for approval.

(c) The Contractor shall revise such schedules (1) to account for the actual progress of the work, (2) to reflect approved adjustments in the performance schedule, and (3) as required by the Contracting Officer to achieve coordination with work by the Government and any separate contractors used by the Government. The Contractor shall submit a schedule, which sequences work so as to minimize disruption at the job site.

(d) All deliverables shall be in the English language and any system of dimensions (English or metric) shown shall be consistent with that used in the contract. No extension of time shall be allowed due to delay by the Government in approving such deliverables if the Contractor has failed to act promptly and responsively in submitting its deliverables. The Contractor shall identify each deliverable as required by the contract.

(e) Acceptance of Schedule: When the Government has accepted any time schedule; it shall be binding upon the Contractor. The completion date is fixed and may be extended only by a written contract modification signed by the Contracting Officer. Acceptance or approval of any schedule or revision thereof by the Government shall not:

- (1) Extend the completion date or obligate the Government to do so,
- (2) Constitute acceptance or approval of any delay, or
- (3) Excuse the Contractor from or relieve the Contractor of its obligation to maintain the progress of the work and achieve final completion by the established completion date.

NOTICE OF DELAY

If the Contractor receives a notice of any change in the work, or if any other conditions arise which are likely to cause or are actually causing delays which the Contractor believes may result in late completion of the project, the Contractor shall notify the Contracting Officer. The Contractor’s notice shall state the effect, if any, of such change or other conditions upon the approved schedule, and shall state in what respects, if any, the relevant schedule or the completion date should be revised. The Contractor shall give such notice promptly, not more than ten (10) days after the first event giving rise to the delay or prospective delay. Only the Contracting Officer may make revisions to the approved time schedule.

NOTICE TO PROCEED

(a) After receiving and accepting any bonds or evidence of insurance, the Contracting Officer will provide the Contractor a Notice to Proceed. The Contractor must then prosecute the work, commencing and completing performance not later than the time period established in the contract.

(b) It is possible that the Contracting Officer may elect to issue the Notice to Proceed before receipt and acceptance of any bonds or evidence of insurance. Issuance of a Notice to Proceed by the Government before receipt of the required bonds or insurance certificates or policies shall not be a waiver of the requirement to furnish these documents.

WORKING HOURS

All work shall be performed during regular working hours Monday to Friday, 8:00 a.m. to 5:00 p.m. excluding after hours and official Canadian and American holidays. All planned work hours shall be submitted to and approved by the Contracting Officer’s Representative (COR) one week prior to the planned work. The Government reserves the right to temporarily or permanently cancel permission to work outside regular hours or request alternate proposals for dates when work can be completed.

PRECONSTRUCTION CONFERENCE

A preconstruction conference will be held within 5 calendar days after contract award to discuss the schedule, submittals, notice to proceed, mobilization and other important issues that effect construction progress. See FAR 52.236-26, Preconstruction Conference.

F. ADMINISTRATIVE DATA

652.242-70 CONTRACTING OFFICER'S REPRESENTATIVE (COR) (AUG 1999)

(a) The Contracting Officer may designate in writing one or more Government employees, by name or position title, to take action for the Contracting Officer under this contract. Each designee shall be identified as a Contracting Officer's Representative (COR). Such designation(s) shall specify the scope and limitations of the authority so delegated; provided, that the designee shall not change the terms or conditions of the contract, unless the COR is a warranted Contracting Officer and this authority is delegated in the designation.

(b) The COR for this contract is the Security Engineering Officer.

Payment: The Contractor's attention is directed to Section H, 52.232-5, "Payments Under Fixed-Price Construction Contracts". The following elaborates on the information contained in that clause.

Requests for payment, may be made no more frequently than monthly. Payment requests shall cover the value of labor and materials completed and in place, including a prorated portion of overhead and profit.

After receipt of the Contractor's request for payment, and on the basis of an inspection of the work, the Contracting Officer shall make a determination as to the amount, which is then due. If the Contracting Officer does not approve payment of the full amount applied for, less the retainage allowed by in 52.232-5, the Contracting Officer shall advise the Contractor as to the reasons. Advance payment is not authorized.

The Contractor shall address invoices to: U.S. Embassy P.O. Box 866, Station B, Ottawa, ON K1P 5T1, Attention: Financial Management Center.

Under the authority of 52.232-27(a), the 14 day period identified in FAR 52.232-27(a)(1)(i)(A) is hereby changed to 30 days.

The contractor shall show Value Added Tax (VAT) as a separate item on invoices submitted for payment.

