USFOL Volunteers Support High School Students with English Curriculum

On 13 May 2014, eight volunteers from the U.S. Forward Operating Location (USFOL) went to Goslinga School to help teach English and judge student projects. In addition to assisting over 80 students with their English vocabulary, FOL volunteers engaged with students, sharing life experiences and cultural information to the enjoyment of all involved.

The USFOL has an informal, volunteer partnership with the school to support periodic recreational activities that assist the faculty in reinforcing healthy life styles and choices. This informal volunteer partnership with the school's teachers helps students reach their goals and learn English while having a great time.

Volunteers from the USFOL often donate time and resources to various areas and programs on the island in order to express appreciation for the wonderful hospitality received from the citizens of Curacao.
