Section 00100 - Bidding Schedule/Instructions to Bidders

STATEMENT OF WORK

STATEMENT OF WORK

ARL OPS CENTER PHYSICAL SECURITY UPGRADES IN APIAY, COLOMBIA

Part 1

General Information

1. GENERAL: This is a repair/replace contract to upgrade existing physical security items and construct additional items to support Air Resources Laboratory (ARL) Operational Center and the installation of the Data Assimilation Research Testbed (DART) building. The Government shall not exercise any supervision or control over the contract providers performing the tasks herein. Such contract employees shall be accountable solely to the Contractor who, in turn is responsible to the Government.

1.1 Scope of Work. The Contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to repair/replace the ARL operational center and DART building as defined in this Statement of Work (SOW) except for those items specified as government furnished property and services. The Contractor shall perform to the standards in this contract. The ARL operational center and DART building upgrades shall include perimeter fence maintenance and addition, new vehicular gate, maintenance and upgrade of access gate, camera system upgrade, gate remote unlocking system, privacy fence, and sidewalks. The work shall include site preparation, trenching, select material filling, masonry, carpentry, and electrical. The work shall comply with all applicable construction and electrical country codes. The Contractor shall obtain all required construction permits before starting construction. The Contractor shall attend a site visit to verify details with the scope of work. Contractors are responsible for verifying dimensions, site conditions, and other information presented in this document before submitting their proposal. The Contractor shall include in his/her proposal all expenses to include material costs, design cost, testing costs, transportation, utilities, transaction fees, incidentals, and any other direct and indirect costs.

The Contractor and their subcontractors shall comply with Colombian Safety regulations and laws. Where project activities are not governed by Colombian regulation, the Contractor shall comply with safety and health requirements as established by EM 385-1-1, by U.S. Army Corps of Engineers.

1.2 Background. This project consists of the upgrades of physical security items of the ARL operational center and DART building at the Apiay Colombian Air Force Base in Villavicencio, Colombia. The ARL operational center and DART building shall meet physical security and army standards as outlined in the ATTP 3-39.32, Physical Security, Unified Facilities Criteria (UFC) 4-022-01, Unified Facilities Guide Specifications (UFGS) 32 31 13.51, UFC 4-022-03 and Military Handbook (MIL-HDBK) 1013/10. US Army South is the executive agent for this installation. US personnel and assets are currently located at the "Comando Aéreo de Combate No. 2" (CACOM 2) installation. The ARL operational center and DART building are critical part of the US missions in Apiay. Continuous attempts to attack or infiltrate the base are common, and this ARL operational center and DART building requires additional protection. US missions are still operating from this location.

1.3 Objective. The objective is to repair/replace physical security items in support to ARL and DART operations located at the Apiay Colombian Air Force Base in Villavicencio.

1.4 Scope. The Contractor shall repair/replace physical security items at the ARL and DART buildings complex in Apiay Colombian Air Force Installation. The Contractor shall furnish all labor, transportation, equipment, materials, and any other necessary infrastructures for repair/replacement of the listed physical security items in this statement of work. Exact location for the ARL operational center and DART buildings will be provided by US ARMY SOUTH representatives during the site visit at the Apiay Colombian Air Force Military Base in

Villavicencio. **See FAR Clause 52.236-27 Site Visit (Construction) under Section 00100 of the solicitation for specific site visit date, time and instructions.**

1.5 Required Delivery of Project. The required delivery of the total project will be 150 calendar days or less from the date of contract award. The Contractor shall start work no later than ten (10) calendar days after contract award. Workday losses due to inclement weather that exceed the amount pre-planned for may be extended on a day for day basis with no monetary compensation. Workday losses for inclement weather are those days which 50% or more of the day is lost. The Contractor shall submit the lost days for review by the contracting officer representative, and approval by the KO. If the KO approves the days lost for inclement weather, the POP will be revised by modification. Without this modification, the POP will remain unchanged. There shall be worksite inspections by the KO and/or COR prior to and upon completion of the project. The stated performance period for completion of both projects shall include final cleanup of each worksite's premises. Any reference in the Statement of Work to "number of days" refers to calendar days.

1.6 General Information.

1.6.1 Quality Control (QC). The Contractor shall develop and maintain an effective QC program to ensure services are performed in accordance with this Statement of Work. The Contractor shall develop and implement procedures to identify, prevent and ensure non-recurrence of defective services. The Contractor's QC program is the means by which he/she assures himself/herself that this work complies with the requirement of the contract. Contractor shall provide a copy of the QC plan to the COR 10 days after contract award. After acceptance of the quality control plan the Contractor shall receive the contracting officer's acceptance in writing of any proposed change to his QC system.

1.6.2 Quality Assurance (QA). The U.S. Government will monitor and inspect the Contractor's performance under this contract using the quality assurance procedures in the Federal Acquisition Regulation (FAR) clause 52.246-12, Inspection of Construction. The Government shall evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan. This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the minimum acceptable defect rate(s).

1.6.3 Recognized Holidays. The Contractor shall not schedule work at any of the worksite locations on U.S. or Colombian holidays or the designated day of holiday observance. The Contractor shall notify the contracting officer representative and installation point of contact if contractor personnel are planning to work on any holiday at the worksite location. Contractor is not required to perform services on the following holidays.

1.6.3.1 U.S. Federal Holidays

January 1	New Year's Day
January 19	Martin Luther King, Jr.
February 16	Washington's Birthday
May 25	Memorial Day
July 4	Independence Day
September 7	Labor Day
October 12	Columbus Day
November 11	Veterans Day
November 25	Thanksgiving Day
December 25	Christmas Day

1.6.3.2. Colombian Holidays

January 12	Feast of the Epiphany
March 19	Saint Joseph's Day
April 5	Holy Thursday

April 6	Holy Friday
May 9	Work Day
May 21	The Ascension Day
June 11	Corpus Christi
June 18	Feast of the Sacred Heart
July 2	Saint Peter and Saint Paul
July 20	Colombia Independence Day
August 7	Boyacá Battle
August 20	Feast of the Assumption
October 15	Race Day
November 5	All Saints Day
December 8	Immaculate Conception Day
December 25	Christmas Day

1.6.4 Hours of Operations. The Contractor shall maintain the following work schedule: Monday through Friday, 7:30 a.m. through 4:30 p.m. except for listed holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. For other than firm fixed price contracts, the Contractor will not be reimbursed when the government facility is closed for the above reasons. The Contractor must at all times maintain an adequate workforce for the uninterrupted performance of all tasks defined within this SOW when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the workforce are essential. The Contractor may schedule other work hours, as necessary, if mutually agreed upon by the Contractor and the COR. The Contractor may schedule other work hours, as necessary, if mutually agreed upon by the Contractor and the COR.

1.6.5 Place of performance. The work to be performed under this contract will be performed at Apiay Colombian Air Force Base in Villavicencio, Colombia. Prior to the commencement of work, access to the installation will be coordinated with the following point of contacts:

POC: Lt Alejandro Alvarez (security office)
 Phone: 314-247-7128
 Email: jaacmf@hotmail.com

1.6.6 Type of Contract. The Government plans to award a Firm Fixed Price contract for this requirement.

1.6.7 Security Requirements. Contractor and all associated sub-contractors employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government/Host Nation representative). The employee performing services under this contract shall also provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services, Security Office or the host nation equivalent.

1.6.7.1 Physical Security. The Contractor shall be responsible for safeguarding all government equipment, information and property provided for Contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured.

1.6.7.2 Key Control. Not applicable.

1.6.7.3 Lock Combinations. Not applicable.

1.6.7.4 Contractor and workforce will take appropriate security measures to protect Government critical and sensitive information. Contractor shall not disclose specifics of services to unauthorized personnel. Contractor will provide sub-contractors only required specifics to accomplish services and/or products delivery. All work related paper products and removable storage material that is received, generated, or stored during the contract will be

destroyed completely when no longer needed to preclude recognition of information. Installation access badges will not be worn outside Government facility where visible to the general public. The Contractor and workforce personnel shall not sketch or take photos of Government facilities or activities, unless related to service to be provided. The Contractor shall not post or discuss government facility activities on any unauthorized public access media. Contractor will immediately report suspicious activities to security personnel.

1.6.8 Special Qualifications. Not applicable.

1.6.9 Post Award Conference/Periodic Progress Meetings. The Contractor agrees to attend any post award conference convened by the contracting activity or contract administration office in accordance with Federal Acquisition Regulation Subpart 42.5. The contracting officer, Contracting Officers Representative (COR), and other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the contracting officer will apprise the Contractor of how the government views the Contractor's performance and the Contractor will apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.6.10 Contracting Officer Representative (COR). The COR will be identified by separate letter. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract; perform inspections necessary in connection with contract performance; maintain written and oral communications with the Contractor concerning technical aspects of the contract; issue written interpretations of technical requirements, including Government drawings, designs, specifications; monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies; coordinate availability of government furnished property, and provide site entry of Contractor personnel. A letter of designation issued to the COR, a copy of which is sent to the Contractor, states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order.

1.6.11 Key Personnel. The following personnel are considered key personnel by the government and resumes shall be submitted for approval within 10 days of contract award: the quality control representative, the project manager, the project engineer/architect, field engineer/architect, project superintendent/foreman and any other engineers leading design (plans or calculations) efforts related to the project. The Contractor shall provide a project engineer/architect who shall be responsible for the performance of the work. The name of this person and an alternate who shall act for the project engineer/architect when they are absent shall be appointed in writing to the KO within ten (10) days of contract award. The project engineer/architect shall have full authority to act for the Contractor on all contract matters relating to daily operation of this contract. The project engineer/architect or alternate shall be available between 7:30 a.m. to 4:30 p.m., Monday through Friday, and Saturdays 8:00 a.m. through 3:00 p.m., except Colombian holidays or when the government facility is closed for administrative reasons.

Minimum qualifications for all key personnel are listed below: The project manager shall have a bachelor's degree in engineering/architecture, maintain a valid Colombian government professional registration, and at least ten (10) years of experience. The project engineer/architect shall have a bachelor's degree in engineering/architecture and maintain a valid Colombian government professional registration, and at least ten (10) years of experience. Field and design engineers/architects shall have a bachelor's degree in engineering/architecture and maintain a valid Colombian professional registration, and at least five (5) years of experience with projects of a similar type and magnitude. The project superintendent/foreman shall have at least three (3) years or three (3) projects of experience with projects of a similar type and magnitude. The Contractor's quality control representative shall have at least five (5) years as a quality control inspector.

1.6.12 Identification of Contractor Employees. Contractor personnel will be required to obtain and wear badges in the performance of this contract.

1.6.13 Contractor Travel. Not applicable.

1.6.14 Other Direct Costs. Not applicable.

1.6.15 Data Rights. The Government has unlimited rights to all documents/material produced under this contract. All documents and materials, to include the source codes of any software, produced under this contract shall be Government owned and are the property of the Government with all rights and privileges of ownership/copyright belonging exclusively to the Government. These documents and materials may not be used or sold by the Contractor without written permission from the Contracting Officer. All materials supplied to the Government shall be the sole property of the Government and may not be used for any other purpose. This right does not abrogate any other Government rights.

All the drawings, specifications, users, operation and maintenance handbooks, manufactures information, and other documents derived from the work, will belong to U.S. Army South and shall be turned over to U.S. Army South, as well as an original and four copies of the final construction and architectural drawings (as-built) (if applicable). Format for the drawings shall be AutoCad 2010 and pdf.

Data and information furnished or referred in this document is for the Contractor's information. The Government will not be responsible for any interpretation of or conclusion drawn from the data or information by the Contractor. The indications of physical conditions in the specifications are the result of site investigations by surveys. The Contractor shall investigate the site condition and availability of transportation to the site. The Contractor shall maintain access to the site during construction and shall repair any bridge or road damage resulting from its operations.

Copy of the electronic files of the projects including solicitation, contract, specifications, project final report, bi-weekly progress reports, surveys, as-built drawings, testing results, and photos shall be submitted in a CD. Two CDs shall be submitted to COR and La Macarena POC.

1.6.16 Organizational Conflict of Interest. Not applicable.

1.6.17 Laws and Regulations.

1.6.17.1 Compliance Required. The Contractor shall, without additional expense to the U.S. Government, be responsible for complying with all laws, codes, ordinances, and regulations applicable to the performance of the work, including those of the host country, and with the lawful orders of any governmental authority having jurisdiction. In the event of a conflict between the contract and such laws, regulations and orders, the Contractor shall promptly advise the Contracting Officer of the conflict and of the Contractor's proposed course of action for resolution.

1.6.17.2 Labor, Health and Safety Laws. The Contractor and their subcontractors shall comply with Colombian Safety regulations and laws. Where project activities are not governed by Colombian regulation, the Contractor shall comply with safety and health requirements as established by EM 385-1-1, by U.S. Army Corps of Engineers. The Contractor shall comply with all local labor laws of Colombia, regulations, customs and practices pertaining to labor, safety, and similar matters, to the extent that such compliance is not inconsistent with the requirements of this contract. The Contractor is responsible for training all personnel to recognize fire and safety hazards. Contractor shall encourage personnel in the performance of their duties to report fire, safety hazards and unsafe conditions to their supervisor.