G. SPECIAL REQUIREMENTS

G.1.0 PERFORMANCE/PAYMENT PROTECTION - The Contractor shall furnish some form of payment protection as described in 52.228-13 in the amount of 50% of the contract price in Canadian dollars.

G.1.1 The Contractor shall provide the information required by the paragraph above within ten (10) calendar days after award. Failure to timely submit the required security may result in rescinding or termination of the contract by the Government. If the contract is terminated, the Contractor will be liable for those costs as described in FAR 52.249-10, Default (Fixed-Price Construction), which is included in this purchase order.

G.1.2 The bonds or alternate performance security shall guarantee the Contractor's execution and completion of the work within the contract time. This security shall also guarantee the correction of any defects after completion, the payment of all wages and other amounts payable by the Contractor under its subcontracts or for labor and materials, and the satisfaction or removal of any liens or encumbrances placed on the work.

G.1.3 The required securities shall remain in effect in the full amount required until final acceptance of the project by the Government. Upon final acceptance, the penal sum of the performance security shall be reduced to 10% of the contract price. The security shall remain in effect for one year after the date of final completion and acceptance, and the Contractor shall pay any premium required for the entire period of coverage.

G.2.0 INSURANCE - The Contractor is required by FAR 52.228-5, "Insurance - Work on a Government Installation" to provide whatever insurance is legally necessary. The Contractor shall at its own expense provide and maintain during the entire performance period the following insurance amounts:

G.2.1 GENERAL LIABILITY (includes premises/operations, collapse hazard, products, completed operations, contractual, independent contractors, broad form property damage, personal injury)

(1) BODILY INJURY, ON OR OFF THE SITE, IN CANADIAN DOLLARS	
Per Occurrence	\$1,000,000.00
Cumulative	\$1,000,000.00
(2) PROPERTY DAMAGE, ON OR OFF THE SITE, IN CANADIAN DOLLARS	
Per Occurrence	\$1,000,000.00
Cumulative	\$1,000,000.00

G.2.2 The foregoing types and amounts of insurance are the minimums required. The Contractor shall obtain any other types of insurance required by local law or that are ordinarily or customarily obtained in the location of the work. The limit of such insurance shall be as provided by law or sufficient to meet normal and customary claims.

G.2.3 The Contractor agrees that the Government shall not be responsible for personal injuries or for damages to any property of the Contractor, its officers, agents, servants, and employees, or any other person, arising from and incident to the Contractor's performance of this contract. The Contractor shall hold harmless and indemnify the Government from any and all claims arising therefrom, except in the instance of gross negligence on the part of the Government.

G.2.4 The Contractor shall obtain adequate insurance for damage to, or theft of, materials and equipment in insurance coverage for loose transit to the site or in storage on or off the site.

G.2.5 The general liability policy required of the Contractor shall name "the United States of America, acting by and through the Department of State", as an additional insured with respect to operations performed under this contract.

G.3.0 DOCUMENT DESCRIPTIONS

G.3.1 SUPPLEMENTAL DOCUMENTS: The Contracting Officer shall furnish from time to time such detailed drawings and other information as is considered necessary, in the opinion of the Contracting Officer, to interpret, clarify, supplement, or correct inconsistencies, errors or omissions in the contract documents, or to describe minor changes in the work not involving an increase in the contract price or extension of the contract time. The Contractor shall comply with the requirements of the supplemental documents, and unless prompt objection is made by the Contractor within 20 days, their issuance shall not provide for any claim for an increase in the contract price or an extension of contract time.

G.3.1.1. RECORD DOCUMENTS. The Contractor shall maintain at the project site:

- (1) a current marked set of contract drawings and specifications indicating all interpretations and clarification, contract modifications, change orders, or any other departure from the contract requirements approved by the Contracting Officer; and,
- (2) a complete set of record shop drawings, product data, samples and other submittals as approved by the Contracting Officer.

G.3.1.2 "As-Built" Documents: After final completion of the work, but before final acceptance thereof, the Contractor shall provide:

- (1) a complete set of "as-built" drawings, based upon the record set of drawings, marked to show the details of construction as actually accomplished; and,
- (2) record shop drawings and other submittals, in the number and form as required by the specifications.

