REQUEST FOR QUOTATIONS - CONSTRUCTION

A. PRICE

The contractor shall complete all work, including furnishing all labor, material, equipment and services required under this purchase order for the following firm fixed price and within the time specified. This price shall include all labor, materials, overhead and profit.

USD _____ Total Price

DBA _____

TOTAL CONTRACT PRICE including DBA _____

B. SCOPE OF WORK

The character and scope of the work are set forth in the contract. The Contractor shall furnish and install all materials required by this contract.

In case of differences between small and large-scale drawings, the latter will govern. Where a portion of the work is drawn in detail and the remainder of the work is indicated in outline, the parts drawn in detail shall apply also to all other portions of the work.

C. PACKAGING AND MARKING

Mark materials delivered to the site as follows:

American Embassy
Al Kindi Street
International Zone
Bagdad, Iraq

D. INSPECTION AND ACCEPTANCE

The COR, or his/her authorized representatives, will inspect from time to time the services being performed and the supplies furnished to determine whether work is being performed in a satisfactory manner, and that all supplies are of acceptable quality and standards.

The Contractor shall be responsible for any countermeasures or corrective action, within the scope of this contract, which may be required by the Contracting Officer as a result of such inspection.

D.1 Substantial Completion: Definitions

- (a) "Substantial Completion" means the stage in the progress of the work as determined and certified by the Contracting Officer in writing to the Contractor, on which the work (or a portion designated by the Government) is sufficiently complete and satisfactory. Substantial completion means that the property

may be occupied or used for the purpose for which it is intended, and only minor items such as touch-up, adjustments, and minor replacements or installations remain to be completed or corrected which:

- (1) do not interfere with the intended occupancy or utilization of the work, and
- (2) can be completed or corrected within the time period required for final completion.

- (b) The "date of substantial completion" means the date determined by the Contracting Officer or authorized Government representative as of which substantial completion of the work has been achieved.

Use and Possession upon Substantial Completion

The Government shall have the right to take possession of and use the work upon substantial completion. Upon notice by the Contractor that the work is substantially complete (a Request for Substantial Completion) and an inspection by the Contracting Officer or an authorized Government representative (including any required tests), the Contracting Officer shall furnish the Contractor a Certificate of Substantial Completion. The certificate will be accompanied by a Schedule of Defects listing items of work remaining to be performed, completed or corrected before final completion and acceptance. Failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The Government's possession or use upon substantial completion shall not be deemed an acceptance of any work under the contract.

D.2 Final Completion and Acceptance: Definitions

- (a) "Final completion and acceptance" means the stage in the progress of the work as determined by the Contracting Officer and confirmed in writing to the Contractor, at which all work required under the contract has been completed in a satisfactory manner, subject to the discovery of defects after final completion, and except for items specifically excluded in the notice of final acceptance.
- (b) The "date of final completion and acceptance" means the date determined by the Contracting Officer when final completion of the work has been achieved, as indicated by written notice to the Contractor.

Final Inspection and Tests

The Contractor shall give the Contracting Officer at least three (3) days advance written notice of the date when the work will be fully completed and ready for final inspection and tests. Final inspection and tests will be started not later than the date specified in the notice unless the Contracting Officer determines that the work is not ready for final inspection and so informs the Contractor.

Final Acceptance

If the Contracting Officer is satisfied that the work under the contract is complete (with the exception of continuing obligations), the Contracting Officer shall issue to the Contractor a notice of final acceptance and make final payment upon:

-Satisfactory completion of all required tests,

- a final inspection that all items by the Contracting Officer listed in the Schedule of Defects have been completed or corrected and that the work is finally complete (subject to the discovery of defects after final completion), and
- submittal by the Contractor of all documents and other items required upon completion of the work, including a final request for payment (Request for Final Acceptance).

E - DELIVERIES OR PERFORMANCE

E.1 52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall be required to:

- (a) commence work under this contract within (5) five calendar days after the date the Contractor receives the notice to proceed,
- (b) prosecute the work diligently, and,
- (c) complete the entire work ready for use not later than (90) ninety calendar days after the date the Contractor receives the notice to proceed.

The time stated for completion shall include final cleanup of the premises and completion of punch list items.

E.2 52.211-12 LIQUIDATED DAMAGES - CONSTRUCTION (SEP 2000)

- (a) If the Contractor fails to complete the work within the time specified in the contract, or any extension, the Contractor shall pay liquidated damages to the Government in the amount of **\$732.80** for each day of delay until the work is completed or accepted.
- (b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Default clause.

E.3 ASSESSMENT AND APPORTIONMENT OF LIQUIDATED DAMAGES

Liquidated damages will be assessed from the completion date indicated in the contract or extensions thereof to the date of substantial completion as actually achieved by the Contractor, as determined by the Contracting Officer.

E.4 CONTRACTOR'S SUBMISSION OF CONSTRUCTION SCHEDULES

- (a) The time for submission of the schedules referenced in FAR 52.236-15, "Schedules for Construction Contracts", paragraph (a), is hereby modified to reflect the due date for submission as 10 calendar days after receipt of an executed contract".
- (b) These schedules shall include the time by which shop drawings, product data, samples and other submittals required by the contract will be submitted for approval.
- (c) The Contractor shall revise such schedules (1) to account for the actual progress of the work, (2) to reflect approved adjustments in the performance schedule, and (3) as required by the Contracting Officer to achieve coordination with work by the Government and any separate contractors used by the

Government. The Contractor shall submit a schedule, which sequences work so as to minimize disruption at the job site.