1.6.18 Licenses and Permits.

1.6.18.1 Contractor Licenses and Permits. The Contractor shall, at no additional cost to the U.S. Government, obtain all licenses and permits required for performance of work. Contractor shall comply with all applicable Colombian laws, rules, and regulations. The Contractor shall submit proper documentation and evidence satisfactory to the Contracting Officer or the contracting officer representative demonstrating compliance with this requirement when directed by the Contracting Officer or contracting officer representative.

1.6.18.2 Subcontractor Licenses and Permits. The Contractor shall inform the Contracting Officer and contracting officer representative in writing that all subcontractors and others performing work at Apiay worksite have obtained all requisite licenses and permits. The Contractor shall submit proper documentation and evidence satisfactory to the Contracting Officer demonstrating compliance with this requirement when directed by the Contracting Officer.

1.6.19 Environmental Protection.

1.6.19.1 In order to present and provide for abatement and control of any environmental pollution arising from the activities in the performance of this contract, the Contractor shall comply with all applicable pollution control and abatement policies, and all applicable provisions of the Colombian Codes and Military Base regulations/laws.

1.6.19.2 Environmental protection action required by this section shall consist of furnishing all labor, materials, and equipment and performing all work required for the abatement and prevention of pollution during and as the result of construction operations under this contract. For the purpose of this specification, environmental pollution is defined as the presence of chemical, physical, or biological elements or agents which adversely affect human health or welfare; unfavorably alter ecological balances; detrimentally impact on biological species and/or their habitat; or degrade the aesthetic and recreational value of the area.

1.6.19.3 The Contractor shall not pollute storm or sewer lines; or swales with fuels, oils, bitumen, calcium chloride, acid, construction wastes; or other harmful materials. It is the responsibility of the Contractor to investigate and comply with all applicable Colombian laws concerning pollution of river and streams. All work under this contract shall be performed in such a manner that objectionable conditions shall not be created in streams through or adjacent to the project areas.

1.6.19.4 Waste material is defined as any material for which no use or reuse is intended and which is to be discarded. Disposal of hazardous waste, containers or components thereof, shall be in a hazardous waste disposal site only and no other location shall be utilized for such disposal. Only hazardous waste sites which are permitted by the US Environmental Protection Agency (EPA), and/or the Government of Colombia shall be utilized for such disposal actions. Contractor shall coordinate with Colombian environmental agencies for disposal/storage activities.

1.6.20 Personnel Safety. The Contractor shall immediately correct all safety deficiencies upon notification of such deficiencies by the Contracting Officer /contracting officer representative and shall notify the Contracting Officer or contracting officer representative of the corrective action taken. The Contractor shall be responsible for the safety of their workers and all visitors at each work site; and shall ensure that all personnel are wearing appropriate safety gear at all times (i.e. safety glasses, helmet, harness, gloves, and safety shoes).

1.6.21 Accident Protection (AP) and Emergency Medical Treatment (EMT).

1.6.21.1 The Contractor shall have competent personnel trained and capable of dealing with minor personnel injuries. The trained and capable personnel shall be able to certify to provide first aid in case of emergency. Contractor shall be responsible to provide AP and EMT to its employees.

1.6.21.2 All work crews, office personnel, and the contracting officer representative shall be provided with information pertaining to the Contractor's arrangements for emergency medical treatment prior to contract start date. This information shall include the following:

Local Hospital:	Name	Phone No.
Local Ambulance:	Name	Phone No.
Local Doctor:	Name	Phone No

1.6.22 Marking of Work Zones. Contractor shall mark all work zones using two lines of plastic yellow security ribbon. Yellow security ribbons shall be 8 cm wide and supported on stakes. Likewise, the project excavation or high accident risk zones shall be signaled with warning signs or fences as protective measurements by the Contractor.

1.6.23 Construction Operations and Storage Areas.

1.6.23.1 Confinement to Authorized Areas. The Contractor shall confine all operations (including storage of materials) on Colombia Government premises to areas authorized or approved by the contracting officer representative. U.S. Government agencies shall have access to the premises for official fire, safety, and security inspections and/or to conduct site visits as authorized by the contracting officer representative

1.6.23.2 Access to Contractor Storage Yard. The Contractor shall only store materials and equipment for the Apiay project at Apiay Air Force Base. The specific worksite location inside the installation will be coordinated with Apiay Department of Public Works or equivalent offices during the pre-performance conference or at a later date.

1.6.24 Contractor Vehicles.

1.6.24.1 Vehicular Access. The Contractor shall, and in accordance with any regulations specified by the **Project Engineer**, use only established site entrances and roadways at both worksite locations.

1.6.24.2 The Contractor shall provide a list of all vehicles used in the performance of this contract for Apiay to include vehicle description, valid vehicle registration number, and identification ID card numbers to the contracting officer representative within five (5) days after contract award and update as the changes occur. ID information will be used by the installation to verify credentials and issue access permits.

1.6.25 Unforeseen Conditions. The Contractor shall conduct aerial, surface, underground or embedded interference survey to avoid damage to pipes, boxes, cables, utility poles, hoses, wells or other elements in the work area. If a potential interference is found, the Contractor shall discuss alternatives with the KO and COR.

PART 2
DEFINITIONS & ACRONYMS

2. **DEFINITIONS AND ACRONYMS**

2.1 **Definitions.**

2.1.1 Calendar Days. Any reference in the Statement of Work to “days” refers to calendar days, rather than business days, unless otherwise specified.

2.1.2 Contractor. A supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

2.1.3 Contracting Officer. A person with authority to enter into, administer, and or terminate contracts, and make related determinations and findings on behalf of the government. Note: The only individual who can legally bind the government.

2.1.4 Contracting Officer's Representative (COR). An employee of the U.S. Government appointed by the contracting officer to administer the contract. Such appointment shall be in writing and shall state the scope of authority and limitations. This individual has authority to provide technical direction to the Contractor as long as that direction is within the scope of the contract, does not constitute a change, and has no funding implications. This individual does NOT have authority to change the terms and conditions of the contract.

2.1.5 Defective Work. A task output that does not meet the standard of performance associated with the SOW.

2.1.6 Deliverable. Anything that can be physically delivered, but may include non-manufactured things such as meeting minutes or reports.

2.1.7 Key Personnel. Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the Key Personnel listed in the SOW. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

2.1.8 Physical Security. Actions that prevent the loss or damage of Government property.

2.1.9 Quality Assurance. The government procedures to verify that tasks being performed by the Contractor are performed according to acceptable standards.

2.1.10 Quality Assurance Surveillance Plan (QASP). An organized written document specifying the surveillance methodology to be used for surveillance of Contractor performance.

2.1.11 Quality Control. All necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

2.1.12 Subcontractor. One that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subContractor.

2.1.13 Work Day. The number of hours per day the Contractor provides services in accordance with the contract.

2.1.14 Work Week. Monday through Friday, unless specified otherwise.

2.2 **ACRONYMS.**

PART 3
GOVERNMENT FURNISHED PROPERTY, EQUIPMENT, AND SERVICES

3. GOVERNMENT FURNISHED ITEMS AND SERVICES.

3.1 **Services.** Not applicable.

3.2 **Facilities.** Not applicable.

3.3 **Utilities.** Not applicable.

3.4 **Equipment.** Not applicable.

3.5 **Materials.** Not applicable.

PART 4
CONTRACTOR FURNISHED ITEMS AND SERVICES

4. CONTRACTOR FURNISHED ITEMS AND RESPONSIBILITIES.

4.1 General. The Contractor shall furnish all supplies, equipment, facilities and services required to perform work under this contract that are not listed under Section 3 of this SOW. All work shall be performed in accordance with manufacturer specifications and instructions for the products and/or materials to be used, and performed by certified personnel such as professional electrical engineers, electricians, and civil engineers. The contractor shall verify existing conditions prior to actual installation of the equipment. The contractor shall comply with special considerations, safety program, required insurance and Military Base regulations.

4.2 Secret Facility Clearance. Not applicable.

4.3 Materials. The Contractor shall provide electrical items, concrete, rebar, fencing material, gate materials, intercom camera, and all required accessories required for the physical security repair/replacement.

4.4 Equipment. The Contractor shall provide all required construction equipment to repair/replace required physical security items for ARL Operational Center and DART buildings.

4.5 Responsibilities of Contractor.

4.5.1 Damage to Persons or Property. The Contractor shall be responsible for all damages to persons or properties at the worksite that occur as a result of the Contractor's own fault or negligence. The Contract shall take proper safety and health precautions to protect the work sites, the workers, the public, and the property of others.

4.5.2 Responsibility for Work Performed. The Contractor shall be responsible for all materials delivered and work performed until final completion and acceptance of the entire project, except for any completed unit of work which may have been accepted in writing under the contract.

4.6 Contractor Records/Progress Reports. The Contractor shall certify all completed work on bi-weekly basis and provide bi-weekly progress report to the KO and contracting officer representative. Bi-weekly report is due every Tuesday, no later than 1300 hrs (1:00 p.m. CST).

4.7 Contractor Work Schedules. Offerors shall include in their technical proposal a complete project management schedule utilizing the Critical Path Method (CPM), Program Evaluation & Review Technique (PERT) or Gantt Chart showing major construction phases (i.e. clearing site, site prep, electrical upgrades, fencing, gates, sidewalks, surveillance cameras, locking items, cleaning for the worksite, final inspection, and punch list correction). These items will become part of the contract at award. Sufficient float time shall be incorporated in the schedule to account for down days due to inclement weather. Contractor shall include quality assurance inspections performed by QA rep at each worksite.

4.8 Progress Meetings. The Contract Manager may be required to meet at least weekly with the KO and/or the contracting officer representative during the first month of the contract period of performance. The Contractor shall be responsible for keeping minutes of these meetings. The written minutes of these meetings shall be signed by the Project Manager, KO and/or the contracting officer representative, and any other individuals in attendance.

4.9 Repair. The Contractor shall repair any damage to the existing grounds, facilities, or property incurred during the course of construction at Apiay to its original pre-existing conditions.

4.10 Safety. The Contractor is responsible for the safety of workers and visitors to the work sites. The Contractor shall ensure that all personnel wear appropriate safety gear at all times; in compliance with all Occupational Safety & Health Administration (OSHA); and ensure local safety regulations are followed at all times. The Contractor

shall provide sanitation for workers in accordance with the latest edition of Corps of Engineers Safety and Health Manual EM 385-1-1 and Colombian safety and health laws. Contractor shall comply with safety and health requirements as established by EM 385-1-1. Information about how to obtain electronic and/or hard copies of this manual is located at the following website: <http://www.usace.army.mil/CESO/Pages/EM385-1-1.aspx>

4.10.1 Prohibition on Asbestos and Lead Based Paints. The Contractor shall not use materials containing Asbestos or Lead Based Paints in this construction project. Upon completion of each construction project, the Contractor shall submit two copies of a Certified Letter to the contracting officer representative stating that no lead based paints or materials containing asbestos were used in this project at Apiay Air Force Base. One copy of the letter shall be filed with project documents in the Resident Engineer's Office and second copy filed in the contracting officer representative project folder.

4.11 Utilities Connections and Excavations

4.11.1 The U.S. Government will not provide any utility connections. It is the Contractor's responsibility to provide any generators required to operate any of its own equipment at its own expense. The Contractor shall be also responsible for providing potable water daily at the construction worksite for all employees at Contractor's own expense. If a water tank truck is planned for this purpose, the Contractor shall be responsible for providing registration information that must be included with Contractor's equipment listing.

4.11.2 Contractor shall be responsible for coordinating excavation with local utility companies and shall take every precaution to avoid damage to underground utilities. Contractor shall be responsible for any damages they incur to the underground utilities and shall repair any construction damages at Apiay worksite at own expense. Contractor shall be responsible for coordinating the connection of potable water, sewage (if available), and electrical power with local utility companies.

4.12 Interruption of Utility Services. Any planned interruptions of utility services (electrical power, water, natural gas, etc.) shall be detailed and coordinated by the Contractor. If the outage affects only the facilities in this contract, the request shall be submitted at least three (3) working days before the planned outage. Contractor shall not interrupt service(s) until approval has been granted by the Apiay Air Force Base Public Works Department. Requests shall include facility/facilities affected, date of scheduled outage, and duration. Requests for interruption of service(s) will not be approved unless all equipment and materials required for the applicable/ particular phase of work are on the job site (s). Interruptions will be granted Monday through Friday for the following times: 7:15 A.M. until 11:00 A.M. and 12:30 P.M. until 4:00 P.M. If weekend (Saturday and Sunday) outages are required or are preferred, such outages shall be coordinated as specified above.