G.4.0 LAWS AND REGULATIONS - The Contractor shall, without additional expense to the Government, be responsible for complying with all laws, codes, ordinances, and regulations applicable to the performance of the work, including those of the host country, and with the lawful orders of any governmental authority having jurisdiction. Host country authorities may not enter the construction site without the permission of the Contracting Officer. Unless otherwise directed by the Contracting Officer, the Contractor shall comply with the more stringent of the requirements of such laws, regulations and orders and of the contract. In the event of a conflict between the contract and such laws, regulations and orders, the Contractor shall promptly advise the Contracting Officer of the conflict and of the Contractor's proposed course of action for resolution by the Contracting Officer.

G.4.1 The Contractor shall comply with all local labor laws, regulations, customs and practices pertaining to labor, safety, and similar matters, to the extent that such compliance is not inconsistent with the requirements of this contract.

G.4.2 The Contractor shall give written assurance to the Contracting Officer that all subcontractors and others performing work on or for the project have obtained all requisite licenses and permits.

G.4.3 The Contractor shall submit proper documentation and evidence satisfactory to the Contracting Officer of compliance with this clause.

G.5.0 CONSTRUCTION PERSONNEL - The Contractor shall maintain discipline at the site and at all times take all reasonable precautions to prevent any unlawful, riotous, or disorderly conduct by or among those employed at the site. The Contractor shall ensure the preservation of peace and protection of persons and property in the neighborhood of the project against such action. The Contracting Officer may

require, in writing, that the Contractor remove from the work any employee that the Contracting Officer deems incompetent, careless, insubordinate or otherwise objectionable, or whose continued employment on the project is deemed by the Contracting Officer to be contrary to the Government's interests.

G.5.1 If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately give notice, including all relevant information, to the Contracting Officer.

G.5.2 After award, the Contractor has ten (10) calendar days to submit to the Contracting Officer the following requirements for the Government to conduct all necessary security checks: (1) list of workers and supervisors assigned to this project, and (2) completed Authority for Release Information of each personnel. The Contractor shall use the form provided under Section I, Attachment 5.

Failure to provide any of the above information may be considered grounds for rejection and/or resubmittal of the application. Once the Government has completed the security screening and approved the applicants a badge will be provided to the individual for access to the site. This badge may be revoked at any time due to the falsification of data, or misconduct on site.

G.5.3 The Contractor shall provide an English speaking supervisor on site at all times. This position is considered as key personnel under this purchase order.

G.6.0 MATERIALS AND EQUIPMENT - All materials and equipment incorporated into the work shall be new and for the purpose intended, unless otherwise specified. All workmanship shall be of good quality and performed in a skillful manner that will withstand inspection by the Contracting Officer.

G.7.0 SPECIAL WARRANTIES

G.7.1 Any special warranties that may be required under the contract shall be subject to the stipulations set forth in 52.246-21, "Warranty of Construction", as long as they are not in conflict.

G.7.2 The Contractor shall obtain and furnish to the Government all information required to make any subcontractor's, manufacturer's, or supplier's guarantee or warranty legally binding and effective. The Contractor shall submit both the information and the guarantee or warranty to the Government in sufficient time to permit the Government to meet any time limit specified in the guarantee or warranty, but not later than completion and acceptance of all work under this contract.

G.8.0 EQUITABLE ADJUSTMENTS

Any circumstance for which the contract provides an equitable adjustment that causes a change within the meaning of paragraph (a) of the "Changes" clause shall be treated as a change under that clause; provided, that the Contractor gives the Contracting Officer prompt written notice (within 20 days) stating:

- (a) the date, circumstances, and applicable contract clause authorizing an equitable adjustment and
- (b) that the Contractor regards the event as a changed condition for which an equitable adjustment is allowed under the contract.

The Contractor shall provide written notice of a differing site condition within 10 calendar days of occurrence following FAR 52.236-2, Differing Site Conditions.

G.9.0 ZONING APPROVALS AND PERMITS

The Government shall be responsible for:

- obtaining proper zoning or other land use control approval for the project
- obtaining the approval of the Contracting Drawings and Specifications
- paying fees due for the foregoing; and,
- for obtaining and paying for the initial building permits.

H. CLAUSES

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. The following Department of State Acquisition Regulation (DOSAR) clause(s) is/are set forth in full text:

652.204-70 DEPARTMENT OF STATE PERSONAL IDENTIFICATION CARD ISSUANCE PROCEDURES (MAY 2011)

(a) The Contractor shall comply with the Department of State (DOS) Personal Identification Card Issuance Procedures for all employees performing under this contract who require frequent and continuing access to DOS facilities, or information systems. The Contractor shall insert this clause in all subcontracts when the subcontractor's employees will require frequent and continuing access to DOS facilities, or information systems.

(b) The DOS Personal Identification Card Issuance Procedures may be accessed at <http://www.state.gov/m/ds/rls/rpt/c21664.htm> .

