### **U.S. FOL Clears Trash From Christoffel Park**

On 28 July 2012, members from the U.S. Forward Operations Location (U.S. FOL) donated their time to help protect Curaçao's unique natural resources. They scaled the heights of Mt. Christoffel and cleared both the peak and trail of trash. This effort benefited both tourists and the local community by enhancing the natural beauty of one of Curaçao's most visible and visited landmarks. U.S. FOL personnel have long been advocates for the local community and this was yet another outstanding example of their desire to promote the well-being of both the environment and citizens of Curaçao.