4.13. Contractor Personnel The Contractor shall provide sufficient number of personnel, properly trained and qualified (i.e. certified electricians and foremen), to perform the requirements of this contract at Apiay worksite location.

4.13.1 Project Managers/Superintendents.

4.13.1.1 Project Managers shall be responsible for overall management and coordination of this contract; directing the onsite work; acquiring materials; able to resolve construction issues; and provide information about work progress to the contracting officer representative. The Project Manager shall be highly knowledgeable of the project progress and have a good working knowledge of English (Level III State Department Standards) and Spanish (Level IV State Department Standards or native speaker) sufficiently to be able to communicate effectively. By Good Working Knowledge, the employee should be able to read/speak/write English and Spanish sufficiently to understand agency regulations, operating instructions, memoranda, related material concerning the field of work, prepare correspondence and standardized reports, and to communicate effectively with staff members and the general public. Project Managers shall be available to meet with U.S. Government personnel, designated by the KO, within 30 minutes unless otherwise coordinated with such designated personnel. After duty hours, the Project Managers or designated alternates shall be available within two (2) hours.

4.13.1.2 The Project Managers or alternates shall be physically present at the worksite between the hours of 7:30 am to 4:30 p.m., Monday through Friday, and 7:30 am to 12:00 p.m. on Saturdays, excluding U.S. Federal holidays or Colombian holidays, and any other time work is being performed at the site, as coordinated between the Contractor and contracting officer representative. The Contractor shall provide to the KO and contracting officer representative a phone number for the Project Managers and alternate(s) available during duty and non-duty hours (to include evenings, holidays, and weekends).

4.13.2 Personnel Listing.

4.13.2.1 At the time of award of the contract or when hiring new contract workers, the Contractor shall ensure contractor employees and subcontractor employees performing services under this contract have passed a security check done by the Host Nation Police Department of their residence or the State Police Department of their U.S. residence. Security checks that have been completed as part of a security clearance background investigation, or a previous background check that was a condition of employment, meet this requirement. Documentation of these checks will be made available to the Contracting Officer or Contracting Officer Representative upon request. The Government retains the right to exclude any employee from performance of duties under this contract if a security check reveals information an employee is a security risk. The exclusion of an employee for security reasons will not relieve the Contractor from performance of services required under this contract. If the Government determines additional background checks are required, at a minimum, and upon request from the Government, the Contractor shall provide to the Contracting Officer or Contracting Officer Representative, the following information on any contractor or subcontractor employee performing services under this contract. Required information for each individual on the personnel list for Apiay shall include:

- Full Birth Name
- Married Name (if applicable)
- SSN or local equivalent (ID Card number)
- Place and Date of Birth (city, country)
- Current Address

4.13.2.2 Failure to provide any of the above information may be considered grounds for rejection and/or re-submittal of the application(s). Once the Government of Colombia has completed the security screening and approved the applicants, the Government of Colombia will provide a badge to the individual for access to the applicable worksite. Apiay security officials may revoke this badge at any time due to the falsification of data, or misconduct on the Air Force installation.

a. If a background check on any employee performing services under this contract, whether the check was conducted as a condition of employment or as part of the contract with the Government, reveals any information from any source (including host country law enforcement) of criminal activity by Contractor employees, subcontractors, or subcontractor employees, the Contractor shall immediately:

(1) Notify the Contracting Officer or Contracting Officer Representative of that information; and

(2) Any actions taken against Contractor employees, subcontractors, or subcontractor employees pursuant to this clause.

b. The Contractor shall also immediately-

(1) Notify the Contracting Officer or Contracting Officer Representative of any suspicious activity by Contractor employees, subcontractors, or subcontractor employees the Contractor believes may pose a risk to U.S. or host nation national security or imminent risk of deadly bodily harm to any person;

(2) Any actions taken against Contractor employees, subcontractors, or subcontractor employees pursuant to this clause.

c. Remedies. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of this paragraph may result in-

(1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;

(2) Requiring the Contractor to terminate a subcontract;

(3) Suspension of contract payments;

(4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;

(5) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or

(6) Suspension or debarment.

4.13.3 Contractor Employee Uniforms. The Contractor shall provide to each employee a shirt (all shirts must be the same style and color) with the Contractor's name/logo and contract number. The shirt shall be worn at all times while working at Apiay Air Force Base.

PART 5
SPECIFIC TASKS

5. Specific Tasks:

5.1 General. The Contractor shall repair/replace physical security items for ARL operational center-D-ARST building and the power generation area in Apiay. Technical Exhibit 1 illustrates the ARL operational center and DART building proposed layout. Contractor shall validate all designs with his electrical and structural engineers to ensure meeting electrical and construction codes.

The Contractor shall provide all structural, electrical and architectural plans to the COR for approval within 45 days of award. All plans shall be developed by an engineer certified in that particular discipline, and comply with appropriate codes. The Contractor shall meet with the government bi-weekly and produce design progress reports/meeting minutes and submit to the COR for approval. Once approved all designs shall become part of the contract specifications.

5.2 Site preparation. Contractor shall prepare location of the fencing, driveway, and sidewalk. Preparation includes cut, fill, patch, and drainage slope. Drainage slope shall ensure divert water away from the site. Layout depicting cut, fill, patch, and drains connections shall be submitted to the Contract Officer Representative prior to commencement of work. Contractor shall also provide the layout to installation POCs and get POCs approval in writing.

5.3 Fence, Gate, and slats.

5.3.1 New fence specifications: Contractor shall provide and install approximately 6 linear meters of new fence to extend the ARL SCIF perimeter and allow room for the new DART building. Contractor shall also install approximately 18 linear meters of fence at the power generator location. The fabric for the fence shall match existing fence type and materials. The fabric shall be approximately 2.1 meters high (7 feet) for controlled access areas. The cyclone fence shall be installed outside the area to be protected. The fabric shall be tied to the poles with steel bars and tension bands. The tension bands shall be located every 305 millimeters (mm) (12 in.) intervals center to center. The fabric shall be installed uniformly with bagging, distortions, and or size reduction free. The fabric shall be tied at 305 mm (12 in.) intervals and tied to the poles and tension wires. Tension wires shall meet the requirements and specifications established in the ASTM A 824 Type I or Type II standard with type 2 cover. Tension wires shall be installed along the top and bottom of the fence line and attached to the terminal posts of each stretch of the fence.

All ferrous accessories shall be according to the manufacturer's recommendation. These accessories shall have zinc or aluminum cover/protection. The barbed wire shall have six rows of 12-1/2 gauge wire, zinc or aluminum cover/casting class 3 as indicated in ASTM A 121 or the aluminum cover/casting type 1 as indicated in ASTM A 585. Barbed wire shall have four point wires. All accessories shall be covered/casted according to ASTM A 153 or A 153M unless it is otherwise stated in a separate condition document. Barbed wire shall have four point wires. Barbed wire supporting arms and barbed wire shall be installed as indicated and as recommended by the manufacturer. Supporting arms shall be anchored to the posts in a manner to prevent easy removal with hand tools with 9.5 mm diameter plain pin rivets or, at the Contractor's option, with studs. A minimum of two studs per support arm shall be used. Barbed wire shall be pulled taut and attached to the arms with clips or other means that shall prevent easy removal. Barbed wire shall be installed on the arms of the post as indicated. Barbed wire shall be pulled taut to provide a smooth uniform appearance, free from sag. Barbed wire shall be fastened to line posts at approximately 381 mm intervals unless indicated otherwise.

Pole foundation and fabric base shall be constructed using concrete with 3,000 psi compression at 28 days. The concrete shall meet ASTM C 94 specifications and shall use 19 mm (3/4 in.) select aggregate. Foundation and fabric bases shall be provided at each pole and pedestrian and vehicle gates. Foundation and fabric bases shall be designed for drainage passages and any other special site conditions shall be inspected prior to concrete pour.

The new steel poles shall match the existing pole schedule and installed similar to the existing poles. The poles shall be installed at a minimum depth of 924 mm (3 ft). All poles diameter shall be 1-1/2 inches or to match exiting pole diameter.

5.3.2 Repair Existing Fence. The Contractor shall furnish all labor, transportation, equipment, materials, and any other items necessary to repair approximately 130 meters of existing perimeter fence at the ARL SCIF location. The Contractor shall match existing fence accessories and materials when realizing repairs/replacement works. Fence height is approximately 2 meters. The Contractor shall also repair existing fence concrete base. The Contractor shall replace cyclone fence. Three strand barbed wires shall be installed at the support angle arm. The Contractor shall repair approximately 40% of the existing chain link fence fabric, 30% of existing diagonal bracing and tension wires, 40% of the existing accessories, and, 20% of exiting tubular poles. The Contractor shall remove and replace all existing extension support arm at the top of each post. For sections were the extension support arms are missing, contractor shall provide a new extension arms. The Contractor shall remove existing barbed wire. Three strand barbed wires shall be installed at the new support angle arm. The barbed wire shall be 12-1/2 gauge wire, zinc or aluminum cover/casting, class 3 as indicated in ASTM A 121 or the aluminum cover/casting type 1 as indicated in ASTM A 585. Barbed wire shall have four point wires. All accessories shall be covered/casting according to ASTM A 153 or A 153M unless it is otherwise stated in a separate condition document.

Contractor shall ensure fence bottom is not more than 50 millimeters from the finishing ground. The tension wire shall be stretched at both bottom and top of fence.

5.3.3 Access Gates: One new vehicular gate is needed in the ARL SCIF and D-ARST complex and one new vehicular gate at the power generator area. The new vehicular gates width is approximately 3.6 meters. The new vehicular gate frame shall meet ASTM F 1083 standard with steel poles, type A water proofing, and a nominal diameter of 2 in. The gate frame shall be made as per ASTM F 1043 standard to meet resistance and protection requirements. The same fabric material used for the fence shall be used for the gates. The gates that are wider than 2.44 m (8 ft) wide shall have the intermediate elements and tensors to avoid curved or bagged fabric. The fabric shall fit the gate according to the manufacturer, but no welding shall be permitted. The Contractor shall be responsible of supplying all the accessories necessary for the functioning and operation of the gates according to the industry standards.

An existing 1-meter wide pedestrian gate shall be repaired. Repairs shall include hinges replacements, frame adjustment and correction, and mesh stretch.

5.3.4 Fence Slats. The Contractor shall also provide and install approximately 2.4 meters x 240 meters of privacy fence slats. The privacy fence slats shall be installed at the existing and new ARL SCIF perimeter fence to eliminate direct visibility from the outside of the compound. Existing chain link fence mesh size is about 51 millimeters by 51 millimeters. The privacy fence strips shall slide in vertically between curvatures created by woven chain link diamonds. Top lock horizontal strips or winged strips are recommended to secure the vertical strips in place. The Contractor shall provide army green privacy fence strips. The strips shall fit the existing mesh openings. The privacy fence strip can be made of PVC or High Density Polyethylene (HDPE) with color pigments and ultra violet (UV) inhibitors to retard the harmful effects of the sun and lengthen the life of the product. The privacy fence strips shall be resistant to severe weather conditions, salt water, sand, road dirt, most acids, alcohol, alkaline, ammonia, petroleum distillates, and common environmental pollutants. Minimum material properties shall be as follows:

- Melt index of 0.6 to improve stress and crack resistance;
- Density range from 0.914 to 0.960 to yield maximum stiffness without becoming too brittle;
- Minimum temperature of -57oC and maximum temperature of 121oC; and
- Tensile strength of 25,510Kpa.
- Transparency

The Contractor is responsible for verifying dimensions of the chain link fence mesh size.

5.4 Locks, Gate Opener, Buzzer, and Intercom.

5.4.1 Locks. Contractor shall replace the existing access gate lock. Contractor shall provide and install four (4) keyless double push button access locks (similar to cipher locks). The locks shall be designed for access by combination outside and inside. The locks shall have a heavy duty cylindrical housing and shall meet Americans with Disabilities Act (ADA) requirements 16 mm throw latch carries a 3-hour UL/ULC fire rating door. The locks shall have a 70 mm backset with floating front. It shall include two keys for changing combination. The lock shall have a one (1) hand 5-button unlocking configuration. Technical Exhibit 2 shows keyless lock sample. Contractor shall provide a housing to protect keyless lock from the weather. Contractor shall provide and install a keyless double push button access locks.

5.4.2 Gate opener. Contractor shall provide and install an automatic gate opener motor with accessories to open and close the 2.2 m x 3.7 m gate at the ARL-D-ARST area. The gate shall slide to open and close. Contractor shall provide a 1/2-horse power. Contractor shall provide the required chain, rollers, rails, and accessories to have an operational gate.