- (d) All deliverables shall be in the English language and any system of dimensions (English or metric) shown shall be consistent with that used in the contract. No extension of time shall be allowed due to delay by the Government in approving such deliverables if the Contractor has failed to act promptly and responsively in submitting its deliverables. The contractor shall identify each deliverable as required by the contract.
- (e) Acceptance of Schedule: When the Government has accepted any time schedule; it shall be binding upon the Contractor. The completion date is fixed and may be extended only by a written contract modification signed by the Contracting Officer. Acceptance or approval of any schedule or revision thereof by the Government shall not:
 - (1) Extend the completion date or obligate the Government to do so,
 - (2) Constitute acceptance or approval of any delay, or
 - (3) Excuse the Contractor from or relieve the Contractor of its obligation to maintain the progress of the work and achieve final completion by the established completion date.

E.5 Notice Of Delay

If the Contractor receives a notice of any change in the work, or if any other conditions arise which are likely to cause or are actually causing delays which the Contractor believes may result in late completion of the project, the Contractor shall notify the Contracting Officer. The Contractor's notice shall state the effect, if any, of such change or other conditions upon the approved schedule, and shall state in what respects, if any, the relevant schedule or the completion date should be revised. The Contractor shall give such notice promptly, not more than ten (10) days after the first event giving rise to the delay or prospective delay. Only the Contracting Officer may make revisions to the approved time schedule.

E.6 Notice to Proceed

- (a) After receiving and accepting any bonds or evidence of insurance, the Contracting Officer will provide the Contractor a Notice to Proceed. The Contractor must then prosecute the work, commencing and completing performance not later than the time period established in the contract.
- (b) It is possible that the Contracting Officer may elect to issue the Notice to Proceed before receipt and acceptance of any bonds or evidence of insurance. Issuance of a Notice to Proceed by the Government before receipt of the required bonds or insurance certificates or policies shall not be a waiver of the requirement to furnish these documents.

E.7 Working Hours

All work shall be performed on regular workdays between 07:00 and 17:00. Other hours, if requested by the Contractor, may be approved by the Contracting Officer's Representative (COR). The Contractor shall give 24 hours in advance to COR who will consider any deviation from the hours identified above. Changes in work hours, initiated by the Contractor, will not be a cause for a price increase.

E.8 Preconstruction Conference

A preconstruction conference will be held no later than 5 days after contract award at to discuss the schedule, submittals, notice to proceed, mobilization and other important issues that affect construction progress. See FAR 52.236-26, Preconstruction Conference.

E.9 Deliverables

The following items shall be delivered under this contract:

Description	Quantity	Delivery Date	Deliver To:
Section E. Preconstruction Conference	1	5 days after award	COR
E.4 General Requirements: Project Design Notes / Sketches	1	10 days after NTP	COR
Construction Schedule	1	5 days after NTP	COR
General Requirements: Submittals for Major Equipment	1	10 days after NTP	COR
Section G. Insurance	1	3 days after award	COR
Section F. Payment Request	1	Upon completion of work	COR
Section D. Request for Final Acceptance	1	Upon completion of work	COR
H.11.1. Safety Plan	1	10 days after award	COR
E.3.2. Request for Substantial Completion	1	5 days before inspection	COR
F.6 Notice of Delay	1	Within 10 days after event	CO
F.8 Additional Hours	1	No later than 24 hours in advance of need	COR
H.17.2 Differing Site Condition	1	Within 10 days of occurrence	CO
Punch List	1	5 days after Substantial Completion	COR
G.7 As-Built Warranties	1	80 days after NTP	COR

F ADMINISTRATIVE DATA**652.242-70 CONTRACTING OFFICER'S REPRESENTATIVE (COR) (AUG 1999)**

- (a) The Contracting Officer may designate in writing one or more Government employees, by name or position title, to take action for the Contracting Officer under this contract. Each designee shall be identified as a Contracting Officer's Representative (COR). Such designation(s) shall specify the scope and limitations of the authority so delegated; provided, that the designee shall not change the terms or conditions of the contract, unless the COR is a warranted Contracting Officer and this authority is delegated in the designation.
- (b) The COR for this contract is the Facility Manager.

Payment: The Contractor's attention is directed to Section H, 52.232-5, "Payments Under Fixed-Price Construction Contracts". The following elaborates on the information contained in that clause.

Requests for payment, may be made no more frequently than monthly. Payment requests shall cover the value of labor and materials completed and in place, including a prorated portion of overhead and profit.

After receipt of the Contractor's request for payment, and on the basis of an inspection of the work, the Contracting Officer shall make a determination as to the amount, which is then due. If the Contracting Officer does not approve payment of the full amount applied for, less the retainage allowed by in 52.232-5, the Contracting Officer shall advise the Contractor as to the reasons.

Under the authority of 52.232-27(a), the 14 day period identified in FAR 52.232-27(a)(1)(i)(A) is hereby changed to 30 days.