652.229-71 PERSONAL PROPERTY DISPOSITION AT POSTS ABROAD (AUG 1999)

Regulations at 22 CFR Part 136 require that U.S. Government employees and their families do not profit personally from sales or other transactions with persons who are not themselves entitled to exemption from import restrictions, duties, or taxes. Should the Contractor experience importation or tax privileges in a foreign country because of its contractual relationship to the United States Government, the Contractor shall observe the requirements of 22 CFR Part 136 and all policies, rules, and procedures issued by the chief of mission in that foreign country.

CONTRACTOR IDENTIFICATION (JULY 2008)

Contract performance may require contractor personnel to attend meetings with government personnel and the public, work within government offices, and/or utilize government email.

Contractor personnel must take the following actions to identify themselves as non-federal employees:

- 1) Use an email signature block that shows name, the office being supported and company affiliation (e.g. "John Smith, Office of Human Resources, ACME Corporation Support Contractor");
- 2) Clearly identify themselves and their contractor affiliation in meetings;
- 3) Identify their contractor affiliation in Departmental e-mail and phone listings whenever contractor personnel are included in those listings; and
- 4) Contractor personnel may not utilize Department of State logos or indicia on business cards.

652.236-70 ACCIDENT PREVENTION (APR 2004)

(a) *General.* The Contractor shall provide and maintain work environments and procedures which will safeguard the public and Government personnel, property, materials, supplies, and equipment exposed to Contractor operations and activities; avoid interruptions of Government operations and delays in project completion dates; and, control costs in the performance of this contract. For these purposes, the Contractor shall:

- (1) Provide appropriate safety barricades, signs and signal lights;
- (2) Comply with the standards issued by any local government authority having jurisdiction over occupational health and safety issues; and,
- (3) Ensure that any additional measures the Contracting Officer determines to be reasonably necessary for this purpose are taken.

(4) For overseas construction projects, the Contracting Officer shall specify in writing additional requirements regarding safety if the work involves:

- (i) Scaffolding;
- (ii) Work at heights above two (2) meters;
- (iii) Trenching or other excavation greater than one (1) meter in depth;
- (iv) Earth moving equipment;
- (v) Temporary wiring, use of portable electric tools, or other recognized electrical hazards.

Temporary wiring and portable electric tools require the use of a ground fault circuit interrupter (GFCI) in the affected circuits; other electrical hazards may also require the use of a GFCI;

(vi) Work in confined spaces (limited exits, potential for oxygen less than 19.5 percent or combustible atmosphere, potential for solid or liquid engulfment, or other hazards considered to be immediately dangerous to life or health such as water tanks, transformer vaults, sewers, cisterns, etc.);

(vii) Hazardous materials – a material with a physical or health hazard including but not limited to, flammable, explosive, corrosive, toxic, reactive or unstable, or any operations which creates any kind of contamination inside an occupied building such as dust from demolition activities, paints, solvents, etc.; or

(viii) Hazardous noise levels.

(b) *Records.* The Contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to or theft of property, materials, supplies, or equipment. The Contractor shall report this data in the manner prescribed by the contracting officer.

(c) *Subcontracts.* The Contractor shall be responsible for its subcontractors' compliance with this clause.

(d) *Written program.* Before commencing work, the Contractor shall:

(1) Submit a written plan to the Contracting Officer for implementing this clause. The plan shall include specific management or technical procedures for effectively controlling hazards associated with the project; and,

(2) Meet with the Contracting Officer to discuss and develop a mutual understanding relative to administration of the overall safety program.

(e) *Notification.* The Contracting Officer shall notify the Contractor of any non-compliance with these requirements and the corrective actions required. This notice, when delivered to the Contractor or the Contractor's representative on site, shall be deemed sufficient notice of the non-compliance and corrective action required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to promptly take corrective action, the Contracting Officer may issue an order suspending all or part of the work until satisfactory corrective action has been taken. The Contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any suspension of work order issued under this clause.

652.242-73 AUTHORIZATION AND PERFORMANCE (AUG 1999)

(a) The Contractor warrants the following:

(1) That it has obtained authorization to operate and do business in the country or countries in which this contract will be performed;

- (2) That it has obtained all necessary licenses and permits required to perform this contract; and,
- (3) That it shall comply fully with all laws, decrees, labor standards, and regulations of said country or countries during the performance of this contract.

(b) If the party actually performing the work will be a subcontractor or joint venture partner, then such subcontractor or joint venture partner agrees to the requirements of paragraph (a) of this clause.

