

Invitation to attend DistribuTECH Exhibition

DistribuTECH 2014 Conference and Exhibition will be held in **San Antonio, Texas, USA – January 28 – 30, 2014**. The U S Embassy in Addis Ababa is recruiting an official delegation to this event.

DistribuTECH will be held in conjunction with the Electric Light and Power Executive Conference and the Utility Products Conference and Exposition. DistribuTECH Conference and Exhibition attracts utility decision-makers from around the world interested in transmission and distribution solutions including information technology, C&I energy management tools and services, communications systems and equipment, metering, system automation and T&D equipment.

DistribuTECH 2014 also features a multi-track conference program plus a curriculum of pre-conference courses. Check the event website for information and updates:

<http://www.distributech.com>.

Event Focus

DistribuTECH covers the following sectors: electricity delivery automation and control systems, smart grid technologies, energy efficiency, demand response, renewable energy integration, advanced metering, transmission and distribution system operations and reliability, power delivery equipment, commercial and industrial facility energy management technology and water utility technologies.

Who Should Attend

The audience profile includes individuals involved in all segments of electric power delivery, smart grid, transmission and distribution, and water utility sectors, including: executive management, engineers, operations management, research and development, and information systems and services from electric utilities, water utilities, gas utilities, rural electric membership co-ops, consulting engineer firms, federal power agencies, energy service companies, municipalities and public power companies.

How to Participate: Please send your expression of interest with your company profile to the contact below. **Closing date: December 6, 2013.**