The Contractor shall address invoices to:

U.S Embassy Baghdad
Financial Management Officer
International Zone
Baghdad, Iraq

Alternately, invoices may be submitted in Acrobat PDF format only, to this email address:

BaghdadVouchers@state.gov

SYNCHRONIZED PREDEPLOYMENT AND OPERATIONAL TRACKER (SPOT)

In accordance with paragraph (g) of contract clause 52.225-19, Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission Outside the United States, the contractor shall use Synchronized Predeployment and Operational Tracker (SPOT). Contractor shall enter before deployment, or if already in the designated operational area, enter upon becoming an employee under the contract, and maintain current data, including departure data, for all Contractor personnel that are authorized to support a diplomatic or consular mission outside the United States. Information on how to register in SPOT is available at <http://www.dod.mil/bta/products/spot.html>

G. SPECIAL REQUIREMENTS

- G.1.0 Performance/Payment Protection - The Contractor shall furnish some form of payment protection as described in 52.228-13 in the amount of 50% of the contract price.
- G.1.1 The Contractor shall provide the information required by the paragraph above within ten (10) calendar days after award. Failure to timely submit the required security may result in rescinding or termination of the contract by the Government. If the contract is terminated, the contractor will be liable for those costs as described in FAR 52.249-10, Default (Fixed-Price Construction), which is included in this purchase order.
- G.1.2 The bonds or alternate performance security shall guarantee the Contractor's execution and completion of the work within the contract time. This security shall also guarantee the correction of any defects after completion, the payment of all wages and other amounts payable by the Contractor under its subcontracts or for labor and materials, and the satisfaction or removal of any liens or encumbrances placed on the work.
- G.1.3 The required securities shall remain in effect in the full amount required until final acceptance of the project by the Government. Upon final acceptance, the penal sum of the performance security shall be reduced to 10% of the contract price. The security shall remain in effect for one year after the date of final completion and acceptance, and the Contractor shall pay any premium required for the entire period of coverage.

G.2.0 Insurance

The Contractor is required by FAR 52.228-5, "Insurance - Work on a Government Installation" to provide whatever insurance is legally necessary. The Contractor shall at its own expense provide and maintain during the entire performance period the following insurance amounts:

- G.2.1 General Liability (includes premises/operations, collapse hazard, products, completed operations, contractual, independent contractors, broad form property damage, personal injury)

1. Bodily Injury on or off the site stated in US Dollars:

Per Occurrence	\$10,000
Cumulative	\$100,000

2. Property Damage on or off the site in US Dollars:

Per Occurrence	\$10,000
Cumulative	\$100,000

- G.2.2 The foregoing types and amounts of insurance are the minimums required. The Contractor shall obtain any other types of insurance required by local law or that are ordinarily or customarily obtained in the location of the work. The limit of such insurance shall be as provided by law or sufficient to meet normal and customary claims.

G.2.3 The Contractor agrees that the Government shall not be responsible for personal injuries or for damages to any property of the Contractor, its officers, agents, servants, and employees, or any other person, arising from an incident to the Contractor's performance of this contract. The Contractor shall hold harmless and indemnify the Government from any and all claims arising there from, except in the instance of gross negligence on the part of the Government.

G.2.4 The Contractor shall obtain adequate insurance for damage to, or theft of, materials and equipment in insurance coverage for loose transit to the site or in storage on or off the site.

G.2.5 The general liability policy required of the Contractor shall name "the United States of America, acting by and through the Department of State", as an additional insured with respect to operations performed under this contract.

G.3.0 Document Descriptions

G.3.1 Supplemental Documents: The Contracting Officer shall furnish from time to time such detailed drawings and other information as is considered necessary, in the opinion of the Contracting Officer, to interpret, clarify, supplement, or correct inconsistencies, errors or omissions in the Contract documents, or to describe minor changes in the work not involving an increase in the contract price or extension of the contract time. The Contractor shall comply with the requirements of the supplemental documents, and unless prompt objection is made by the Contractor within 20 days, their issuance shall not provide for any claim for an increase in the Contract price or an extension of contract time.

G.3.1.1 Record Documents. The Contractor shall maintain at the project site:

- (1) a current marked set of Contract drawings and specifications indicating all interpretations and clarification, contract modifications, change orders, or any other departure from the contract requirements approved by the Contracting Officer; and,
- (2) a complete set of record shop drawings, product data, samples and other submittals as approved by the Contracting Officer.

G.3.1.2 "As-Built" Documents: After final completion of the work, but before final acceptance thereof, the Contractor shall provide:

- (1) a complete set of "as-built" drawings, based upon the record set of drawings, marked to show the details of construction as actually accomplished; and,
- (2) record shop drawings and other submittals, in the number and form as required by the specifications.

G.4.0 Laws and Regulations

The Contractor shall, without additional expense to the Government, be responsible for complying with all laws, codes, ordinances, and regulations applicable to the performance of the work, including those of the host country, and with the lawful orders of any governmental authority having jurisdiction. Host country authorities may not enter the construction site without the permission of the Contracting Officer. Unless otherwise directed by the Contracting Officer, the Contractor shall comply with the more stringent of the requirements of such laws, regulations and orders and of the contract. In the event of a conflict between the contract and such laws, regulations and orders, the Contractor shall promptly advise the Contracting Officer of

the conflict and of the Contractor's proposed course of action for resolution by the Contracting Officer.

- G.4.1 The Contractor shall comply with all local labor laws, regulations, customs and practices pertaining to labor, safety, and similar matters, to the extent that such compliance is not inconsistent with the requirements of this contract.
- G.4.2 The Contractor shall give written assurance to the Contracting Officer that all subcontractors and others performing work on or for the project have obtained all requisite licenses and permits.
- G.4.3 The Contractor shall submit proper documentation and evidence satisfactory to the Contracting Officer of compliance with this clause.

G.5.0 Construction Personnel

The Contractor shall maintain discipline at the site and at all times take all reasonable precautions to prevent any unlawful, riotous, or disorderly conduct by or among those employed at the site. The contractor shall ensure the preservation of peace and protection of persons and property in the neighborhood of the project against such action. The Contracting Officer may require, in writing, that the Contractor remove from the work any employee that the Contracting Officer deems incompetent, careless, insubordinate or otherwise objectionable, or whose continued employment on the project is deemed by the Contracting Officer to be contrary to the Government's interests.

