DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

Title: Northern India Animal Protein Consumption Survey and Report

Background information:

The Indian buffalo meat industry has become one of the world's largest carabeef exporters. However, data on the industry, including information on overall meat consumption, is scarce or unknown. India's animal protein consumption is poorly documented. While many reports indicate that Indian animal protein consumption is growing, reliable data are generally unavailable in the public domain. Private firms, however, have collected some useful data which could be used to calculate domestic consumption. However, in order to have a more accurate picture of total animal protein consumption, quantity and price data needs to be collected on a state-wise basis. The states to be covered for the purpose of the study are combined as clusters based on cultural similarities, socio-economic status and food habits. The study will analyze these states or union territories, which are combined into groups: 1) Punjab; 2) Delhi; 3) Uttar Pradesh; 4) Maharashtra; 5) Rajasthan; 6) Madhya Pradesh; 7) Bihar; 8) West Bengal; and 9) Assam.

In order to better understand total Indian buffalo meat production and potential supplies for future exports, USDA seeks a contractor to help estimate India's buffalo meat consumption in northern India. The market is divided into an export-oriented segment (formal sector) and a domestic segment (formal and informal sector). Domestic consumption data, which represents nearly 100% of informal sector production, is poorly understood. USDA thus seeks a contractor to estimate domestic consumption, which can be used to estimate carabeef production. USDA would also like the contractor to estimate animal protein consumption for other animal products, which may provide some indication for future carabeef and other animal protein demand.

Objective:

Estimate India's Domestic Meat Consumption

Collect monthly time-series (2009-present) consumer price data for animal proteins on a state-wise basis. The cluster of states or union territories to be covered include: 1) Punjab; 2) Delhi; 3) Uttar Pradesh; 4) Maharashtra; 5) Rajasthan; 6) Madhya Pradesh; 7) Bihar; 8) West Bengal; and 9) Assam.

For this calendar year, estimate the quantities/prices of buffalo and other animal proteins consumed on a state-wise basis, including other consumer level data broken down by income and age brackets, and rural vs. urban consumption patterns. The cluster of states or union territories to be covered include: 1) Punjab; 2) Delhi; 3) Uttar Pradesh; 4) Maharashtra; 5) Rajasthan; 6) Madhya Pradesh; 7) Bihar; 8) West Bengal; and 9) Assam.

Prepare written analysis, including graphs and charts, on all consumption data on a state-by-state basis.

Requirements:

Objective 1: Using collected data, the contractor will estimate India's animal protein consumption (price and quantity) on a state-wise basis. Animal proteins include chicken, pork, ovine, and caprine meat, carabeef/beef, eggs, aquaculture products (fresh water and seafood), and fluid milk. The cluster of states or union territories to be covered include: 1) Punjab; 2) Delhi;

3) Uttar Pradesh; 4) Maharashtra; 5) Rajasthan; 6) Madhya Pradesh; 7) Bihar; 8) West Bengal; and 9) Assam. The contractor will do the following:

Collect monthly time-series (2009-present) consumer price data for animal proteins on a state-wise basis. Explain all variations in the data in the written report, including changes in production costs or other indicators.

For this calendar year, estimate the quantity and price of buffalo and other animal proteins consumed on a state-wise basis. Provide state by state comparisons/analyses and explanation of data in the written report.

For this calendar year, estimate household consumer animal protein demand (price, quantity, and type of animal protein consumed) by state and income bracket through written surveys/questionnaires. Compare/analyze income brackets, including providing data and analysis in the written report.

For this calendar year, estimate household consumer animal protein demand (price, quantity, and type of animal protein consumed) by state and consumer age bracket through written surveys/questionnaires. Compare/analyze consumer age brackets, including providing data and analysis in the written report.

For this calendar year, estimate household consumer animal protein demand (price, quantity, and type of animal protein consumed) by state, broken down by rural and urban consumption patterns, through written surveys/questionnaires. Compare/analyze rural vs. urban consumption patterns, including providing data and analysis in the written report.

Conduct interviews with municipal and private abattoirs, producers, organized retailers (e.g., retailers that have refrigeration/cold chain), distributors, open market (live animal) retailers, hotels, restaurants, other relevant retailers (e.g., Quick Service Restaurants (QSR)), public and private sector businesses, and households (by income and age brackets) to collect and analyze quantitative and qualitative information on consumer demand, including total sales volume (quantity and price), consumer animal protein preferences/buying habits (e.g., live animal vs processed meat preferences, cut preferences (e.g. halal, kosher, tenderloin, flank, skirts, chuck, or mince), at-home vs. QSR vs. restaurant consumption, and frozen versus chilled preferences), demographics, branding, and other relevant factors.

#### Additional Contractor Requirements/Performance Indicators:

The contractor will meet the following requirements in order to successfully complete the program.

The contractor will provide a draft methodology and scope of work to USDA for review and approval. This must be completed within 2 weeks of the contract being awarded.

The sample size selected for the study should provide a confidence level of 95% with a margin of error of at most 3%.

The contractor will provide monthly status updates of progress, preliminary data, and a progress report within 3 months and a draft report within 6 months of being awarded the contract.

The contractor will provide the final report in 9 months from the date of contract award.

#### USDA Responsibilities:

USDA will provide timely feedback on the contractor's updates.

USDA will determine when the report meets the criteria laid out in the requirements.

#### Payment Modalities:

A partial payment of 50 percent of the total contract amount will be made upon final delivery of price and quantity data for domestic buffalo meat and other animal protein consumption, subject to feedback and revisions requested by USDA (Objective 1).

The remainder of the balance due will be paid upon finalization of the written report and analysis of the data, subject to feedback and revisions requested by USDA.

In addition to the objective, the contractor will make in-depth recommendations for continuing the study. Recommendations should include questions revealed during the initial study which can be pursued in order to better understand the Indian buffalo and cattle industry and overall animal protein demand.

**Other:**

The final study including all collected data and methodologies used to estimate that data will be the sole property of the US Department of Agriculture.

The USDA will use this study to publish further reports which will be made public on the internet, as well as other media.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) o Are, o are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) o Have, o have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) o Have, o have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