5.4.3 Buzzer. Contractor shall provide and install four post mounted keypads. One keypad shall be installed at the left side of the lane (outside of perimeter fence). Second keypad shall be installed at the left side of the lane (inside of perimeter fence). Keypads shall be able to program entry/exit codes using the numbered pad. The keypad shall be housed in a heavy duty and weather resistant metal enclosure with stainless steel faceplate and numbered pad. Each keypad shall be installed on a 1 meter high post mount. Post mount shall have a 305 mm extension arm with mounting plate at the end of the arm, and a base plate for its installation. The thickness of the post mount and its components shall be 6.35 mm. Mounting plate and post shall provide entry for keypad electrical wire connection. Electrical wire shall be concealed and underground. Contractor is responsible to provide all accessories and infrastructure for keypad electrical connections. Contractor shall provide an intercom with camera on top of the keypad at the outside the fence location.

5.4.4. Intercom. Contractor shall provide four intercom with camera on top of the keypad at the outside the fence location. The intercom shall have day and night camera with video and audio capabilities. Contractor shall provided an intercom unit outside and inside a predetermine location. Contractor shall provide CAT5 wires and required accessories to have the intercom operational.

5.5 Motion sensor lights. Contractor shall replace 10 existing motion sensor lights. The new motion lights shall have detection angle of 140 degree adjustable horizontal zone. It shall have head that can tilt and swivel 270 degrees horizontal and 65 degree vertical aiming capability. Motion sensor shall reach 40 feet when mounted at 8 feet height. Motion sensor shall have dual lens to detect motion beneath the sensor. It shall have built-in surge protection with auto-reset. Lens shall be distortion free and watertight. Lamps and motion sensors shall be outdoor type. Lamp shall use up to 150 watt light bulb/tube. Light shall shut off 2 minutes after last detected movement. The contractor shall also be responsible for providing all labor and material for this project, to include electrical wire and connecting power. Contractor shall replace any damage electrical wiring and cables and/or or conduit. Contractor shall only use approved Underwriters Laboratory (UL) tested materials for this project. Only certified electrician shall conduct electrical connections. Contractor shall be responsible of all required electrical connections to have operational motion sensor lights.

5.6 Sidewalks and driveway.

5.6.1 Sidewalks. Following site prep, contractor shall pour a new 102 mm concrete sidewalk, which shall be approximately 210 linear meters. Sidewalk shall be 1 meter wide. The sidewalk shall be constructed of 210 Kg/square cm concrete. Contractor shall provide and install welded reinforcement wire mesh 100 millimeters by 100 millimeters (4gauge). Contractor shall provide welded reinforcement mesh at 51 mm from the prepared subgrade. The steel and reinforced work shall comply with the American Society for Testing Materials (ASTM A615 and/or A615M) standards for steel. Water cement ratio (weight of water/weight of cement) shall not exceed 0.5. Contractor shall use concrete Type I or II. The Contractor shall submit specification for concrete additives to the project engineer (COR) for approval prior to pouring the concrete.

5.6.2 Driveway. Contractor shall pour a new 152 mm concrete driveway. Driveway is approximately 3.6 meters by 6 meters. The sidewalk shall be constructed of 246 Kg/square cm concrete. Contractor shall provide and install welded reinforcement wire mesh 100 millimeters by 100 millimeters (4gauge). Contractor shall provide welded reinforcement mesh at 51 mm from the prepared subgrade. The steel and reinforced work shall comply with the American Society for Testing Materials (ASTM A615 and/or A615M) standards for steel. Water cement ratio (weight of water/weight of cement) shall not exceed 0.5. Contractor shall use concrete Type I or II. The Contractor shall submit specification for concrete additives to the project engineer (COR) for approval prior to pouring the concrete.

5.7 Storage relocation. Contractor shall relocate an existing storage. The storage is approximately 3 meters by 6 meters. Proposed new location for this storage will inside Apiay Base and will be determine by final user. Contractor shall provide required electrical connections. Storage shall be installed on the concrete pad (approximate 3 meters by 6 meters). Contractor shall clean and paint the storage and repairs windows and doors.

5.8 Final clean up and finishes. The Contractor shall do a final cleaning to include disposal of debris resulting from construction as well as dispose of containers for the materials used during construction. All debris and garbage, excavation materials, debris from the construction, as well as the garbage created by the containers for the materials, such as boxes and bags shall be removed. All the grass that grows in the construction lot during construction shall be cut and clippings moved to the municipal dumps by Contractor.

The Contractor shall remove all trash, debris, or surplus materials from the work site and shall leave the work site clean of all debris when work is completed. The Contractor shall maintain the work site in a neat, orderly, and safe condition at all times. The Contractor shall remove debris on a daily basis. The Contractor shall remove all tools, supplies, equipment, and debris upon completion of the contract. Contractor shall coordinate with local Colombia Government agencies to dispose materials in their landfills or designated areas.

5.9 Temporary construction. Contractor shall remove temporary construction of offices, bathrooms, storage areas, and any other construction of a temporary nature from the site as soon as the progress of the project permits. Those places in the grounds occupied by said constructions shall be reconditioned properly, level, and reestablished to its original condition of better. It is recommended to the Contractor to take photos of the original conditions and after construction is completed.

5.10 Warranty. Contractor shall warrant its work against faulty workmanship for a period of not less than one year from the date of Government acceptance of the work provided under this contract. Under this warranty, contractor shall be prepared to return to the work site within one working day after notification without charge to make any necessary repairs as a result of faulty workmanship. Refer to FAR Clause 52.236-5, Warranty of Construction.

PART 6
APPLICABLE PUBLICATIONS

6.1. The Contractor must abide by all applicable regulations, publications, manuals, and local policies and procedures. Unless otherwise specified, dictated by local government standards and conditions, or noted hereinafter, the design, and installation of all electrical equipment, materials, components, devices, and construction techniques and procedures shall conform to the Colombian Building Codes and International standard practices; or if local codes are not available, to the following codes, regulations, standards and recommended practices (latest edition at time of request for proposals shall govern). Contractor shall use the latest code referring in this section.

ATTACHMENT/TECHNICAL EXHIBIT LISTING

7. Attachment/Technical Exhibit List:

7.1 Technical Exhibit 1-APIAY physical security sketch.pptx

7.2 Deliverables Schedule. Technical Exhibit 2.

7.2.1 Deliverables upon Completion of Project. The Contractor shall deliver the following items:

TECHNICAL EXHIBIT 2

DELIVERABLES SCHEDULE

<u>Deliverable</u>	<u>Frequency</u>	<u># of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
1) 7.1.1 Contractor shall provide work schedule. Refer to paragraph 4.7 for additional information.	With contractor's proposal	One copy, with contractor's proposal	Electronic copy, MS Word, Excel, or pdf.	Contracting officer representative, rosa.l.santoni.civ@mail.mil; and KO, _____
2) 7.2.1 Contractor shall provide a copy of the QC plan. See paragraph 1.6.1 for additional information.	Deliverables after Contract Award	One copy, 10 days after contract award	Electronic copy, MS Word, Excel, or pdf.	Contracting officer representative, rosa.l.santoni.civ@mail.mil; and KO, _____
3) 7.2.2 The Contractor shall provide a list of all vehicles used in the performance of this contract. Refer to paragraph 1.6.24.2 for additional information.	Deliverables after Contract Award.	One copy, 10 days after contract award	Electronic copy, MS Word, Excel, or pdf.	Contracting officer representative, rosa.l.santoni.civ@mail.mil; and KO, _____
4) 7.2.3 The Contractor shall provide personnel listing of all workers and supervisors assigned to both projects (Biographic Data on Personnel). Refer to paragraph 4.13.2.1 for additional information.	Deliverables after Contract Award.	One copy, 5 days after contract award	Electronic copy, MS Word, Excel, or pdf.	Contracting officer representative, rosa.l.santoni.civ@mail.mil; KO _____; and U.S. Army South Anti-Terrorism Officer, jose.m.oliveriresto.civ@mail.mil.
5) 7.3.1 Contractor shall provide bi-weekly progress	Deliverables after Notice to Proceed	One copy, reports are due every other Tuesday throughout	Electronic copy, MS Word, Excel, or pdf.	Contracting officer representative, rosa.l.santoni.civ@mail.mil

<u>Deliverable</u>	<u>Frequency</u>	<u># of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
reports. See paragraph 4.6 for additional information.		the period of performance on the contract.		mail.mil; and KO, _____
6) 7.3.2 Contractor shall submit two copies of a Certified Letter to the contracting officer representative stating that no lead based paints or materials containing asbestos. See paragraphs 4.10.1 for additional information.	Deliverables after Notice to Proceed (NTP)	One copy, 20 days after NTP	Electronic copy, MS Word, Excel, or pdf.	Contracting officer representative, rosa.l.santoni.civ@mail.mil; and KO, _____
7) 7.3.3 The Contractor shall submit the specifications of the fence, gate, and slats. See paragraph 5.2 for additional information.	Deliverables after Notice to Proceed (NTP)	One copy, 10 days after NTP	Electronic copy, MS Word, Excel, or pdf.	Contracting officer representative, rosa.l.santoni.civ@mail.mil; and KO, _____
8) 7.3.4 The Contractor shall submit the specifications of the locks, gate opener, buzzer, and intercom with camera. See paragraph 5.3 for additional information.	Deliverables after Notice to Proceed (NTP)	One copy, 10 days after NTP	Electronic copy, MS Word, Excel, or pdf.	Contracting officer representative, rosa.l.santoni.civ@mail.mil; and KO, _____
9) 7.3.5 The Contractor shall submit the specifications of the motion sensor lights. See paragraph 5.4 for additional information.	Deliverables after Notice to Proceed (NTP)	One copy, 10 days after NTP	Electronic copy, MS Word, Excel, or pdf.	Contracting officer representative, rosa.l.santoni.civ@mail.mil; and KO, _____
10) 7.4.1 Copy of the electronic files of the projects including solicitation, contract, specifications, project final report, bi-weekly progress reports, surveys, as-	Deliverables upon Completion of Project	During final inspection.	Electronic copy, 3 DVDs or CDs.	Contracting officer representative, rosa.l.santoni.civ@mail.mil; and KO, _____; and Colombian POC.

<u>Deliverable</u>	<u>Frequency</u>	<u># of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
built drawings, testing results, and photos. See paragraphs 1.6.15 for additional information.				
11) 7.4.2 Failure to provide requested deliverables as specified above shall be cause for withholding progress payments and/or final payment until all deliverables have been received by the contracting officer representative.	Deliverables upon Completion of Project	During final inspection.		Contracting officer representative, rosa.l.santoni.civ@mail.mil; and KO, _____

INSTRUCTIONS TO OFFERORS

INSTRUCTIONS TO OFFERORS

1. GENERAL. This procurement will be awarded as a Lowest Price, Technically Acceptable (LPTA) contract, considering past performance. The Government intends to evaluate offers and award a single contract without discussions with Offerors, except for clarifications as described in FAR Subpart 15.3. Therefore, the initial offer should contain the Offeror's best terms from a price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. In the event that discussions are held, a competitive range determination will be made. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. The Government may reject any or all responses if such action is in the public interest and/or waive informalities and minor irregularities in the submitted offers. The Government reserves the right to cancel this RFP and make no award. By submitting a proposal in response to this RFP, the Offeror understands that the Government shall not be liable for any costs incurred by the Offeror in preparing that response.

2. PROPOSAL DELIVERY. All responses shall be in English (or include an English translation), legible and prepared in the following general format to be properly evaluated. Responses must be complete, self-sufficient, and respond directly to the requirements of this RFP.

a. Electronic Submission. The Offeror shall provide a copy of their proposal as an electronic file. The proposal shall be written using Microsoft Office, Adobe PDF, and AutoCad software. The proposal shall be emailed on or before the solicitation closing date/time as stated in **Block 13(A) of the SF1442** to the following:

Annabelle Miller

Contracting Officer

annabelle.miller@tcsc.southcom.mil

Rosalba Mateus Contracting Specialist mateusr@tcsc.southcom.mil

If the file is too large to send by email, contact the Contracting Officer and/or the Contracting Specialist to deliver for physical acceptance prior to the solicitation closing date/time.

b. Solicitation Questions. Questions regarding this solicitation shall be submitted in writing via e-mail to the Contracting Officer at annabelle.miller@tcsc.southcom.mil and to the Contracting Specialist at mateusr@tcsc.southcom.mil. The Government will respond to questions received from prospective offerors by **16:00 PM local time (Bogota) on 27 May, 2014**. The Government reserves the right not to respond to any questions concerning this solicitation received after the question receipt date and time above. Accordingly, Offerors are encouraged to carefully review all solicitation requirements and submit questions to the Government early in the proposal cycle.

c. Amendments Prior to Solicitation Closing Date/Time. The Government reserves the right to amend the solicitation specifications and/or drawings prior to receipt of offers. Any changes will be provided through an amendment to the solicitation.

d. Exceptions. If the Offeror takes exception to any of the requirements specified in this solicitation, the Offeror shall clearly identify each such exception and include a complete explanation of why the exception was taken and what benefit accrues to the Government. All exceptions to the solicitation requirements (Sections 00010 through 00800) and supporting rationale shall be included as an addendum to the proposal and clearly labeled "Exceptions". An addendum is only required if the Offeror takes exception to any requirement in the solicitation. The Addendum does not have a page limitation, but shall only include information relevant to exceptions taken to the solicitation requirements. The Government will assume an Offeror takes no exceptions to any solicitation requirement if the Offeror does not submit an Addendum identifying such exceptions. Offerors are advised that solicitation requirements are not necessarily negotiable and such exceptions may render an Offeror's proposal unacceptable and ineligible for award.