- G.5.1 If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately give notice, including all relevant information, to the Contracting Officer.
- G.5.2 After award, the Contractor has five calendar days to submit to the Contracting Officer a list of workers and supervisors assigned to this project for the Government to conduct all necessary security checks. It is anticipated that security checks will take approximately 30 days to perform. For each individual the list shall include:
- (a) Full Name
 - (b) Place and Date of Birth
 - (c) Current Address
 - (d) Identification number (*Jinsya or passport*)
 - (e) Vehicle make, model, color and license plate number

Failure to provide any of the above information may be considered grounds for rejection and/or resubmittal of the application. Once the Government has completed the security screening and approved the applicants a badge will be provided to the individual for access to the site. This badge may be revoked at any time due to the falsification of data, or misconduct on site.

- G.5.3 The Contractor shall provide an English speaking supervisor on site at all times. This position is considered as key personnel under this purchase order.

G.6.0 Materials and Equipment

All materials and equipment incorporated into the work shall be new and for the purpose intended, unless otherwise specified. All workmanship shall be of good quality and performed in a skillful manner that will withstand inspection by the Contracting Officer.

G.7.0 Special Warranties

G.7.1 Any special warranties that may be required under the contract shall be subject to the stipulations set forth in 52.246-21, "Warranty of Construction", as long as they are not in conflict.

G.7.2 The Contractor shall obtain and furnish to the Government all information required to make any subcontractor's, manufacturer's, or supplier's guarantee or warranty legally binding and effective. The contractor shall submit both the information and the guarantee or warranty to the Government in sufficient time to permit the Government to meet any time limit specified in the guarantee or warranty, but not later than completion and acceptance of all work under this contract.

G.8.0 Equitable Adjustments

Any circumstance for which the contract provides an equitable adjustment that causes a change within the meaning of paragraph (a) of the "Changes" clause shall be treated as a change under that clause; provided, that the Contractor gives the Contracting Officer prompt written notice (within 20 days) stating:

- (a) the date, circumstances, and applicable contract clause authorizing an equitable adjustment and
- (b) that the Contractor regards the event as a changed condition for which an equitable adjustment is allowed under the contract.

The Contractor shall provide written notice of a differing site condition within 10 calendar days of occurrence following FAR 52.236-2, Differing Site Conditions.

G.9.0 Zoning Approvals and Permits

The Government shall be responsible for:

- obtaining proper zoning or other land use control approval for the project
- obtaining the approval of the Contracting Drawings and Specifications
- paying fees due for the foregoing; and,
- for obtaining and paying for the initial building permits.

H. CLAUSES**52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)**

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

<http://acquisition.gov/far/index.html> or, <http://farsite.hill.af.mil/search.htm>

These addresses are subject to change. If the Federal Acquisition Regulation (FAR) is not available at the locations indicated above, use the Dept. of State Acquisition Website at <http://www.statebuy.state.gov> to see the links to the FAR. You may also use an Internet “search engine” (e.g., Yahoo, Excite, Alta Vista, etc.) to obtain the latest location of the most current FAR.

The following clauses are set forth in full text:

DEPARTMENT OF STATE ACQUISITION REGULATION (DOSAR) CLAUSES

652.204-70 DEPARTMENT OF STATE PERSONAL IDENTIFICATION CARD ISSUANCE PROCEDURES (AUG 2007)

(a) The Contractor shall comply with the Department of State (DOS) Personal Identification Card Issuance Procedures for all employees performing under this contract who require frequent and continuing access to DOS facilities, or information systems. The Contractor shall insert this clause in all subcontracts when the subcontractor's employees will require frequent and continuing access to DOS facilities, or information systems.

(b) The DOS Personal Identification Card Issuance Procedures may be accessed at

<http://www.state.gov/m/ds/rls/rpt/c21664.htm>

(End of clause)

CONTRACTOR IDENTIFICATION (JULY 2008)

Contract performance may require contractor personnel to attend meetings with government personnel and the public, work within government offices, and/or utilize government email.

Contractor personnel must take the following actions to identify themselves as non-federal employees:

- 1) Use an email signature block that shows name, the office being supported and company affiliation (e.g. "John Smith, Office of Human Resources, ACME Corporation Support Contractor");
- 2) Clearly identify themselves and their contractor affiliation in meetings;
- 3) Identify their contractor affiliation in Departmental e-mail and phone listings whenever contractor personnel are included in those listings; and
- 4) Contractor personnel may not utilize Department of State logos or indicia on business cards.

(End of clause)

DOSAR 652.236-70 ACCIDENT PREVENTION (APR 2004)

(a) *General.* The contractor shall provide and maintain work environments and procedures which will safeguard the public and Government personnel, property, materials, supplies, and equipment exposed to contractor operations and activities; avoid interruptions of Government operations and delays in project completion dates; and, control costs in the performance of this contract. For these purposes, the contractor shall:

- (1) Provide appropriate safety barricades, signs and signal lights;
- (2) Comply with the standards issued by any local government authority having jurisdiction over occupational health and safety issues; and,
- (3) Ensure that any additional measures the contracting officer determines to be reasonably necessary for this purpose are taken.
- (4) For overseas construction projects, the contracting officer shall specify in writing additional requirements regarding safety if the work involves:
 - (i) Scaffolding;
 - (ii) Work at heights above two (2) meters;

