World No Tobacco Day May 31, 2011

Key facts

- Tobacco kills up to half of its users.
- More than 80% of the world's one billion smokers live in low- and middle-income countries.

Leading cause of death, illness and impoverishment

Tobacco use is one of the biggest public health threats the world has ever faced. It kills more than five million people a year – an average of one person every six seconds – and accounts for one in 10 adult deaths. Up to half of current users will eventually die of a tobacco-related disease.

Second-hand smoke kills

Second-hand smoke is the smoke that fills restaurants, offices or other enclosed spaces when people burn tobacco products such as cigarettes, bidis and water pipes. There is no safe level of second-hand tobacco smoke.

Every person should be able to breathe smoke-free air. Smoke-free laws protect the health of non-smokers, are popular, do not harm business and encourage smokers to quit.

Tobacco users need help to quit

Among smokers who are aware of the dangers of tobacco, most want to quit. Counseling and medication can more than double the chance that a smoker who tries to quit will succeed.

Picture warnings work

Hard-hitting anti-tobacco advertisements and graphic pack warnings – especially those that include pictures – reduce the number of children who begin smoking and increase the number of smokers who quit.

Driver Mesfin, is friendly, speaks and understands English, is a lovely man who we trusted with our children and all sorts of jobs and bills. He is very reliable, friendly and committed. We hired a car and he drove that for 6 months and never once let us down in any way. He has two young children of his own and lives in Old Airport area (picture below). Meseret our cleaner and nanny is 100% trustworthy and lovely. She has children of her own, a loving family, always worked very hard, and we always felt our house and children were very safe in her hands. We would highly recommend to any nice family wanting support of cleaner, cook or nanny (Meseret combined all three functions for us). Working Old Airport side of town is better for Meseret as she has a commute in, and Bole is a little far. Meseret speaks and understands English very well and was a very valuable source of translation and advice for us. Meseret's number is 0911 781 879 For references or enquires you can contact me: Madhuriperera@yahoo.co.uk or call me on 0911 522 750.