3. QUALIFICATION OF OFFEROR. Offerors must be financially, socially and ethically responsible to perform the work described in this solicitation. At a minimum, each Offeror must meet the following requirements:

- a. Have an established business with a permanent address and telephone listing.
- b. Have the necessary personnel, equipment and financial resources available to perform the work;
- c. Have all licenses and permits required by local law;
- d. Have no adverse criminal record;
- g. Have no political or business affiliation which could be considered contrary to the interests of the United States.

4. SUMMARY OF INSTRUCTIONS.

Section Title

00010	Executed Standard Form 1442
00010	Priced Line Items 0001 through 0002
00100	Attachment – Breakdown of Price Proposal
00100	Technical/Past Performance/Price Proposal
00600	Completed Representations/Certifications

Any deviations, exceptions, or conditional assumptions taken with respect to any of the instructions or requirements of this solicitation shall be identified and explained/justified in the offer.

5. PROPOSAL CONTENTS. Each Offeror's proposal shall be submitted as set forth below and all information shall be confined to the appropriate part to facilitate independent evaluation. Proposals, which do not include the requested minimum information, may be eliminated from further consideration at the Government's discretion. .

Proposal sections shall be labeled as such i.e., Section I – Price; Section II-Technical; Section III Past Performance.

a. Section I - Pricing Information and Required Documents

(1) Limit to three (3) or less double sided pages.

(2) Offerors shall provide all pricing information necessary to provide a meaningful basis for the Government's analysis and evaluation of price for the project set forth in Section 00100 of this solicitation. The Government is not, and does not intend to request certified cost or pricing data. Offerors may be required during the evaluation process to provide sufficient price information that will enable the Government to perform a meaningful evaluation.

(3) A complete response shall consist of a price response to include the pricing sheet (Breakdown of Price Proposal) in Excel format and a cover sheet. The Offeror shall provide their response with a cover sheet that contains the company's name, address and telephone number, name and title of the person authorized to sign and negotiate the contract and appropriate dollar threshold, and the offer validation period of 120 days.

(4) To be considered responsible, an Offeror must be in compliance with FAR 9.104(1)a. To demonstrate this aspect of Responsibility, Offerors shall provide a bank reference from its bank with information of the Offeror's financial standing (i.e., satisfactory accounts, outstanding loans, and line of credit).

(5) Offer and Section 00010. Complete in its entirety the "Offeror" portion of the Standard Form (SF) 1442 contract line items pages 0001 through 0003 as applicable. An official having the authority to contractually bind the offering company must sign the SF 1442 in accordance with FAR 4.102. One copy of the SF 1442 is required to have an original signature.

Standard Form 1442 - Complete blocks 14 through 20C

Blocks 14 through 15 – Complete all offeror contact information.

Block 17 – Add offer acceptance date and total price information. Total price from all line items taken from the "pricing breakdown schedule" attachment, and include the schedule itself with the proposal. The tax listed on the price list shall not be calculated as part of the total price. The USMILGP is a tax exempt organization.

Block 18 – No bonds required.

Block 19 - Amendments – Acknowledge receipt of amendments by signing any amendments issued during this solicitation, and entering the amendment numbers and dates in the spaces provided. Submit a copy of the amendments to acknowledge receipt.

Block 20A through 20C – Add name and title of authorized person, signature, and date.

(6) Section 00010. The Offeror shall submit with their proposal a completed pricing breakdown schedule (template included as Attachment 1); otherwise, the Offeror's proposal shall be considered nonresponsive. The Offeror shall insert their price totals from their pricing breakdown schedule in the corresponding SF 1442 contract line item.

(7) Section 00600 Representations and Certifications. Complete and submit the required Representations and Certifications and return only those shown in Section 00600.

b. Section II – Technical Response

(1) No page limits on the project schedule or the equipment/manufacturing specification sheets and warranty information.

(2) Project Schedule. Offerors shall include in their technical proposal a complete project management schedule utilizing the Critical Path Method (CPM), Program Evaluation & Review Technique (PERT) or Gantt chart showing the major construction phases stated in Part 5 of the Statement of Work: (1) Site Preparation; (2) Fence, Gates and Slats; (3) Locks, Gate Opener, Buzzer and Intercom; (4) Motion Sensor Lights; (5) Sidewalks and Driveway; (6) Storage Relocation; (7) Final Cleanup and Finishes; (8) Removal of Construction of a Temporary Nature. The project schedule shall include float time within the 150-day maximum to account for down days due to inclement weather or other potential non-work situations. The proposed schedule shall include quality assurance inspections at the critical milestones of the project including site preparation, construction/installation work, and any separately identified unique repair efforts. The project schedule shall have expected completion dates, execution time of each phase, and a mid-point completion of project.

(3) Proposed Equipment/Materials Specifications: The Offeror shall provide a list and description / specifications of materials and products to be used to assure offeror understands required compliance for this project. The list shall include warranty information.

c. Section III – Past Performance Information

(1) No more than three (3) double sided pages of written material shall be submitted for each project. Photographs may be provided, however, submission shall not exceed the page limit of written material.

(2) Provide any information currently available (letters, customer surveys) which demonstrate customer satisfaction with overall job performance and quality of completed services for three (3) relevant contracts of same or similar type completed within the past three years. Past Performance information shall be submitted in English.

(3) Explain corrective actions taken in past, if any, for substandard performance and any current performance problems such as cost overruns, extended performance periods, customer complaints, or personnel problems/issues.

(4) References. In addition to past performance information above, provide a list of three relevant contracts that clearly demonstrate prior experience in construction projects. These reference projects shall be:

- (a) Physically completed within the past three years.
- (b) Similar in magnitude to the magnitude amount in this solicitation (US\$ amount).
- (c) Similar in construction features.

(5) Provide the following information for each contract or project reference included in the list above and describe customer's name, address, and telephone numbers of customer's lead contract and technical personnel.

- (i) Contract value, number and type
- (ii) Date of contract award, place(s) of performance and completion dates
- (iii) Brief description of the scope of work including responsibilities
- (iv) Comparability to the work under this solicitation
- (v) Brief discussion of any major technical problems if any, and their resolution
- (vi) Method of acquisition (fully competitive, partially competitive, or noncompetitive), and the basis for award (price, technical merit, etc.)
- (vii) Any terminations (partial or complete) and the reason (convenience or default)

(6) If more than three (3) projects are submitted, only the three (3) most recent will be evaluated. The projects may be contracts for the U.S. Government or other clients.

BASIS OF AWARD**BASIS OF AWARD**

A. BASIS OF AWARD. The award will be evaluated on a Lowest Priced, Technically Acceptable (LPTA) basis, considering past performance. Subject to the provisions contained herein, the Government intends to award a single contract resulting from the solicitation, to the Offeror whose response conforms to the Statement of Work and is technically acceptable, and provides the lowest total price for the actual contract line items awarded.

B. EVALUATION FACTORS. Each offeror's response will be evaluated Acceptable/Unacceptable. Any factor or sub-factor rated as "unacceptable" will result in an overall factor rating of "unacceptable". Factor III - Price will not be scored or rated. Evaluation of price will be performed using one or more of the price analysis techniques in FAR 15.404-1(b).

1. Factor I - Technical criteria elements consist of the following:

(a) Project Schedule: The offerors' project schedule will be evaluated to ensure performance will be completed on time IAW the contract period of performance and that the offeror has demonstrated a clear understanding of the project. As a minimum, the following will be evaluated:

- (1) Meeting the minimum 150-day schedule
- (2) Identifying a critical path that shows the essential elements that must be accomplished prior to the start of follow on work
- (3) Clearly identifies Government inspection and permit approval time
- (4) Includes Colombian holidays and slack time planned for weather or local security related delays.

(b) Proposed Equipment/Materials Specifications: The offeror's proposed material and equipment will be evaluated to ensure that the proposed choices have the potential to meet the specifications of the SOW and the solicitation. The material specifications shall include the manufacturers' warranty information. All equipment and materials shall still require a submittal for the Contracting Officer and the Government Technical Representative's approvals as outlined in the project specifications

(c) References: The offerors' references will be evaluated for:

- (1) Physical completion within the past three years
- (2) Similar in magnitude to the disclosure of magnitude amount on Page 1 of the solicitation
- (3) Similar in construction features to the specifications provided in the solicitation.

2. Factor II – Past Performance. The Government will evaluate the Construction projects or contracts submitted in order to evaluate both past performance and experience. Past performance relates to how well a Contractor has performed on previous contracts. Experience pertains to the types of work and volume of work previously or currently being performed by the Contractor that are comparable to the types of work envisioned by this requirement in terms of size, scope, complexity, and their relevancy. The Government may contact references to verify experience and past performance. If the Government is aware of contracts that meet the requirements of this solicitation but have not been included in the three (3) contracts submitted, it may evaluate those contracts in

addition to those submitted. In the event an offeror has no relevant past experience, Offeror's may submit past performance information for the key personnel proposed. If an offeror, or the proposed employees for the offeror do not have a past performance history relating to this solicitation, the offeror will not be evaluated favorably or unfavorably on the factor (rating will be unknown or acceptable). In order to be considered for award, the offeror's past performance rating must be evaluated as acceptable. In conducting the Past Performance evaluation, the Government reserves the right to use both the information provided in the offeror's Past Performance submittal and information obtained from other sources, such as the Past Performance Information Retrieval System (PPIRS) or similar systems, Defense Contract Management Agency (DCMA) and commercial sources.

3. Factor III – Price

(a) Price will not be assigned an adjectival rating; however, proposed prices evaluated as unreasonably high may be grounds for eliminating an offer from the competitive range. Price will be evaluated to determine if the offeror's proposed price is fair, reasonable, and balanced utilizing price analysis techniques in accordance with the guidelines in FAR 15.404-1(b). Supporting documentation shall be included in the price submission, which includes the price breakdown schedule of the prices.

(b) Unless otherwise specified, offerors shall submit prices for all CLINs. Failure to submit a price for any CLIN/sub-CLIN shall result in the proposal being considered unacceptable

C. EVALUATION APPROACH. The evaluation processes consists of two parts: (1) Technical evaluation and (2) Past Performance evaluation. Price will be evaluated separately from Technical and Past Performance evaluations.

1. All factors will be evaluated based on how well the proposal addresses the solicitation requirements. Based on an offeror's proposal the Government will assign a Technical Criteria Rating of Acceptable or Unacceptable Rating and a Past Performance Risk Rating of Acceptable or Unacceptable (defined under Proposal Rating Scheme in Para D and E below) to each Factor and criteria element. The Technical Evaluation focuses on how the proposed approach meets the minimum solicitation requirements.

2. All proposals shall be subject to evaluation by a team or member of technical evaluators. Each evaluator will independently evaluate each proposal. Thereafter, the results of the independent evaluations are merged into a final evaluation report. The evaluation report must represent a consensus of opinion of the members and be signed by each member.

3. Technically acceptability will include a review of Factor I – Technical (Specifications and the Project Schedule) and Factor II – Past Performance.

4. Total evaluated price shall be the basis for evaluating price for contract award decision purposes. Total evaluated price shall be determined by adding the proposed prices on all CLINs/items stated in the solicitation. In the event the unit price (s) and extended price(s) are ambiguous, the Government shall use the indicated unit price(s) for evaluation and award purposes. The Government reserves the right to make an award on any item of a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal. DBA insurance will not be included in evaluating price.

D. TECHNICAL MERIT ADJECTIVAL RATING SCHEME. The following is the Technical Merit Adjectival Rating Scheme for evaluation of Technical Proposal.

ACCEPTABLE – Proposal clearly meets the minimum requirements of the specifications outlined in the solicitation.

UNACCEPTABLE – Proposal does not clearly meet the minimum requirements of the specifications outlined in the solicitation.

E. PAST PERFORMANCE RATING SCHEME: In the evaluation of Past Performance, the evaluators will use the following adjectives and related definitions to define the past performance risk the Offeror poses.

ACCEPTABLE – Based on the offeror’s performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or the offeror’s performance record is unknown (See Note Below).

UNACCEPTABLE – Based on the offeror’s performance record, the Government has no reasonable expectation that the offeror will be able to successfully perform the required effort.

Note: In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, the offeror may not be evaluated favorably or unfavorably on past performance (see FAR 15.305 (a)(2)(iv)). Therefore, the offeror shall be determined to have unknown past performance. In the context of acceptability/unacceptability, “unknown” shall be considered “acceptable.”