652.243-70 NOTICES (AUG 1999)

Any notice or request relating to this contract given by either party to the other shall be in writing. Said notice or request shall be mailed or delivered by hand to the other party at the address provided in the schedule of the contract. All modifications to the contract must be made in writing by the Contracting Officer.

SPECIFICATIONS
TECHNICAL SECURITY UPGRADE

The U.S. Embassy, Ottawa, Canada hereafter known as the Embassy Compound, will retain the services of a local contractor to perform the below scope of work for the hand hole, pole installation, and underground conduit constructions. The U.S. Government represented by the Contracting Officer and Contracting Officer's Representative will handle all the contract legal requirements with the local contractor. DS/FSE/PME (hereafter referred to as PME) will provide the design drawings and scope of work.

This document outlines the scope of work and specifications for the local contractor as follows:

1) General

1.A Design Drawings and Specifications

The U.S. Government will provide the design package and specifications for the construction of the underground infrastructure, access ports, pole installation, and hand holes. It is the local contractor's responsibility to review and understand the work involved and what is required to complete the project. If any error or inconsistencies are found on the drawings, the local contractor will bring these to the attention of the Contracting Officer's Representative.

The local contractor will install the infrastructure for the hand holes, pole installation, pull boxes, and underground conduit as outlined in the attached drawing package. See Attachment 4.

The local contractor shall have a resident registered/certified/licensed civil engineer or graduate architect on site or a qualified construction supervisor at all times, who should have at least two year experience in similar work and can speak, write and read English. The local contractor shall submit the curriculum vitae of the resident engineer to the Contracting Officer as part of the technical approval which will be evaluated during the solicitation process.

The local contractor will provide a detailed project schedule, with start and end dates for work activities and stating a critical path.

The local contractor will provide the Contracting Officer's Representative with weekly work progress reports and construction schedule updates through the duration of the project.

The Contracting Officer's Representative will have final approval of all work performed by the local contractor.

1.B Materials

1.B.1 U.S. Government Provided Materials

The U.S. Government will provide all materials under this contract (minus extra concrete and soil materials). See Attachment 5.

1.C Site and Safety Requirements

1.C.1 Site Installation Oversight

The Contracting Officer's Representative will be on sight to provide design installation oversight for all work under this contract.

1.C.2 Site Preparation

The local contractor will be responsible for cleaning and removing all debris from the Embassy Compound to the nearest authorized dump facility (authorized by the city). The areas affected by the local contractor's work must be returned back to its original conditions after the work is completed (e.g. grass, gravel, sidewalk, landscaping, asphalt etc.).

Irrigation systems within the area of work may be disconnected or bypassed for the length of the project, provided that alternate watering arrangements are in place for periods exceeding four days. Affected irrigation systems will be restored to original functioning conditions after the work is completed, to be verified by U.S. Government personnel.

The local contractor shall limit the site disturbance to a maximum 6 feet (1829 mm) on each side of trench. Excavated material will be placed next to the excavated area to be used as select backfill.

1.C.3 Site Safety

The excavation work zone must be clearly marked with warning signs and yellow plastic safety tape fixed to wood posts. Local contractor must comply with all applicable safety standards to protect the Embassy Compound employees, the public and local contractor workers from injuries and accidents. The local contractor will be held liable for injuries or accidents sustained due to negligence by the local contractor during the course of this project.

1.C.4 Protection of the Embassy Compound Equipment

The local contractor must make sure that the Embassy Compound equipment and property in the work zone or surrounding areas are protected to prevent them from getting damaged during construction. Should any repair or change have to be done due negligence by the local contractor or its workers, the local contractor will be responsible for the costs incurred in the repair.

1.C.5 Embassy Compound Security Requirements

Security clearance is required and the contractor personnel shall be approved by the Embassy Security Office. All contractor personnel are required to submit a visitor release of information form prior to commencement of work for each person before access will be granted to the site. Substitute workforce will also be required to submit the required release form prior to work. During construction, all contracting personnel will be required to be escorted at all times when on the Embassy grounds. Escorts will be provided by the Embassy Engineering Services Office, not to exceed a 3 to 1 ratio.

All work will be completed under escort as designated by Post Security Office.

2) Infrastructure Support System

2.A Hand hole/Underground Conduit System

2.A.1 Trench

The local contractor will verify existing utilities and provide as-built drawings prior to excavating of trench. If the excavation work interferes with drain or piping, the local contractor shall inform the Contracting Officer's Representative and provide suitable protection for these structures prior to proceeding with the work. If excavation cannot proceed due to existing obstacles, then the Contracting Officer's Representative will provide a new conduit route.

