

EMBASSY OF THE UNITED STATES OF AMERICA
NEW DELHI

The Embassy has authorized the physicians listed below of this notice to give medical examinations to visa applicants. **Please make your own arrangements for an examination by any physician on the list at least seven days before your immigrant visa appointment.**

For each family, bring

- Original appointment letter
- A passport
- Three recent photographs
- All medical records of vaccinations, prior illnesses or treatments. You must discuss your medical history and current conditions – pregnancy, diabetes, hypertension and other conditions and medications taken – with the physician.

These physicians are Indian citizens practicing locally, and the examination they give to visa applicants conforms to standards and terminology prescribed by the United States Public Health Service. Any attempt by the applicant to influence the physician's medical judgment will reflect unfavorably on the visa application.

The physician may need four to seven days to prepare the results of your medical examination. Collect the report from him/her and bring it to Embassy on the day of your formal visa application appointment.

The following fees for physicians have been authorized by the Embassy, effective December 1, 2012.