-
- (iii) Trenching or other excavation greater than one (1) meter in depth;
 - (iv) Earth moving equipment;
 - (v) Temporary wiring, use of portable electric tools, or other recognized electrical hazards. Temporary wiring and portable electric tools require the use of a ground fault circuit interrupter (GFCI) in the affected circuits; other electrical hazards may also require the use of a GFCI;
 - (vi) Work in confined spaces (limited exits, potential for oxygen less than 19.5 percent or combustible atmosphere, potential for solid or liquid engulfment, or other hazards considered to be immediately dangerous to life or health such as water tanks, transformer vaults, sewers, cisterns, etc.);
 - (vii) Hazardous materials – a material with a physical or health hazard including but not limited to, flammable, explosive, corrosive, toxic, reactive or unstable, or any operations which creates any kind of contamination inside an occupied building such as dust from demolition activities, paints, solvents, etc.; or
 - (viii) Hazardous noise levels.
- (b) *Records.* The contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to or theft of property, materials, supplies, or equipment. The contractor shall report this data in the manner prescribed by the contracting officer.
- (c) *Subcontracts.* The contractor shall be responsible for its subcontractors' compliance with this clause.
- (d) *Written program.* Before commencing work, the contractor shall:
- (1) Submit a written plan to the contracting officer for implementing this clause. The plan shall include specific management or technical procedures for effectively controlling hazards associated with the project; and,
 - (2) Meet with the contracting officer to discuss and develop a mutual understanding relative to administration of the overall safety program.
- (e) *Notification.* The contracting officer shall notify the contractor of any non-compliance with these requirements and the corrective actions required. This notice, when delivered to the contractor or the contractor's representative on site, shall be deemed sufficient notice of the non-compliance and corrective action required. After receiving the notice, the contractor shall immediately take corrective action. If the contractor fails or refuses to promptly take corrective action, the contracting officer may issue an order suspending all or part of the work until satisfactory corrective action has been taken. The contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any suspension of work order issued under this clause.

(End of clause)

652.242-73 AUTHORIZATION AND PERFORMANCE (AUG 1999)

(a) The contractor warrants the following:

- (1) That it has obtained authorization to operate and do business in the country or countries in which this contract will be performed;
- (2) That it has obtained all necessary licenses and permits required to perform this contract; and,
- (3) That it shall comply fully with all laws, decrees, labor standards, and regulations of said country or countries during the performance of this contract.

(b) If the party actually performing the work will be a subcontractor or joint venture partner, then such subcontractor or joint venture partner agrees to the requirements of paragraph (a) of this clause.

652.243-70 NOTICES (AUG 1999)

Any notice or request relating to this contract given by either party to the other shall be in writing. Said notice or request shall be mailed or delivered by hand to the other party at the address provided in the schedule of the contract. All modifications to the contract must be made in writing by the contracting officer.

652.229-71 PERSONAL PROPERTY DISPOSITION AT POSTS ABROAD (AUG 1999)

Regulations at 22 CFR Part 136 require that U.S. Government employees and their families do not profit personally from sales or other transactions with persons who are not themselves entitled to exemption from import restrictions, duties, or taxes. Should the contractor experience importation or tax privileges in a foreign country because of its contractual relationship to the United States Government, the contractor shall observe the requirements of 22 CFR Part 136 and all policies, rules, and procedures issued by the chief of mission in that foreign country.

652.228-71 WORKER'S COMPENSATION INSURANCE (DEFENSE BASE ACT) - SERVICES (JUN 2006)

(a) This clause supplements FAR 52.228-3. For the purposes of this clause, "covered contractor employees" includes the following individuals:

- (1) United States citizens or residents;
- (2) Individuals hired in the United States or its possessions, regardless of citizenship; and
- (3) Local nationals and third country nationals where contract performance takes place in a country where there are no local workers compensation laws.

(b) The Contractor shall procure Defense Base Act (DBA) insurance pursuant to the terms of the contract between the Department of State and the Department's DBA insurance carrier for covered contractor employees, unless the Contractor has a DBA self-insurance program approved by the Department of Labor.

The Contractor shall submit a copy of the Department of Labor's approval to the contracting officer upon contract award, if applicable.

(c) The current rate under the Department of State contract is \$5.50 of compensation for construction.

(d) The Contractor shall insert a clause substantially the same as this in all subcontracts. The Contractor shall require that subcontractors insert a similar clause in any of their subcontracts.

(e) Should the rates for DBA insurance coverage increase or decrease during the performance of this contract, the contracting officer shall modify this contract accordingly.

(f) The Contractor shall demonstrate to the satisfaction of the contracting officer that the equitable adjustment as a result of the insurance increase or decrease does not include any reserve for such insurance. Adjustment shall not include any overhead, profit, general and administrative expenses, etc.

(g)(1) Section 16 of the State Basic Authorities Act (22 U.S.C. 2680a), as amended, provides that the Defense Base Act shall not apply with respect to such contracts as the Secretary of State determines are contracts with persons employed to perform work for the Department of State on an intermittent basis for not more than 90 days in a calendar year. "Persons" includes individuals hired by companies under contract with the Department. The Procurement Executive has the authority to issue the waivers for Contractor employees who work on an intermittent or short-term basis.

(2) The Contractor shall submit waiver requests to the contracting officer. The request shall contain the following information:

(i) Contract number;

(ii) Name of Contractor;

(iii) Brief description of the services to be provided under the contract and country of performance;

(iv) Name and position title of individual(s);

(v) Nationality of individual(s) (must be U.S. citizen or U.S. resident);

(vi) Dates (or timeframe) of performance at the overseas location; and,

(vii) Evidence of alternative worker's compensation coverage for these employees (e.g., evidence that the State worker's compensation program covers workers on short-term foreign assignments).

(3) The contracting officer shall provide to the Contractor the original of the approved or disapproved document and maintain a copy in the contract file.