All trenches will be excavated to the required width and depth according to specifications and conduit type as shown on drawings. See Attachment 4.

The local contractor must keep all debris and excavated material clear of service network drains, covers and sumps near the trenches to prevent clogs or damage.

Install warning and safety signs to alert pedestrians and vehicle traffic of construction of trench.

Install barricade lines to cordon off work area around trench.

Dispose of excavated material that will not be used to backfill trench.

2.A.2 Hand hole (with drainage)

New lockable hand holes will be installed by the local contractor as specified on detail drawings. See Attachment 4.

All new hand hole(s) will be installed when conduit bends exceed 180 degrees or when conduit runs exceed 200ft and will have proper drainage.

Local contractor will make hole penetrations to the existing manholes according to number of conduits entering and exiting the manhole.

The base of the hand hole(s) shall be placed over base consisting of crushed non-porous rock base or gravel and sand. The gravel size shall not exceed 1/2 inch (13mm).

2.A.4 Conduit

All existing conduit should be left in place.

Under grass, dirt, sidewalk or asphalt, install schedule 80 PVC conduit 24 inches (610mm) below finish grade to the top of the conduit as specified on the drawings. See Attachment 4.

All underground 90 degree bends with a 12 inch (305mm) radius shall be made with pre-fabricated 90 degree sweeping bend.

All underground conduits shall be converted from schedule 80 PVC to RGS after transitioning above ground using PVC to RGS couplers.

Local contractor shall leave a pull line in all installed conduit paths.

Local contractor will install the conduit from the hand hole to hand hole or the exterior pull box as shown on drawings. See Attachment 4.

2.A.4 Junction Box

Local contractor will install junction boxes in all locations shown on drawing. See Attachment 4.

2.A.5 Access Ports

Government provided access ports will be installed on each floor of the embassy, as directed by the Contracting Officer Representative, to allow access to conduits above the drywall ceiling. These access ports will be installed in all locations as shown on drawings. See Attachment 4.

Local contractor will provide for cleaning and repainting the ceiling where the access panels are installed.

2.A.6 Concrete – Pole Foundation

Local contractor will provide labor and materials to repair concrete where disturbed. Concrete color, type and thickness shall match existing.

Concrete used shall be 25 MPA.

Concrete may not be poured if weather conditions do not permit.

Approval from the Contracting Officer's Representative must be obtained 24 hours prior to pouring of concrete. The Contracting Officer's Representative and local contractor crew supervisor must be present during the pouring of concrete.

Concrete Placement

The contractor will comply with requirements and with recommendations in ACI 304R for measuring, mixing, transporting, and placing concrete.

Consolidate concrete by mechanical vibrating equipment supplemented by hand-spading, rodding, or tamping. Use equipment and procedures to consolidate concrete according to recommendations in ACI 309R.

Screed pavement surfaces with a straightedge and strike off. Commence initial floating using bull floats or darbies to form an open textured and uniform surface plane before excess moisture or bleed water appears on the surface. Do not further disturb concrete surfaces before beginning finishing operations or spreading dry-shake surface treatments.

Concrete Finishing

General: Wetting of concrete surfaces during screeding, initial floating, or finishing operations is prohibited.

Float Finish: Begin the second floating operation when bleed-water sheen has disappeared and the concrete surface has stiffened sufficiently to permit operations. Float surface with power-driven floats, or by hand floating if area is small or inaccessible to power units. Finish surfaces to true planes. Cut down high spots, and fill low spots. Refloat surface immediately to uniform granular texture.

Burlap Finish: Drag a seamless strip of damp burlap across float-finished concrete, perpendicular to line of traffic, to provide a uniform, gritty texture

Medium-to-fine-textured broom finish: Draw a soft bristle broom across float-finished concrete surface perpendicular to line of traffic to provide a uniform, fine-line texture

Medium-to-coarse-textured broom finish: Provide a coarse finish by striating float-finished concrete surface 1/16-inch (1.6mm) to 1/8-inches (3MM) deep with a stiff-bristled broom, perpendicular to line of traffic

2.A.7 Soil Materials

Select backfill: ASTM D 2487 soil classification groups SW, SP, and SM, or a combination of these groups; free of rock or gravel larger than 3-inches (75MM) in any dimension, debris, waste, frozen materials, vegetation, and other deleterious matter.

