PJ's Coffee

www.pjscoffee.com

PJ's Coffee® of New Orleans was founded in 1978 by Phyllis Jordan, a pioneer in the coffee industry who demonstrated that better beans, superior roasting techniques, and pure passion for the art of coffee-making truly mattered. PJ's Coffee serves a wide variety of hot, iced and frozen coffee beverages, as well as organic tea and fresh breakfast pastries and sandwiches. PJ's famous iced coffees are brewed daily using a unique cold-drip process that protects the flavor and strength of the beans, while producing a coffee that is far less acidic – a process pioneered by our founder.

We differentiate ourselves by using only the top 1% origin specific Arabica coffee beans. Our Roast Master with 20+ years of experience in small batch (300 pounds or less) roasts our beans by way of an artisan fluid air roaster. We also offer seasonal flavored beans.