(End of clause)

J. QUOTATION INFORMATION

A. QUALIFICATIONS OF OFFERORS

Offerors/quoters must be technically qualified and financially responsible to perform the work described in this solicitation. At a minimum, each Offeror/Quoter must meet the following requirements:

- (1) Be able to understand written and spoken English;
- (2) Have an established business with a permanent address and telephone listing;
- (3) Be able to demonstrate prior construction experience with suitable references;
- (4) Have the necessary personnel, equipment and financial resources available to perform the work;
- (5) Have all licenses and permits required by local law;
- (6) Meet all local insurance requirements;
- (7) Have the ability to obtain or to post adequate performance security, such as bonds, irrevocable letters of credit or guarantees issued by a reputable financial institution;
- (8) Have no adverse criminal record; and
- (9) Have no political or business affiliation which could be considered contrary to the interests of the United States.

B. SUBMISSION OF QUOTATIONS

This solicitation is for the performance of the construction services described in SCOPE OF WORK, and the Attachments which are a part of this request for quotation.

Each quotation must consist of the following:

<u>Volume</u>	<u>Title</u>	<u>No. of Copies*</u>
I	Standard Form 1442 including a completed Attachment 3, "BREAKDOWN OF PROPOSAL PRICE BY DIVISIONS OF SPECIFICATIONS" and BID FORM.	__1__
II	Performance schedule in the form of a "bar chart" and Business Management/Technical Proposal.	__1__

Submit the complete quotation to the address indicated on Standard Form 1442 (block 8), if mailed, or the address set forth below, if hand delivered.

U.S Embassy
Al Kindi Street
Baghdad International Zone, Iraq

(marked for the attention of the **“Contracting Officer – Proposal S-IZ100-11-R-0075 Enclosed”**)

The Offeror/Quoter shall identify and explain/justify any deviations, exceptions, or conditional assumptions taken with respect to any of the instructions or requirements of this request for quotation in the appropriate volume of the offer.

Volume II: Performance schedule and Business Management/Technical Proposal.

- (a) Present the performance schedule in the form of a "bar chart" indicating when the various portions of the work will be commenced and completed within the required schedule. This bar chart shall be in sufficient detail to clearly show each segregable portion of work and its planned commencement and completion date.
- (b) The Business Management/Technical Proposal shall be in two parts, including the following information:

Proposed Work Information - Provide the following:

- (1) A list of the names, addresses and telephone numbers of the owners, partners, and principal officers of the Offeror;
- (2) The name and address of the Offeror's field superintendent for this project;
- (3) A list of the names, addresses, and telephone numbers of subcontractors and principal materials suppliers to be used on the project, indicating what portions of the work will be performed by them; and,

Experience and Past Performance - List all contracts and subcontracts your company has held over the past three years for the same or similar work. Provide the following information for each contract and subcontract:

- (1) Customer's name, address, and telephone numbers of customer's lead contract and technical personnel;
- (2) Contract number and type;
- (3) Date of the contract award place(s) of performance, and completion dates; Contract dollar value;
- (4) Brief description of the work, including responsibilities; and
- (5) Any litigation currently in process or occurring within last 5 years.

LICENSES

- (1) A copy of the company registration with the Iraqi Ministry of Trade, or
- (2) For foreign companies, a copy of the company registration with the Foreign Companies Section of the Iraqi Ministry of Trade,

INSURANCE & PAYMENT PROTECTION INFORMATION

- (1) A statement identifying the insurance company from which the general liability insurance policy will be purchased if awarded the contract

C. 52.236-27 SITE VISIT (FEB 1995)

- (a) The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, offerors or quoters are urged and expected to inspect the site where the work will be performed.
- (b) A site visit has been scheduled for **10:00 on Tuesday September 6, 2011**.
- (c) Participants will meet at the U. S. Embassy, Red CAC on Al Kindi Street, International Zone, Baghdad, Iraq.
- (d) In order to be admitted to the Site Visit, a Site Visit Registration form must be submitted by email to this address BaghdadGSOProcurement@state.gov to the attention of Desiree Tupper no later than 12:00 noon (Baghdad Time) on Thursday, September 1, 2011. No more than 1 person will be admitted from each company. The form is available for download from the Embassy web site at http://iraq.usembassy.gov/gso_procurement.html or you may request a copy of the form by email at BaghdadGSOProcurement@state.gov.

D. MAGNITUDE OF CONSTRUCTION PROJECT

It is anticipated that the range in price of this contract will be: between \$100,000 and \$150,000.

E. LATE QUOTATIONS. Late quotations shall be handled in accordance with FAR**F. 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)**

This contract incorporates the following provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at:

<http://acquisition.gov/far/index.html/> or, <http://farsite.hill.af.mil/search.htm>

These addresses are subject to change. If the Federal Acquisition Regulation (FAR) is not available at the locations indicated above, use of an Internet "search engine" (such as, Yahoo, Infoseek, Alta Vista, etc.) is suggested to obtain the latest location of the most current FAR.
<http://www.statebuy.state.gov>

FEDERAL ACQUISITION REGULATION (48 CFR CH. 1)

52.215-1 INSTRUCTIONS TO OFFERORS--COMPETITIVE ACQUISITION (JAN 2004), which is incorporated by reference into this solicitation.

THE FOLLOWING DOSAR PROVISION IS PROVIDED IN FULL TEXT:

- (a) The Department of State has entered into a contract with an insurance carrier to provide Defense Base Act (DBA) insurance to Department of State covered contractor employees at a contracted rate. For the purposes of this provision, "covered contractor employees" includes the following individuals:

- (1) United States citizens or residents;
- (2) Individuals hired in the United States or its possessions, regardless of citizenship; and
- (3) Local nationals and third country nationals where contract performance takes place in a country where there are no local workers' compensation laws.