(Asphalt/Concrete) base course: Naturally or artificially graded mixture of natural or crushed gravel, crushed stone, and natural or crushed sand; ASTM D 2940; with at least 95 percent passing A 1-1/2-inch (40MM) sieve and not more than 8 percent passing a 1/4-inch (6.4MM) sieve.

Base Gravel: Naturally or artificially graded mixture of natural or crushed gravel, crushed stone, and natural or crushed sand; ASTM D 2940; except with 100 percent passing a 1-inch (25mm) sieve and not more than 8 percent passing a 1/4-inch (6.4MM) sieve.

Sand cushion: ASTM C 33; fine aggregate, natural, or manufactured sand.

Compaction of soil backfills and fills

Place backfill and fill soil materials in layers not more than 8-inches (203MM) in loose depth for material compacted by heavy compaction equipment, and not more than 4-inches (102MM) in loose depth for material compacted by hand-operated tampers.

Place backfill and fill soil materials evenly on all sides of structures to required elevations, and uniformly along the full length of each structure.

Compact soil materials to not less than the following percentages of maximum dry unit weight according to ASTM D 1557:

- Under structures, building slabs, steps, and pavements, scarify and re-compact top 11-inches (280mm) of existing sub grade and each layer of backfill or fill soil material at 95 percent.
- Under walkways, scarify and re-compact top 6-inches (152MM) below sub grade and compact each layer of backfill or fill soil material at 92 percent.

- Under lawn or unpaved areas, scarify and re-compact top 6-inches (152MM) below sub grade and compact each layer of backfill or fill soil material at 85 percent.
- For utility trenches, compact each layer of initial and final backfill soil material at 85 percent.

3) Definition of Terms

DS - Diplomatic Security

FSE - Facilities Security Engineering

PME - Project Management Engineering

ASTM – American Society for Testing and Materials. This is a book of building standards like the National Electric Code (NEC). ASTM D refers to Section D of the handbook.

PVC – Polyvinyl Chloride

RGS – Rigid Galvanized Steel

SW, SP, SM – These refer to grades of sand or fill as referenced in the ASTM handbook.

J. QUOTATION INFORMATION

A. QUALIFICATIONS OF OFFERORS

Offerors/quoters must be technically qualified and financially responsible to perform the work described in this solicitation. At a minimum, each Offeror/Quoter must meet the following requirements:

- (1) Be able to understand written and spoken English;
- (2) Have an established business with a permanent address and telephone listing;
- (3) Be able to demonstrate prior construction experience with suitable references;
- (4) Have the necessary personnel, equipment and financial resources available to perform the work;
- (5) Have all licenses and permits required by local law;
- (6) Meet all local insurance requirements;
- (7) Have the ability to obtain or to post adequate performance security, such as bonds, irrevocable letters of credit or guarantees issued by a reputable financial institution;
- (8) Have no adverse criminal record; and
- (9) Have no political or business affiliation which could be considered contrary to the interests of the United States.

B. SUBMISSION OF QUOTATIONS

This solicitation is for the performance of the construction services described in SCOPE OF WORK, and the Attachments which are a part of this Request for Quotation (RFQ).

Each quotation must consist of the following:		
Volume	Title	Number of Copies*
I	Standard Form 1442 including a completed Attachment 2, "BREAKDOWN OF PROPOSAL PRICE BY DIVISIONS OF SPECIFICATIONS", completed Section A – "PRICE" and Section L – "REPRESENTATIONS, CERTIFICATIONS AND OTHER STATEMENTS OF OFFERORS OR QUOTERS"	2
II	Performance schedule in the form of a "Bar Chart" and Business Management/Technical Proposal	2

Submit the complete quotation to the address indicated on Standard Form 1442, if mailed, or the address set forth below, if hand delivered.

The Offeror/Quoter shall identify and explain/justify any deviations, exceptions, or conditional assumptions taken with respect to any of the instructions or requirements of this request for quotation in the appropriate volume of the offer.

**** The total number of copies includes the original as one of the copies.***

Volume II: Performance Schedule and Business Management/Technical Proposal.

- (a) Present the performance schedule in the form of a "bar chart" indicating when the various portions of the work will be commenced and completed within the required schedule. This bar chart shall be in sufficient detail to clearly show each segregable portion of work and its planned commencement and completion date.
- (b) Business Management/Technical Proposal shall be in two parts, including the following information:

Proposed Work Information – Provide the following:

- (1) A list of the names, addresses and telephone numbers of the owners, partners, and principal officers of the offeror;
- (2) The name and address of the offeror's proposed project site manager for this project;
- (3) A list of the names, addresses and telephone numbers of subcontractors and principal materials suppliers to be used on the project, indicating what portions of the work will be performed by them; and,
- (4) All licenses and permits required by local law to include WSIB Insurance Certificate, business permit, etc.
- (5) Name of the contractor resident registered/certified/licensed civil engineer or graduate architect or qualified construction supervisor to be assigned under the contract who understand written and spoken English to include resume demonstrating the candidates experience with at least two (2) years in one project similar in scope and magnitude to this requirement where the candidate was a lead person for the contractor or another contractor.

