(Signature of person authorized to sign)

RFQSHO80012Q0038 – FOR THE PURCHASE OF HIGH CAPACITY SCANNERS

QUESTION AND ANSWERS

Note: All Questions have been transcribed as received

Q1. You are requesting a document size capacity that pertains to a CANON scanner. We represent Fujitsu, and our scanner manages slight different document sizes in particular: minimum of (2.1" X 2.9") and maximum of (12" X 17"). Long Doc is Would this be acceptable.

A1. Yes, the minimums and maximums you list are acceptable

Q2. The scanner you are specified handles 112 ppm Simplex and 225 ipm Duplex in Landscape Mode, but just 90ppm in Simplex and 180 ipm Duplex mode (Canon 9050C), Fujitsu has a scanner modelo Fi-6670 which handles 90pp simplex and 180 ipm Duplex in Landscape, and 70 ppm Simplex and 140 ipm Duplex in Portrait Mode. We have more that 10 year experience in Massive Document handling, and we have not yet come across with a scanner with your requirement. Could you please advice if a Fujitsu Fi-6670 will be an acceptable option for your purchase? We are including the scanner specifications in this E-mail.

A2. The Fujitsu Fi-6670 will be acceptable.

Q3. Our Company has developed a Business Class Document Management System for digitalization, which has been purchased by DEI in Honduras. Do you need a Document Management Solution Software for this project?

A3. Not at this time.

Q4. Scanners require the replacement of mobile parts every 400,000 pages which are not considered partof the normal Part Warranty Policy. Are you considering the purchase of additional Mobile Part Maintenance Kits for this scanners?

A4. No. We are not considering purchasing Mobile Parts Maintenance Kits at the moment

Q5. In referral to solicitation document for the process RFQ No. SHO800-12-Q-0038, which includes the specification of 4 plotters, it reads as follows:

"*Plotter*Printing specifications: Model size 44in functions all-in-one functions"

Id like to ask if the all-in-one functions refers to the scanning capability for the plotters or printing is the only function needed since the "all-in-one" term does not generally apply to plotters.

A5. Document RFQ SHO800-12-Q-0038 does not include plotters.

If asking about Plotters in Request SHO80012Q0039, the all-in-one term does not refer to scanning capability. The plotter should print directly from a computer or from a USB Flash drive.