- (b) In preparing the cost proposal, the bidder/offeror shall use the following rates in computing the cost for the DBA insurance:

Construction @ \$5.50 per \$100 of compensation.

- (c) Bidders/Offerors shall compute the total compensation (direct salary plus differential, but excluding per diem, housing allowances) to be paid to covered contractor employees and the cost of DBA insurance in their bid/proposal using the foregoing rate. Bidders/offerors shall include the estimated DBA insurance costs in their proposed fixed price or estimated cost. However, the DBA insurance costs shall be identified in a separate line item in the bid proposal."

652.228-74 DEFENSE BASE ACT INSURANCE RATES – LIMITATION (JUN 2006)]

- (a) The Department of State has entered into a contract with an insurance carrier to provide Defense Base Act (DBA) insurance to Department of State covered contractor employees at a contracted rate. For the purposes of this provision, "covered contractor employees" includes the following individuals:

- (4) United States citizens or residents;
- (5) Individuals hired in the United States or its possessions, regardless of citizenship; and
- (6) Local nationals and third country nationals where contract performance takes place in a country where there are no local workers' compensation laws.

- (b) In preparing the cost proposal, the bidder/offeror shall use the following rates in computing the cost for the DBA insurance:

Construction @ \$5.50 per \$100 of compensation.

(c) Bidders/Offerors shall compute the total compensation (direct salary plus differential, but excluding per diem, housing allowances) to be paid to covered contractor employees and the cost of DBA insurance in their bid/proposal using the foregoing rate. Bidders/offerors shall include the estimated DBA insurance costs in their proposed fixed price or estimated cost. However, the DBA insurance costs shall be identified in a separate line item in the bid proposal.”

SECTION K - EVALUATION CRITERIA

K.1 Award will be made to the lowest priced, acceptable, responsible quoter. The Government reserves the right to reject quotations that are unreasonably low or high in price.

The Government will determine acceptability by assessing the offeror's compliance with the terms of the RFQ. The Government will determine responsibility by analyzing whether the apparent successful quoter complies with the requirements of FAR 9.1, including:

- ability to comply with the required performance period, taking into consideration all existing commercial and governmental business commitments;
- satisfactory record of integrity and business ethics;
- necessary organization, experience, and skills or the ability to obtain them;
- necessary equipment and facilities or the ability to obtain them; and
- otherwise qualified and eligible to receive an award under applicable laws and regulations.

K.2 COMPETITIVE RANGE DETERMINATION AND REJECTION OF OFFERS

The Government intends to make award without discussions on the basis of initial proposals received. However, the Government may elect to make award with discussions if it is determined to be in the Government's best interest.

If the Government elects to make award with discussions, it reserves the right, before requesting a final proposal revision, to: 1) limit the number of offerors in the competitive range to the greatest number of proposals that will permit an adequate competition among the technically acceptable proposals; 2) make more than one competitive range determination; 3) conduct more than one round of discussions; and 4) conduct more than one round of proposal revisions.

The Government reserves the right to reject an offer if one of the following conditions exists:

- a) Offeror fails to submit any of the required proposal documents required by Section L;
- b) Offeror submits a cost/price proposal that cannot be adequately explained or substantiated;
- c) Offeror submits an offer that could not be made technically acceptable without a major rewrite.
- d) Offeror submits an offer electronically to any email address other than to BaghdadGSOProcBid@state.gov
- e) The offeror does not provide proof that it has the permits and licenses to legally conduct business in Iraq (See section J.B. Volume II- Licenses)

K.3 PRICE PROPOSAL EVALUATION FACTORS

The Government will conduct an evaluation to determine ultimately if the overall estimated price in Section B is fair and reasonable. In doing so, the Government will examine the completeness, accuracy, and reasonableness of the offeror's estimated prices for all the items specified in Section B. The Government will use one or more of the proposal analysis techniques stipulated in FAR 15.404 to conduct the evaluation. This evaluation will also include a review of the Representation and Certifications and Small Business Subcontracting Plan, if applicable.

K.4 EVALUATION SUPPORT

The Government may use contractors to assist in the evaluation of proposals. If used, these contractors will have access to any and all information contained in the offeror's proposals, but will be subject to appropriate conflict of interest, standards of conduct, and confidentiality restrictions.

K.5 52.219-1 Small Business Program Representations (Jan 2011)

(a)(1) The North American Industry Classification System (NAICS) code for this acquisition is:

811192

(2) The small business size standard is N/A.

(3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

(b) Representations.

(1) The offeror represents as part of its offer that it is, is not a small business concern.

(2) [*Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.*] The offeror represents, for general statistical purposes, that it is, is not, a small disadvantaged business concern as defined in 13 CFR 124.1002.

(3) [*Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.*] The offeror represents as part of its offer that it is, is not a women-owned small business concern.

(4) [*Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.*] The offeror represents as part of its offer that it is, is not a veteran-owned small business concern.

(5) [*Complete only if the offeror represented itself as a veteran-owned small business concern in paragraph (b)(4) of this provision.*] The offeror represents as part of its offer that it is, is not a service-disabled veteran-owned small business concern.

(6) [*Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.*] The offeror represents, as part of its offer, that—

(i) It is, is not a HUBZone small business concern listed, on the date of this representation, on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration, and no material changes in ownership and control, principal

office, or HUBZone employee percentage have occurred since it was certified in accordance with 13 CFR Part 126; and

(ii) It is, is not a HUBZone joint venture that complies with the requirements of 13 CFR Part 126, and the representation in paragraph (b)(6)(i) of this provision is accurate for each HUBZone small business concern participating in the HUBZone joint venture. [*The offeror shall enter the names of each of the HUBZone small business concerns participating in the HUBZone joint venture: _____.*] Each HUBZone small business concern participating in the HUBZone joint venture shall submit a separate signed copy of the HUBZone representation.

