

QUESTIONS AND ANSWERS

**Solicitation No. SIZ100-12-R-0020
Basketball Safety Fence**

U.S. EMBASSY – BAGHDAD, IRAQ

Q1. At the site visit it was stated that the finished product should mirror the tennis court. The SOW states specifically that the accessories and posts are to match the existing tennis court. My question comes to the barbed wire, extension arms (for barbed wire), and locks required on the new fencing per the SOW. Should we include the barbed wire, extension arms, and locks even though it will not match the tennis court?

A1. Please see Amendment No. 1 to this solicitation. The barbed wire wording does not apply.