CLAUSES INCORPORATED BY FULL TEXT

52.204-6 DATA UNIVERSAL NUMBERING SYSTEM NUMBER (JULY 2013)

(a) Definition. Data Universal Numbering System (DUNS) number, as used in this provision, means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities, which is used as the identification number for Federal Contractors.

(b) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “DUNS” or “DUNS+4” followed by the DUNS number or “DUNS+4” that identifies the offeror's name and address exactly as stated in the offer. The DUNS number is a nine-digit number assigned by Dun and Bradstreet, Inc. The DUNS+4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional System for Award Management records for identifying alternative Electronic Funds Transfer (EFT) accounts (see Subpart 32.11) for the same concern.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number--

(i) Via the Internet at <http://fedgov.dnb.com/webform> or if the offeror does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The offeror should indicate that it is an offeror for a U.S. Government contract when contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business name.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company physical street address, city, state and Zip Code.

(iv) Company mailing address, city, state and Zip Code (if separate from physical).

(v) Company telephone number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(End of provision)

52.233-2 SERVICE OF PROTEST (SEP 2006)

(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from

Regional Contracting Office (RCO) - Bogota
U.S. Embassy – Bogota
MILGP Unit 5140
APO AA 34038

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

(End of provision)

ADDENDUM

52.233-4703 HQ, AMC-LEVEL PROTEST PROGRAM

If you have complaints about this procurement, it is preferable that you first attempt to resolve those concerns with the responsible Contracting Officer. However, you can also protest to Headquarters, AMC. The HQ, AMC-Level protest Program is intended to encourage interested parties to seek resolution of their concerns within AMC as an Alternative Dispute Resolution forum, rather than filing a protest with the General Accounting office or other external forum. Contract award or performance is suspended during the protest to the same extent, and within the same time periods, as if filed at the GAO. The AMC protest decision goal is to resolve protests within 20 working days from filing. To be timely, protests must be filed within the periods specified in FAR 33.103. Send protests (other than protests to the contracting officer) to:

Headquarters U.S. Army Materiel Command
Office of Command Counsel
4400 Martin Road

Rm: A6SE040.001
Redstone Arsenal, AL 35898-5000
Fax: (256)450-8840

The AMC-level protest procedures are found at: <http://www.amc.army.mil/pa/COMMANCOUNSEL.asp>

If Internet access is not available, contact the Contracting Officer or HQ, AMC to obtain the AMC-Level Protest Procedures.

52.236-27 SITE VISIT (CONSTRUCTION) (FEB 1995)

(a) The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, offerors or quoters are urged and expected to inspect the site where the work will be performed.

(b) A site visits will be held on **21 May 2014 at 0930 local time (Colombia)**. Entry to the site may be arranged during normal duty hours by contacting:

Name: Mr. Anibal Melendez
Address: anibal.melendez@tcsc.southcom.mil
Telephone: 011-57-1-275-2525

(End of provision)

CLAUSES INCORPORATED BY FULL TEXT

52.236-28 PREPARATION OF PROPOSALS--CONSTRUCTION (OCT 1997)

(a) Proposals must be (1) submitted on the forms furnished by the Government or on copies of those forms, and (2) manually signed. The person signing a proposal must initial each erasure or change appearing on any proposal form.

(b) The proposal form may require offerors to submit proposed prices for one or more items on various bases, including--

(1) Lump sum price;

(2) Alternate prices;

(3) Units of construction; or

(4) Any combination of paragraphs (b)(1) through (b)(3) of this provision.

(c) If the solicitation requires submission of a proposal on all items, failure to do so may result in the proposal being rejected without further consideration. If a proposal on all items is not required, offerors should insert the words "no proposal" in the space provided for any item on which no price is submitted.

(d) Alternate proposals will not be considered unless this solicitation authorizes their submission.

(End of provision)

52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

<http://farsite.hill.af.mil>

(End of provision)

Section 00600 - Representations & Certifications

CLAUSES INCORPORATED BY FULL TEXT

52.203-11 CERTIFICATION AND DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (SEP 2007)

(a) Definitions. As used in this provision--"Lobbying contact" has the meaning provided at 2 U.S.C. 1602(8). The terms "agency," "influencing or attempting to influence," "officer or employee of an agency," "person," "reasonable compensation," and "regularly employed" are defined in the FAR clause of this solicitation entitled "Limitation on Payments to Influence Certain Federal Transactions" (52.203-12).

(b) Prohibition. The prohibition and exceptions contained in the FAR clause of this solicitation entitled "Limitation on Payments to Influence Certain Federal Transactions" (52.203-12) are hereby incorporated by reference in this provision.

(c) Certification. The offeror, by signing its offer, hereby certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on its behalf in connection with the awarding of this contract.

(d) Disclosure. If any registrants under the Lobbying Disclosure Act of 1995 have made a lobbying contact on behalf of the offeror with respect to this contract, the offeror shall complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to provide the name of the registrants. The offeror need not report regularly employed officers or employees of the offeror to whom payments of reasonable compensation were made.

(e) Penalty. Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by 31 U.S.C. 1352. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure required to be filed or amended by this provision, shall be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.

(End of provision)

CLAUSES INCORPORATED BY FULL TEXT

52.204-3 TAXPAYER IDENTIFICATION (OCT 1998)

(a) Definitions.

Common parent, as used in this provision, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

Taxpayer Identification Number (TIN), as used in this provision, means the number required by the Internal Revenue Service (IRS) to be used by the offeror in reporting income tax and other returns. The TIN may be either a Social Security Number or an Employer Identification Number.

(b) All offerors must submit the information required in paragraphs (d) through (f) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the IRS. If the resulting contract is subject to the payment reporting requirements described in Federal Acquisition Regulation (FAR) 4.904, the failure or refusal by the offeror to furnish the information may result in a 31 percent reduction of payments otherwise due under the contract.

(c) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

(d) Taxpayer Identification Number (TIN).

___ TIN:.....

___ TIN has been applied for.

___ TIN is not required because:

___ Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;

___ Offeror is an agency or instrumentality of a foreign government;

___ Offeror is an agency or instrumentality of the Federal Government.

(e) Type of organization.

___ Sole proprietorship;

___ Partnership;

___ Corporate entity (not tax-exempt);

___ Corporate entity (tax-exempt);

___ Government entity (Federal, State, or local);

___ Foreign government;

___ International organization per 26 CFR 1.6049-4;

___ Other.....

(f) Common parent.

___ Offeror is not owned or controlled by a common parent as defined in paragraph (a) of this provision.

___ Name and TIN of common parent:

Name.....

TIN-----

(End of provision)

252.225-7031 SECONDARY ARAB BOYCOTT OF ISRAEL (JUN 2005)

(a) Definitions. As used in this provision--

(1) Foreign person means any person (including any individual, partnership, corporation, or other form of association) other than a United States person.

(2) United States means the 50 States, the District of Columbia, outlying areas, and the outer Continental Shelf as defined in 43 U.S.C. 1331.

(3) United States person is defined in 50 U.S.C. App. 2415(2) and means--

(i) Any United States resident or national (other than an individual resident outside the United States who is employed by other than a United States person);

(ii) Any domestic concern (including any permanent domestic establishment of any foreign concern); and

(iii) Any foreign subsidiary or affiliate (including any permanent foreign establishment) of any domestic concern that is controlled in fact by such domestic concern.

(b) Certification. If the offeror is a foreign person, the offeror certifies, by submission of an offer, that it--

(1) Does not comply with the Secondary Arab Boycott of Israel; and

(2) Is not taking or knowingly agreeing to take any action, with respect to the Secondary Boycott of Israel by Arab countries, which 50 U.S.C. App. 2407(a) prohibits a United States person from taking.

(End of provision)

252.247-7022 REPRESENTATION OF EXTENT OF TRANSPORTATION BY SEA (AUG 1992)

(a) The Offeror shall indicate by checking the appropriate blank in paragraph (b) of this provision whether transportation of supplies by sea is anticipated under the resultant contract. The term supplies is defined in the Transportation of Supplies by Sea clause of this solicitation.

(b) Representation. The Offeror represents that it:

___ (1) Does anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

___ (2) Does not anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

(c) Any contract resulting from this solicitation will include the Transportation of Supplies by Sea clause. If the Offeror represents that it will not use ocean transportation, the resulting contract will also include the Defense FAR

Supplement clause at 252.247-7024, Notification of Transportation of Supplies by Sea.

CLAUSES INCORPORATED BY FULL TEXT

52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall be required to (a) commence work under this contract within ten (10) calendar days after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than 150 calendar days. The time stated for completion shall include final cleanup of the premises.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT**52.216-1 TYPE OF CONTRACT (APR 1984)**

The Government contemplates award of a Firm Fixed Price contract resulting from this solicitation.

(End of provision)

CLAUSES INCORPORATED BY FULL TEXT**52.225-17 EVALUATION OF FOREIGN CURRENCY OFFERS (FEB 2000)**

If the Government receives offers in more than one currency, the Government will evaluate offers by converting the foreign currency to United States currency using the Global Currency Exchange Rates Report published daily by the Charleston Financial Service Center in effect as stated below. This is the official rate to be used for all financial transactions processed by the Embassy in Bogota in effect as follows:

- (a) For acquisitions conducted using sealed bidding procedures, on the date of bid opening.
- (b) For acquisitions conducted using negotiation procedures--
 - (1) On the date specified for receipt of offers, if award is based on initial offers; otherwise
 - (2) On the date specified for receipt of proposal revisions.

(End of provision)

52.232-16 PROGRESS PAYMENTS (APR 2012)

The Government will make progress payments to the Contractor when requested as work progresses, but not more frequently than monthly, in amounts of \$2,500 or more approved by the Contracting Officer, under the following conditions:

(a) Computation of amounts. (1) Unless the Contractor requests a smaller amount, the Government will compute each progress payment as 80 percent of the Contractor's total costs incurred under this contract whether or not actually paid, plus financing payments to subcontractors (see paragraph (j) of this clause), less the sum of all previous progress payments made by the Government under this contract. The Contracting Officer will consider cost of money that would be allowable under FAR 31.205-10 as an incurred cost for progress payment purposes.

(2) The amount of financing and other payments for supplies and services purchased directly for the contract are limited to the amounts that have been paid by cash, check, or other forms of payment, or that are determined due and will be paid to subcontractors--

(i) In accordance with the terms and conditions of a subcontract or invoice; and

(ii) Ordinarily within 30 days of the submission of the Contractor's payment request to the Government.

(3) The Government will exclude accrued costs of Contractor contributions under employee pension plans until actually paid unless--

(i) The Contractor's practice is to make contributions to the retirement fund quarterly or more frequently; and

(ii) The contribution does not remain unpaid 30 days after the end of the applicable quarter or shorter payment period (any contribution remaining unpaid shall be excluded from the Contractor's total costs for progress payments until paid).

(4) The Contractor shall not include the following in total costs for progress payment purposes in paragraph (a)(1) of this clause:

(i) Costs that are not reasonable, allocable to this contract, and consistent with sound and generally accepted accounting principles and practices.

(ii) Costs incurred by subcontractors or suppliers.

(iii) Costs ordinarily capitalized and subject to depreciation or amortization except for the properly depreciated or amortized portion of such costs.

(iv) Payments made or amounts payable to subcontractors or suppliers, except for --

(A) Completed work, including partial deliveries, to which the Contractor has acquired title; and

(B) Work under cost-reimbursement or time-and-material subcontracts to which the Contractor has acquired title.

(5) The amount of unliquidated progress payments may exceed neither (i) the progress payments made against incomplete work (including allowable unliquidated progress payments to subcontractors) nor

(ii) the value, for progress payment purposes, of the incomplete work. Incomplete work shall be considered to be the supplies and services required by this contract, for which delivery and invoicing by the Contractor and acceptance by the Government are incomplete.

(6) The total amount of progress payments shall not exceed 80 percent of the total contract price.

(7) If a progress payment or the unliquidated progress payments exceed the amounts permitted by subparagraphs (a)(4) or (a)(5) of this clause, the Contractor shall repay the amount of such excess to the Government on demand.

(8) Notwithstanding any other terms of the contract, the Contractor agrees not to request progress payments in dollar amounts of less than \$2,500. The Contracting Officer may make exceptions.

(9) The costs applicable to items delivered, invoiced, and accepted shall not include costs in excess of the contract price of the items.

(b) Liquidation. Except as provided in the Termination for Convenience of the Government clause, all progress payments shall be liquidated by deducting from any payment under this contract, other than advance or progress payments, the unliquidated progress payments, or 80 percent of the amount invoiced, whichever is less. The Contractor shall repay to the Government any amounts required by a retroactive price reduction, after computing liquidations and payments on past invoices at the reduced prices and adjusting the unliquidated progress payments accordingly. The Government reserves the right to unilaterally change from the ordinary liquidation rate to an alternate rate when deemed appropriate for proper contract financing.

(c) Reduction or suspension. The Contracting Officer may reduce or suspend progress payments, increase the rate of liquidation, or take a combination of these actions, after finding on substantial evidence any of the following conditions:

(1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (f) and (g) of this clause).

