PERFORMANCE WORK STATEMENT

**Statement of Work for Continuing Promise 2015 USNS COMFORT (T-AH 20)
Expeditionary Support for U.S. Naval Forces operating in COLOMBIA**

DEFINITIONS AND/OR ACRONYMS:

COR - Contracting Officer Representative
CONTRACTING OFFICER - Representative of the Government authorized to execute Contracts.
BILINGUAL: English, verbal and/or written
ESC - The Expeditionary Services Contractor
HN – Host Nation

C.1 OBJECTIVE:

The primary objective of this contract is to obtain Expeditionary Logistics and Life Support Services for U.S. Navy forces, and other designated personnel, operating ashore in Nicaragua. It is essential that all required services be coordinated with the Contracting Officer Representative (COR) and is delivered and operating prior to arrival of USNS COMFORT (T-AH 20) in country unless otherwise specified by the COR. (See USNS COMFORT schedule under the Period of Performance section of this statement of work).

C.2 SCOPE:

The Expeditionary Services Contractor (ESC) shall provide all labor, material, personnel, operational and technical support to perform the statement of work (SOW) in Colombia. The ESC shall work closely with the assigned COR and CP-15 N4, in the coordination and scheduling of all requirements within this SOW, ensuring effective completion of all services described herein.

The ESC shall provide logistics and life support to expeditionary naval forces operating in Colombia. This ashore presence is part of a larger U.S. Southern Command (SOUTHCOM) directed mission: CP-15 USNS COMFORT. Approximately 100 Navy Medical/Dental personnel located in two medical sites will require port-a-potties, dumpsters, security lights, privacy screens, security barriers, canopies, chairs tables, warehouse fans, and hand washing stations. Also required are buses, vans, and SUV's for transportation of personnel between the COMFORT to Medical project Sites at the beginning, during and at the end of the mission, one 5,000 pound (2,267kg) lift-capable outdoor forklift, diesel fuel for generators, 20 foot (6.1 meter) tractor-trailer for transportation of equipment between the COMFORT and COMFORT HELO Landing Zone to Medical project Sites at the beginning, during, and at the end of the mission.

Additionally, 20 Navy Engineering/construction personnel will require port-a-potties, dumpsters, security lights, privacy screens, security barriers, canopies, chairs tables, warehouse fans, and hand washing stations. Also required are buses, vans, and SUV's for transportation of personnel between the COMFORT to Medical project Sites at the beginning, during and at the end of the mission, one 5,000 pound (2,267kg) lift-capable outdoor forklift, diesel fuel for generators, 20 foot (6.1 meter) tractor-trailer for transportation of equipment between the COMFORT and COMFORT HELO Landing Zone to Medical project Sites at the beginning, during, and at the end of the mission. Furthermore, the vendor will be required to deliver building materials to Engineering Sites on startup day as well as bottled water to Fleet Landing. The vendor must provide a means (i.e. ramp) to on load and offload tools and equipment transported to and from the project Sites. See attached spreadsheets to determine specific requirements for each Site locations and quantities (attachment 1).

The ESC shall protect Site location from disclosure to individuals and contractors not directly involved in providing services to the Navy in response to a verbal or written order from an authorized ordering official under the contract. This requirement to protect the Site and schedule shall be communicated to all individuals and contractors that are directly involved or may be directly involved in providing support services set forth herein.

Background Checks: The ESC shall conduct security background checks on employees and subcontractor employees with local or national police departments or other government organizations. The ESC shall not use employees if the results of their background investigation indicate they may be a security risk to the Site and US Military personnel. The ESC shall issue photo identification badges to its personnel and ensure all subcontractor personnel have photo identification badges. Badges shall be standardized and have a passport type photo, name of the company, individuals name, identification number, and date of birth. Personnel will wear the badge so that it is visible at all times. The ESC shall ensure that their employees and subcontractor employees wear appropriate uniform items to identify them as contractor personnel. Examples would be similar shirts, trousers, or coveralls with company logo. All background investigations will be made available for Mission Commander Review as required.

Access Lists: The ESC shall develop a daily list of authorized personnel, vehicles and vessels that may have access to Site location. A copy will be provided to the COR and/or other government representative as required. For individuals, the list will include individual full name, identification number, company name, time and duration of visit, and purpose of their visit. For vehicles, the list will include a description of the vehicle, license plate number, driver's name, time and duration of visit, and purpose of their visit.

CONTINGENCY SITUATIONS/MISSION OPERATIONS:

Contingency situations (natural disasters, military peacetime and wartime contingency operations/exercises, serious accidents, civil disturbances, major mobilization or repatriation of non-combatants) may necessitate that the ESC be flexible in arranging different levels of support and service operational hours. The ESC shall respond to contingency situations and revise priorities as directed by the COR. Hurricanes and other natural disasters can occur in this location. If the ESC cannot accomplish normal activities due to activation or exercise of any contingency plan, the ESC shall not be held liable for non-support of lower priorities. The COR will determine the lower

priorities that can be temporarily relaxed in contingency situations. If appropriate, the ESC shall be reimbursed for contingency operations requiring a higher level of response and resources. The ESC shall submit a Request for Equitable Adjustment detailing the impact resulting from the incorporation and operation of such contingency actions prior to the beginning of the contingency operations. In the event that operations are curtailed as a result of weather emergencies or other unplanned mission-related events, ESC personnel may be considered non-essential personnel and thus, not required to be at the work Site. They may, however, be required to be on call, to work at a designated evacuation Site, or to be part of a crisis response team at a nearby Site.
