

**Contractor Questions & Answers  
For Solicitation No. SCO150-13-R-N011  
IDIQ for Medical Supplies  
Bogota – Colombia**

**February 15, 2013**

Following is a list of the questions I have received from the contractors participating in the above solicitation. Each question is followed by the Government's response.

**Question #1:** We are interested in submitting a proposal for this program. However, could you please tell us whether this is an all-or-nothing bid, or if we can quote for only part of the items?

**Answer #1:** Our intention is to award the IDIQ to the lowest priced, technically acceptable and responsible offeror. Technical acceptability will be based, in part, on the ability to provide all the items on the list (which we use for medical programs in Colombia).

**Question #2:** Are the following substitutions acceptable? (Questions are included in the Comments column with the Government's response in the Answer Column.) Please note that if you use substitutions in your proposal, you must make note of the substitution (quantity and/or strength) in the Comments section of your spreadsheet.

ITEM ID	DESCRIPTION / DESCRIPCION	UNIT OF MEASURE	COMMENTS	ANSWER
61	FLUIMUCIL - FLUIMUCIL SOBRES 200 MG CAJA X 100	Box	Can we replace with N-Acetil Cisteina 200 mg?	Yes.