(2) Performance of this contract is endangered by the Contractor's --

(i) Failure to make progress or

(ii) Unsatisfactory financial condition.

(3) Inventory allocated to this contract substantially exceeds reasonable requirements.

(4) The Contractor is delinquent in payment of the costs of performing this contract in the ordinary course of business.

(5) The fair value of the undelivered work is less than the amount of unliquidated progress payments for that work.

(6) The Contractor is realizing less profit than that reflected in the establishment of any alternate liquidation rate in paragraph (b) of this clause, and that rate is less than the progress payment rate stated in subparagraph (a)(1) of this clause.

(d) Title.

(1) Title to the property described in this paragraph (d) shall vest in the Government. Vestiture shall be immediately upon the date of this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract.

(2) "Property," as used in this clause, includes all of the below-described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices.

(i) Parts, materials, inventories, and work in process;

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iii) Nondurable (i.e., noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment, and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (d) (2)(ii) of this clause; and

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract; e.g., the termination clauses, shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract without requesting the Contracting Officer's approval, but the proceeds shall be credited against the costs of performance.

(5) To acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor must obtain the Contracting Officer's advance approval of the action and the terms. The Contractor shall (i) exclude the allocable costs of the property from the costs of contract performance, and (ii) repay to the Government any amount of unliquidated progress payments allocable to the property. Repayment may be by cash or credit memorandum.

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all progress payments, title shall vest in the Contractor for all property (or the proceeds thereof) not--

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.

(e) Risk of loss. Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. The Contractor shall repay the Government an amount equal to the unliquidated progress payments that are based on costs allocable to property that is lost (see 45.101).

(f) Control of costs and property. The Contractor shall maintain an accounting system and controls adequate for the proper administration of this clause.

(g) Reports, forms, and access to records. (1) The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information (including estimates to complete) reasonably requested by the Contracting Officer for the administration of this clause. Also, the Contractor shall give the Government reasonable opportunity to examine and verify the Contractor's books, records, and accounts.

(2) The Contractor shall furnish estimates to complete that have been developed or updated within six months of the date of the progress payment request. The estimates to complete shall represent the Contractor's best estimate of total costs to complete all remaining contract work required under the contract. The estimates shall include sufficient detail to permit Government verification.

(3) Each Contractor request for progress payment shall:

(i) Be submitted on Standard Form 1443, Contractor's Request for Progress Payment, or the electronic equivalent as required by agency regulations, in accordance with the form instructions and the contract terms; and

(ii) Include any additional supporting documentation requested by the Contracting Officer.

(h) Special terms regarding default. If this contract is terminated under the Default clause, (i) the Contractor shall, on demand, repay to the Government the amount of unliquidated progress payments and (ii) title shall vest in the

Contractor, on full liquidation of progress payments, for all property for which the Government elects not to require delivery under the Default clause. The Government shall be liable for no payment except as provided by the Default clause.

(i) Reservations of rights.

(1) No payment or vesting of title under this clause shall --

(i) Excuse the Contractor from performance of obligations under this contract or

(ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause

(i) Shall not be exclusive but rather shall be in addition to any other rights and remedies provided by law or this contract and

(ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(j) Financing payments to subcontractors. The financing payments to subcontractors mentioned in paragraphs (a)(1) and (a)(2) of this clause shall be all financing payments to subcontractors or divisions, if the following conditions are met:

(1) The amounts included are limited to--

(i) The unliquidated remainder of financing payments made; plus

(ii) Any unpaid subcontractor requests for financing payments.

(2) The subcontract or interdivisional order is expected to involve a minimum of approximately 6 months between the beginning of work and the first delivery; or, if the subcontractor is a small business concern, 4 months.

(3) If the financing payments are in the form of progress payments, the terms of the subcontract or interdivisional order concerning progress payments--

(i) Are substantially similar to the terms of this clause for any subcontractor that is a large business concern, or this clause with its Alternate I for any subcontractor that is a small business concern;

(ii) Are at least as favorable to the Government as the terms of this clause;

(iii) Are not more favorable to the subcontractor or division than the terms of this clause are to the Contractor;

(iv) Are in conformance with the requirements of FAR 32.504(e); and

(v) Subordinate all subcontractor rights concerning property to which the Government has title under the subcontract to the Government's right to require delivery of the property to the Government if--

(A) The Contractor defaults; or

(B) The subcontractor becomes bankrupt or insolvent.

(4) If the financing payments are in the form of performance-based payments, the terms of the subcontract or interdivisional order concerning payments--

(i) Are substantially similar to the Performance-Based Payments clause at FAR 52.232-32 and meet the criteria for, and definition of, performance-based payments in FAR Part 32;

(ii) Are in conformance with the requirements of FAR 32.504(f); and

(iii) Subordinate all subcontractor rights concerning property to which the Government has title under the subcontract to the Government's right to require delivery of the property to the Government if--

(A) The Contractor defaults; or

(B) The subcontractor becomes bankrupt or insolvent.

(5) If the financing payments are in the form of commercial item financing payments, the terms of the subcontract or interdivisional order concerning payments--

(i) Are constructed in accordance with FAR 32.206(c) and included in a subcontract for a commercial item purchase that meets the definition and standards for acquisition of commercial items in FAR Parts 2 and 12;

(ii) Are in conformance with the requirements of FAR 32.504(g); and

(iii) Subordinate all subcontractor rights concerning property to which the Government has title under the subcontract to the Government's right to require delivery of the property to the Government if--

(A) The Contractor defaults; or

(B) The subcontractor becomes bankrupt or insolvent.

(6) If financing is in the form of progress payments, the progress payment rate in the subcontract is the customary rate used by the contracting agency, depending on whether the subcontractor is or is not a small business concern.

(7) Concerning any proceeds received by the Government for property to which title has vested in the Government under the subcontract terms, the parties agree that the proceeds shall be applied to reducing any unliquidated financing payments by the Government to the Contractor under this contract.

(8) If no unliquidated financing payments to the Contractor remain, but there are unliquidated financing payments that the Contractor has made to any subcontractor, the Contractor shall be subrogated to all the rights the Government obtained through the terms required by this clause to be in any subcontract, as if all such rights had been assigned and transferred to the Contractor.

(9) To facilitate small business participation in subcontracting under this contract, the Contractor shall provide financing payments to small business concerns, in conformity with the standards for customary contract financing payments stated in Subpart 32.113. The Contractor shall not consider the need for such financing payments as a handicap or adverse factor in the award of subcontracts.

(k) Limitations on undefinitized contract actions. Notwithstanding any other progress payment provisions in this contract, progress payments may not exceed 80 percent of costs incurred on work accomplished under undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in Subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes. This limitation shall apply to the costs incurred, as computed in accordance with paragraph (a) of this clause, and shall remain in effect until the contract action is definitized. Costs

incurred which are subject to this limitation shall be segregated on Contractor progress payment requests and invoices from those costs eligible for higher progress payment rates. For purposes of progress payment liquidation, as described in paragraph (b) of this clause, progress payments for undefinitized contract actions shall be liquidated at 80 percent of the amount invoiced for work performed under the undefinitized contract action as long as the contract action remains undefinitized. The amount of unliquidated progress payments for undefinitized contract actions shall not exceed 80 percent of the maximum liability of the Government under the undefinitized contract action or such lower limit specified elsewhere in the contract. Separate limits may be specified for separate actions.

(l) Due date. The designated payment office will make progress payments on the 30th day after the designated billing office receives a proper progress payment request. In the event that the Government requires an audit or other review of a specific progress payment request to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the specified due date. Progress payments are considered contract financing and are not subject to the interest penalty provisions of the Prompt Payment Act.

(m) Progress payments under indefinite--delivery contracts. The Contractor shall account for and submit progress payment requests under individual orders as if the order constituted a separate contract, unless otherwise specified in this contract.

(End of clause)

52.236-2 DIFFERING SITE CONDITIONS (APR 1984)

(a) The Contractor shall promptly, and before the conditions are disturbed, give a written notice to the Contracting Officer of

(1) subsurface or latent physical conditions at the site which differ materially from those indicated in this contract, or

(2) unknown physical conditions at the site, of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in the contract.

(b) The Contracting Officer shall investigate the site conditions promptly after receiving the notice. If the conditions do materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performing any part of the work under this contract, whether or not changed as a result of the conditions, an equitable adjustment shall be made under this clause and the contract modified in writing accordingly.

(c) No request by the Contractor for an equitable adjustment to the contract under this clause shall be allowed, unless the Contractor has given the written notice required; provided, that the time prescribed in (a) above for giving written notice may be extended by the Contracting Officer.

(d) No request by the Contractor for an equitable adjustment to the contract for differing site conditions shall be allowed if made after final payment under this contract.

(End of clause)

52.236-3 SITE INVESTIGATION AND CONDITIONS AFFECTING THE WORK (APR 1984)

(a) The Contractor acknowledges that it has taken steps reasonably necessary to ascertain the nature and location of

the work, and that it has investigated and satisfied itself as to the general and local conditions which can affect the work or its cost, including but not limited to

(1) conditions bearing upon transportation, disposal, handling, and storage of materials;

(2) the availability of labor, water, electric power, and roads;

(3) uncertainties of weather, river stages, tides, or similar physical conditions at the site;

(4) the conformation and conditions of the ground; and (5) the character of equipment and facilities needed preliminary to and during work performance. The Contractor also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, including all exploratory work done by the Government, as well as from the drawings and specifications made a part of this contract. Any failure of the Contractor to take the actions described and acknowledged in this paragraph will not relieve the Contractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the Government.

(b) The Government assumes no responsibility for any conclusions or interpretations made by the Contractor based on the information made available by the Government. Nor does the Government assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

(End of clause)

52.236-5 MATERIAL AND WORKMANSHIP (APR 1984)

(a) All equipment, material, and articles incorporated into the work covered by this contract shall be new and of the most suitable grade for the purpose intended, unless otherwise specifically provided in this contract. References in the specifications to equipment, material, articles, or patented processes by trade name, make, or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition. The Contractor may, at its option, use any equipment, material, article, or process that, in the judgment of the Contracting Officer, is equal to that named in the specifications, unless otherwise specifically provided in this contract.

(b) The Contractor shall obtain the Contracting Officer's approval of the machinery and mechanical and other equipment to be incorporated into the work. When requesting approval, the Contractor shall furnish to the Contracting Officer the name of the manufacturer, the model number, and other information concerning the performance, capacity, nature, and rating of the machinery and mechanical and other equipment. When required by this contract or by the Contracting Officer, the Contractor shall also obtain the Contracting Officer's approval of the material or articles which the Contractor contemplates incorporating into the work. When requesting approval, the Contractor shall provide full information concerning the material or articles. When directed to do so, the Contractor shall submit samples for approval at the Contractor's expense, with all shipping charges prepaid. Machinery, equipment, material, and articles that do not have the required approval shall be installed or used at the risk of subsequent rejection.

(c) All work under this contract shall be performed in a skillful and workmanlike manner. The Contracting Officer may require, in writing, that the Contractor remove from the work any employee the Contracting Officer deems incompetent, careless, or otherwise objectionable.

(End of clause)

52.236-6 SUPERINTENDENCE BY THE CONTRACTOR (APR 1984)

At all times during performance of this contract and until the work is completed and accepted, the Contractor shall directly superintend the work or assign and have on the worksite a competent superintendent who is satisfactory to the Contracting Officer and has authority to act for the Contractor.

(End of clause)

52.236-7 PERMITS AND RESPONSIBILITIES (NOV 1991)

The Contractor shall, without additional expense to the Government, be responsible for obtaining any necessary licenses and permits, and for complying with any Federal, State, and municipal laws, codes, and regulations applicable to the performance of the work. The Contractor shall also be responsible for all damages to persons or property that occur as a result of the Contractor's fault or negligence. The Contractor shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire work, except for any completed unit of work which may have been accepted under the contract.

(End of clause)

52.236-8 OTHER CONTRACTS (APR 1984)

The Government may undertake or award other contracts for additional work at or near the site of the work under this contract. The Contractor shall fully cooperate with the other contractors and with Government employees and shall carefully adapt scheduling and performing the work under this contract to accommodate the additional work, heeding any direction that may be provided by the Contracting Officer. The Contractor shall not commit or permit any act that will interfere with the performance of work by any other contractor or by Government employees.

(End of clause)

52.236-9 PROTECTION OF EXISTING VEGETATION, STRUCTURES, EQUIPMENT, UTILITIES, AND IMPROVEMENTS (APR 1984)

(a) The Contractor shall preserve and protect all structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the work site, which are not to be removed and which do not unreasonably interfere with the work required under this contract. The Contractor shall only remove trees when specifically authorized to do so, and shall avoid damaging vegetation that will remain in place. If any limbs or branches of trees are broken during contract performance, or by the careless operation of equipment, or by workmen, the Contractor shall trim those limbs or branches with a clean cut and paint the cut with a tree-pruning compound as directed by the Contracting Officer.

