

Delivery of your immigrant visa

Before you are scheduled for an immigrant visa appointment, you will need to mail in a **pre-paid DHL label** together with all of your other documents. The Consulate will need this label to return your passport and your visa packet. You do not need to send in an envelope. The Consulate will supply it.

The label is called an **Express Marke**. It looks like this:

You can buy it at any German post office. It costs € 21.90*. Feel free to print this page and show it to the people at the post office so they will give you the correct label. Before you send it in **please write down the DHL Tracking Number and keep it for yourself.** Please note that each immigrant visa package averages 500g. The label is good for up to 500g. So, if you are expecting more than one immigrant visa, please buy a label that corresponds to the total estimated weight (i.e. three visas X 500g = 1500g).

Please make sure that you **DO NOT** buy the DHL envelope called an **EXPRESS BRIEF**. This envelope will be too small to fit your visa packet.

Please just buy the label (the **Express Marke**) and we will supply the envelope. **Thanks!**
