MEDICAL CARE

Useful contact names and offices

- **Physicians in Croatia**
- **Hospitals and Emergency Rooms in Zagreb**
- **Hospitals out of Zagreb**

DISCLAIMER: The U.S. Embassy in Zagreb, Croatia assumes no responsibility or liability for the professional ability or reputation of, or the quality of services provided by, the medical professionals, medical facilities or air ambulance services whose names appear on the following lists. Inclusion on this list is in no way an endorsement by the Department of State or the U.S. Embassy. Names are listed alphabetically, and the order in which they appear has no other significance. The information in the list on professional credentials and areas of expertise are provided directly by the medical professional, medical facility or air ambulance service; the Embassy is not in a position to vouch for such information. You may receive additional information about the individuals and facilities on the list by contacting local medical boards and associations (or its equivalent) or local licensing authorities.

Health facilities in Croatia, although generally of Western caliber, are under severe strain. Some medicines are in short supply. Doctors and hospitals may expect immediate cash payment for health services. U.S. medical coverage is not always valid outside the United States. The Medicare/Medicaid program does not provide payment for medical services outside the United States. Check with your own insurance company to confirm whether your policy applies overseas, including provision for medical evacuation. Ascertain whether payment will be made to the overseas hospital or doctor or whether you will be reimbursed later for expenses you incur. Some insurance policies also include coverage for psychiatric treatment or disposition of remains in the event of death. Useful information on medical emergencies abroad, including overseas insurance programs, is provided in the Department of State, Bureau of Consular Affairs brochure [Medical Information for Americans Traveling Abroad](#), available via its home page www.travel.state.gov

Foreign citizens receiving hospital treatment in Croatia are normally charged a fee higher than Croatian citizens. Doctors in private practices generally charge only one fee irrespective of the patients' citizenship.

In case of illness any hotel manager will assist you in finding appropriate doctors or medical care.

For **EMERGENCY AMBULANCE SERVICE (HITNA POMOĆ)** please call the telephone number **94**.