Experience and Past Performance – List all contracts and subcontracts your company has held over the past three years for the same or similar work. Provide the following information for each contact and subcontract:

- (1) Customer's name, address and telephone numbers of customer's lead contract and technical personnel;
- (2) Contract number and type;
- (3) Date of contract award, place(s) of performance, completion dates and contract value;
- (4) Brief description of the work, including responsibilities; and
- (5) Any litigation currently in process or occurring within last 5 years.

C. 52.236-27 SITE VISIT (FEB 1995)

- (a) The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, offerors or quoters are urged and expected to inspect the site where the work will be performed.
- (b) A site visit has been scheduled on August 25, 2015, 10:00 A.M.
- (c) Participants will meet at U.S. Embassy Ottawa, 490 Sussex Drive, Ottawa. Prospective offerors/quoters should contact Reginald Herrick at 613-688-5408 on or before August 21, 2015 for additional information or to arrange entry to the building.

D. MAGNITUDE OF CONSTRUCTION PROJECT

It is anticipated that the range in price of this contract will be between \$25,000 and \$100,000.00.

E. LATE QUOTATIONS. Late quotations shall be handled in accordance with FAR 15.208.

F. 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates the following provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer.

Also, the full text of a solicitation provision may be accessed electronically at: <http://acquisition.gov/far/index.html/> or <http://farsite.hill.af.mil/vffara.htm>. Please note these addresses are subject to change.

If the Federal Acquisition Regulation (FAR) is not available at the locations indicated above, use the Department of State Acquisition website at <http://www.statebuy.state.gov> to access the link to the FAR, or use of an Internet "search engine" (for example, Google, Yahoo or Excite) is suggested to obtain the latest location of the most current FAR.

The following Federal Acquisition Regulation provisions are incorporated by reference (48 CFR CH. 1):

PROVISION TITLE AND DATE

52.204-6	DATA UNIVERSAL NUMBERING SYSTEM (DUNS) NUMBER (JULY 2013)
52.204-7	SYSTEM FOR AWARD MANAGEMENT (JULY 2013)

K. EVALUATION CRITERIA

Award will be made to the lowest priced, acceptable, responsible quoter. The Government reserves the right to reject quotations that are unreasonably low or high in price.

The Government will determine acceptability by assessing the offeror's compliance with the terms of the RFQ. The Government will determine responsibility by analyzing whether the apparent successful quoter complies with the requirements of FAR 9.1, including:

- ability to comply with the required performance period, taking into consideration all existing commercial and governmental business commitments;
- satisfactory record of integrity and business ethics;
- necessary organization, experience, and skills or the ability to obtain them;
- necessary equipment and facilities or the ability to obtain them; and
- otherwise qualified and eligible to receive an award under applicable laws and regulations.

The following DOSAR is provided in full text:

652.209-79 REPRESENTATION BY CORPORATION REGARDING AN UNPAID DELINQUENT TAX LIABILITY OR A FELONY CRIMINAL CONVICTION UNDER ANY FEDERAL LAW (SEPT 2014) (DEVIATION per PIB 2014-21)

(a) In accordance with section 7073 of Division K of the Consolidated Appropriations Act, 2014 (Public Law 113-76) none of the funds made available by that Act may be used to enter into a contract with any corporation that –

(1) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency has direct knowledge of the conviction, unless the agency has considered, in accordance with its procedures, that this further action is not necessary to protect the interests of the Government; or

(2) Has any unpaid Federal tax liability that has been assessed for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency has direct knowledge of the unpaid tax liability, unless the Federal agency has considered, in accordance with its procedures, that this further action is not necessary to protect the interests of the Government.

For the purposes of section 7073, it is the Department of State's policy that no award may be made to any corporation covered by (1) or (2) above, unless the Procurement Executive has made a written determination that suspension or debarment is not necessary to protect the interests of the Government.

(b) Offeror represents that—

(1) It is [] is not [] a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(2) It is [] is not [] a corporation that has any unpaid Federal tax liability that has been assessed for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.
