

Attention Avid Gardeners & Budding Landscape Architects!

1,500 TL Prize FOR BEST
WATER-WISE LANDSCAPE DESIGN
OF A NEW 300M² PARK!

SAVE Supporting Activities that Value the Environment

needs your help to create a new park in the heart of Alsancak/Karavas to feature the beauty and appeal of water-wise landscaping (xeriscaping).

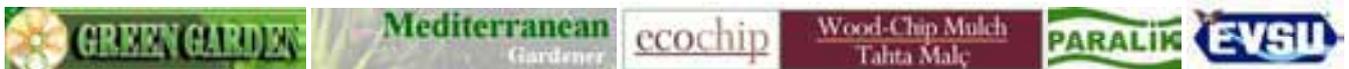

The park will be based on the winning design and built in cooperation with local garden centers Green Garden and Mediterranean Gardener, mulcher ecochip and water tank company K. Paralik. Prize money to be provided by EVSU. A new park will be created that will serve as a living example of how beautiful landscaping can be maintained with almost no water. Help us showcase your talent and save the environment all at the same time.

Details:

- Application package available from SAVE or online at www.save-irg.com; all application requirements, site and design specifications, relevant dates and eligibility criteria are contained within.
- All applications due no later than 17:00, 21 April 2009 (no late submissions will be accepted).
- All plants and trees to be provided by Green Garden and Mediterranean Gardener; mulch by Ecochip. Applicants should consult with the garden centers in determining plant selection.
- Winner will be announced on 1 May 2009.

SAVE is grateful to the following organisations for their support for this contest:
