U.S. Forward Operating Location Staff Clean Sint Jorisbay

On 15 May 2013, volunteers from the U.S. Forward Operating Location (USFOL) and the local wind surfing community spent the morning picking-up trash and debris at Koraal Tabak on Sint Jorisbay. By noon, a half-ton of trash had been collected and sent to the island dump for disposal. Each month, around 3,000 people visit the area for recreation including at-risk youth who receive mentoring and free kite boarding lessons from Fundashon Sint Joris Baai, a non-profit organization. The USFOL regularly donates time to community projects as a way of saying "Thank You" for all that the Curacao people have given them.