(b) The Contractor shall protect from damage all existing improvements and utilities

(1) at or near the work site, and

(2) on adjacent property of a third party, the locations of which are made known to or should be known by the

Contractor. The Contractor shall repair any damage to those facilities, including those that are the property of a third party, resulting from failure to comply with the requirements of this contract or failure to exercise reasonable care in performing the work. If the Contractor fails or refuses to repair the damage promptly, the Contracting Officer may have the necessary work performed and charge the cost to the Contractor.

(End of clause)

52.236-10 OPERATIONS AND STORAGE AREAS (APR 1984)

(a) The Contractor shall confine all operations (including storage of materials) on Government premises to areas authorized or approved by the Contracting Officer. The Contractor shall hold and save the Government, its officers and agents, free and harmless from liability of any nature occasioned by the Contractor's performance.

(b) Temporary buildings (e.g., storage sheds, shops, offices) and utilities may be erected by the Contractor only with the approval of the Contracting Officer and shall be built with labor and materials furnished by the Contractor without expense to the Government. The temporary buildings and utilities shall remain the property of the Contractor and shall be removed by the Contractor at its expense upon completion of the work. With the written consent of the Contracting Officer, the buildings and utilities may be abandoned and need not be removed.

(c) The Contractor shall, under regulations prescribed by the Contracting Officer, use only established roadways, or use temporary roadways constructed by the Contractor when and as authorized by the Contracting Officer. When materials are transported in prosecuting the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any Federal, State, or local law or regulation. When it is necessary to cross curbs or sidewalks, the Contractor shall protect them from damage. The Contractor shall repair or pay for the repair of any damaged curbs, sidewalks, or roads.

(End of clause)

52.236-11 USE AND POSSESSION PRIOR TO COMPLETION (APR 1984)

(a) The Government shall have the right to take possession of or use any completed or partially completed part of the work. Before taking possession of or using any work, the Contracting Officer shall furnish the Contractor a list of items of work remaining to be performed or corrected on those portions of the work that the Government intends to take possession of or use. However, failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The Government's possession or use shall not be deemed an acceptance of any work under the contract.

(b) While the Government has such possession or use, the Contractor shall be relieved of the responsibility for the loss of or damage to the work resulting from the Government's possession or use, notwithstanding the terms of the clause in this contract entitled "Permits and Responsibilities." If prior possession or use by the Government delays the progress of the work or causes additional expense to the Contractor, an equitable adjustment shall be made in the contract price or the time of completion, and the contract shall be modified in writing accordingly.

(End of clause)

52.236-12 CLEANING UP (APR 1984)

The Contractor shall at all times keep the work area, including storage areas, free from accumulations of waste

materials. Before completing the work, the Contractor shall remove from the work and premises any rubbish, tools, scaffolding, equipment, and materials that are not the property of the Government. Upon completing the work, the Contractor shall leave the work area in a clean, neat, and orderly condition satisfactory to the Contracting Officer.

(End of clause)

52.236-26 PRECONSTRUCTION CONFERENCE (FEB 1995)

If the Contracting Officer decides to conduct a preconstruction conference, the successful offeror will be notified and will be required to attend. The Contracting Officer's notification will include specific details regarding the date, time, and location of the conference, any need for attendance by subcontractors, and information regarding the items to be discussed.

(End of clause)

52.242-14 SUSPENSION OF WORK (APR 1984)

(a) The Contracting Officer may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work of this contract for the period of time that the Contracting Officer determines appropriate for the convenience of the Government.

(b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1) by an act of the Contracting Officer in the administration of this contract, or (2) by the Contracting Officer's failure to act within the time specified in this contract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the contract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this contract.

(c) A claim under this clause shall not be allowed—

(1) For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and

(2) Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the contract.

(End of clause)

52.243-4 CHANGES (JUN 2007)

(a) The Contracting Officer may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract, including changes--

- (1) In the specifications (including drawings and designs);
- (2) In the method or manner of performance of the work;
- (3) In the Government-furnished property or services; or
- (4) Directing acceleration in the performance of the work.

(b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating

- (1) the date, circumstances, and source of the order and
- (2) that the Contractor regards the order as a change order.

(c) Except as provided in this clause, no order, statement, or conduct of the Contracting Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.

(d) If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for an adjustment based on defective specifications, no adjustment for any change under paragraph (b) of this clause shall be made for any costs incurred more than 20 days before the Contractor gives written notice as required. In the case of defective specifications for which the Government is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.

(e) The Contractor must assert its right to an adjustment under this clause within 30 days after

(1) receipt of a written change order under paragraph (a) of this clause or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting to the Contracting Officer a written statement describing the general nature and amount of the proposal, unless this period is extended by the Government. The statement of proposal for adjustment may be included in the notice under paragraph (b) above.

(f) No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.

(End of clause)

52.247-27 CONTRACT NOT AFFECTED BY ORAL AGREEMENT (APR 1984)

No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in this contract. All modifications to the contract must be made in writing by the Contracting Officer or an authorized representative.

(End of clause)

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

<http://farsite.hill.af.mil>

(End of clause)

Section 00800 - Special Contract Requirements

SPECIAL CONTRACT REQUIREMENTS**SPECIAL CONTRACT REQUIREMENTS**

1. Type of Contract. This is a Firm Fixed Price contract payable entirely in local currency. No additional sums will be payable on account of any escalation in the cost of materials, equipment or labor because of the contractor's failure to properly estimate or accurately predict the cost or difficulty of achieving the results required by the contract. Nor will the contract price be adjusted on account of fluctuations in the currency exchange rates.

2. Pre-Construction Conference. Prior to commencing work under a notice to proceed, the Contractor shall meet with the Contracting Officer and/or designated technical personnel at a mutually agreeable time to discuss and develop mutual understandings concerning schedule and administering work.

3. Warranties, Insurance, Policies

3.1 Work Quality and Stability (Warranty). Contractor shall ensure the quality of the construction during the warranty period. This warranty shall amount to 40% of the contract value, and remain valid for three (3) years from the date of final payment. This warranty shall be provided to the Contracting Officer (KO) no later than eight (8) days before the final contract acceptance date.

3.2 Insurance. The Contractor shall obtain any other types of insurance required by Colombian law or that are ordinarily or customarily obtained in the location of the work. The limit of such insurance shall be as provided by law or sufficient to meet normal and customary claims.

3.2.1 Wage Payment and Benefits Policy. Shall amount to 20% of the contract value, and valid from contract commencement, to three (3) years after. The social benefits policy shall not be necessary if a certification is issued by the contractor that all staff and personnel are duly registered in a social security scheme that covers accidents, death, and hospitalization, as required by Colombian Law.

3.2.2 Contract Compliance Policy. Contractor shall provide this policy amounting to 10% of the contract value for a period up to contract term plus two (2) months.

3.2.3 The Contractor agrees that the Government shall not be responsible for personal injuries or for damages to any property of the Contractor, its officers, agents, servants, and employees, or any other person, arising from and incident to the Contractor's performance of this contract. The Contractor shall hold harmless and indemnify the Government from any and all claims arising there from, except in the instance of gross negligence on the part of the Government.

3.2.4 The Contractor shall obtain adequate insurance for damage to, or theft of, materials and equipment in insurance coverage for loose transit to the site or in storage on or off the site.

3.2.5 Time For Submission of Evidence of Insurance. The Contractor shall provide evidence of the insurance required under this contract within ten (10) days after contract award. Failure to timely submit this evidence, in a form acceptable to the Contracting Officer, may result in rescinding or termination of the contract by the Government.

3.3 Changes to Materials or Other Items in Contractor Offer. Contractor proposal prices must be based on high quality materials designed for rough usage and long life. Any change in materials or other items listed in the Contractor's proposal/price breakdown worksheet requires resubmission to the COR for approval by the KO.

3.4 The Contractor shall satisfy all lawful claims of any persons or entities employed by them, including hired employees, subcontractors, equipment costs or rentals, and material suppliers for all work performed or items furnished under this contract. A submission of a written certification shall be signed by an authorized representative of the company bearing witness that the Contractor has fully paid their suppliers, workers and subcontractors is required. The certification's period of coverage shall be through the required warranty period.

3.5 The Contractor shall not at any time permit any lien, attachment, or other encumbrance to be entered against or to remain on the constructed building(s), or the premises, whether public or private, or any portion thereof, as a result of nonperformance of any part of this contract.

3.6 Subcontractors. The Government reserves the right to review proposed subcontractors for a period of five (5) days before providing notice of approval or rejection of any or all subcontractors. The Government reserves the right to reject any or all subcontractors proposed if their participation in the project, as determined by the Contracting Officer, may cause damage to the national security interests of the United States. The Contractor agrees to promptly replace any subcontractor rejected by the Government under this clause.

4. Law Governing Contracts. In any dispute between the Contracting Officer and the Contractor arising out of this contract, the decision of which requires consideration of questions of law, the rights and obligations of the parties shall be interpreted and determined in accordance with the substantive laws of the United States of America.

5. Municipality Clearance of Payments. The Contractor shall submit a written certification of approval from an authorized municipality official stating that no materials and/or money are owed to entities in the local project area.

6. Project Completion. The following documents shall be written in English, and delivered to the COR & KO before the Work Acceptance Document and final payment is considered.

(a) Punch List. A punch list of items that need to be corrected or finished will be given to the Contractor after an initial inspection. A final inspection will then be accomplished to ensure that the items were corrected.

(b) Inspection and Acceptance. A copy of the Inspection and Acceptance of the work letter, signed by an authorized representative of the government.

7. Contractor Payment Information. The contract resulting from this solicitation will be payable in United States (U.S.) Dollars for contractors with a main office based outside of Colombia and Colombian Pesos for Colombian based contractors. Per the Colombian tax authority, Contractors based in the local area shall submit their proposals in the local currency, but all others must propose in U.S. dollars. No advanced payments are authorized. Contract payment will be made by Electronic Funds Transfer (EFT) through the U.S. Embassy Bogota General Services Office (GSO) section to all Contractors, regardless of origin.

7.1 Payment will be made under Clause 52.232-5, Payments under Fixed Price Construction. The Contractor will be paid according to submitted progress schedule (Bar chart or a time scaled Network Diagram CPM Schedule). The Contractor shall furnish the invoice certification with each invoice in accordance with Federal Acquisition Regulation Clause 52.232-5 (c) Payments Under Fixed Price Construction. If the duration of the project is less than 30 days, contract payment will be made in a single payment when the construction is inspected and accepted and all submittals are presented and approved. If the contract completion is greater than 30 days, progress payments for work will be authorized, invoiced every 30 days. Final payment will be accomplished when the work is inspected and accepted by the Government, all submittals are presented and approved and the work is accomplished in accordance with the terms and conditions of the contract.

7.2 Submittal of Invoices. Invoices shall be itemized and must have all required information as described by the Contracting Officer. In addition, invoices shall include a progress schedule and invoice contractor certification. Additional instructions for submittal of invoices will be provided at the pre-performance conference. Invoices shall be submitted via email to the attention of the Project Engineer, Rosa Santoni at rosa.l.santoni.civ@mail.mil with a

copy to the contracting officer, Annabelle Miller at annabelle.miller@tcsc.southcom.mil and the contracting specialist, Rosalba Mateus at mateusr@tcsc.southcom.mil.

7.3 Proper Invoice Information Requirements. Please refer to the contract number (to be filled out at time of award) on all correspondence and invoices. Failure to follow this guidance will delay payment processing. If the following information does not appear on the invoice, the invoice will be returned for correction and payment will be delayed.

Name and address of contractor

Invoice date, invoice number

Government contract number

Contract line item number (CLIN), description, price, quantity of goods and/or services rendered, unit of measure, unit price and extended price of the items delivered or services rendered.

Shipping information (unless mutually agreed that this information is only required in the contract).

Include shipping number and date of shipment. If shipped on Government bill of lading, include the bill of lading number and weight of shipment.

Payment terms (unless mutually agreed that this information is only required in the contract). Terms of any discount for prompt payment offered.

Contact name, title and telephone number to notify in event of defective invoice.

Other substantiating documentation or information required by the contract.

8. Government Technical Representative/Contracting Officer Representative. The Contractor shall only take direction from the contracting officer or the Government Technical Representative (GTR) or Contracting Officer Representative (COR). The limit of the GTR's/COR's authority shall be in writing and given to the Contractor.

9. Changes to Contract. The only person authorized to make changes to the contract is the Contracting Officer. Failure to clear changes in contract with the Contracting Officer IN ADVANCE of providing service shall result in the Government not being responsible for the charges, and non-payment to the Contractor. Accordingly, the Contracting Officer SHALL be notified prior to any additional services/performances necessitating contract modification (that is, those resulting in changes in time or cost to the Government). The Contractor shall only take change orders from the Contracting Officer. Purchases or changes from unauthorized persons may result in the Contractor not receiving payment for costs.