(c) *Definitions.* As used in this provision—

“Service-disabled veteran-owned small business concern”—

(1) Means a small business concern—

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) “Service-disabled veteran” means a veteran, as defined in [38 U.S.C. 101\(2\)](#), with a disability that is service-connected, as defined in [38 U.S.C. 101\(16\)](#).

“Small business concern” means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and the size standard in paragraph (a) of this provision.

“Veteran-owned small business concern” means a small business concern—

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at [38 U.S.C. 101\(2\)](#)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

“Women-owned small business concern” means a small business concern—

(1) That is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

(d) Notice.

(1) If this solicitation is for supplies and has been set aside, in whole or in part, for small business concerns, then the clause in this solicitation providing notice of the set-aside contains restrictions on the source of the end items to be furnished.

(2) Under [15 U.S.C. 645\(d\)](#), any person who misrepresents a firm’s status as a small, HUBZone small, small disadvantaged, or women-owned small business concern in order to obtain a contract to be awarded under the preference programs established pursuant to section 8(a), 8(d), 9, or 15 of the Small

Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, shall—

- (i) Be punished by imposition of fine, imprisonment, or both;
- (ii) Be subject to administrative remedies, including suspension and debarment; and
- (iii) Be ineligible for participation in programs conducted under the authority of the Act. (End of provision)

K.6 52.222-40 NOTIFICATION OF EMPLOYEE RIGHTS UNDER THE NATIONAL LABOR RELATIONS ACT (DEVIATION JUN 2010)

(a) During the term of this contract, the Contractor shall post a notice, of such size and in such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and about its plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR 471.2 (d) and (f).

(1) Physical posting of the employee notice shall be in conspicuous places in and about the Contractor's plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relation Act and engage in activities related to the performance of the contract.

(2) If the Contractor customarily posts notices to employees electronically, then the Contractor shall also post the required notice electronically by displaying prominently, on any website that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor's website that contains the full text of the poster. The link to the Department's website, as referenced in (b)(3) of this section must read, "Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers."

(b) This required notice, printed by the Department of Labor, can be –

(1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW, Room N-5609, Washington, DC 20210, (202) 693-0123, or from any field office of the Office of Labor-Management Standards or Office of Federal Contract Compliance Programs; or

(2) Provided by the Federal contracting agency, if requested;

(3) Downloaded from the Office of Labor-Management Standards web site at <http://www.dol.gov/olms/regs/compliance/EO13496.htm> ; or

(4) Reproduced and used as exact duplicate copies of the Department of Labor's official poster.

(c) The required text of the Employee Notification referred to in this clause is located at Appendix A, Subpart A, 29 CFR Part 471.

(d) The Contractor shall comply with all provisions of the Employee Notice and related rules, regulations, and orders of the Secretary of Labor.

(e) In the event that the Contractor does not comply with the requirements set forth in paragraphs (a) through (d) of this clause, this contract may be terminated or suspended in whole or in part, and the Contractor may be suspended or debarred in accordance with 29 CFR 471.14 and FAR Subpart 9.4. Such other sanctions or remedies may be imposed as are provided by 29 CFR Part 471, which implements E.O. 13496 or as otherwise provided by law.

(f) Subcontracts.

(1) The Contractor shall include the substance of the provisions of paragraphs (a) through (f) of this clause in every subcontract that exceeds \$10,000 unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each subcontractor.

(2) The Contractor and subcontractor are not permitted to procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this subpart.

(3) The Contractor shall take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for non compliance.

(4) However, if the Contractor becomes involved in litigation with a subcontractor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

**SECTION L - REPRESENTATIONS, CERTIFICATIONS AND OTHER
STATEMENTS OF OFFERORS OR QUOTERS**

L.1 52.204-3 TAXPAYER IDENTIFICATION (OCT 1998)

(a) Definitions.

"Common parent", as used in this provision, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

"Taxpayer Identification Number (TIN)", as used in this provision, means the number required by the IRS to be used by the offeror in reporting income tax and other returns. The TIN may be either a Social Security Number or an Employer Identification Number.

(b) All offerors must submit the information required in paragraphs (d) through (f) of this provision in order to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325 (d), reporting requirements of 26 USC 6041, 6041A, and 6050M and implementing regulations issued by the Internal Revenue Service (IRS). If the resulting contract is subject to the reporting requirements described in FAR 4.904, the failure or refusal by the offeror to furnish the information may result in a 31 percent reduction of payments otherwise due under the contract.

(c) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 USC 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

(d) Taxpayer Identification Number (TIN).

TIN: _____

TIN has been applied for.

TIN is not required because:

Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the U.S. and does not have an office or place of business or a fiscal paying agent in the U.S.;

Offeror is an agency or instrumentality of a foreign government;

Offeror is an agency or instrumentality of the Federal Government.

(e) Type of Organization.

Sole Proprietorship;

Partnership;

Corporate Entity (not tax exempt);

Corporate Entity (tax exempt);

Government entity (Federal, State, or local);

Foreign government;

International organization per 26 CFR 1.6049-4;

Other _____

(f) Common Parent.

Offeror is not owned or controlled by a common parent as defined in paragraph (a) of this clause.

Name and TIN of common parent;

Name _____

TIN _____

(End of provision)

L.2 52.204-6 CONTRACTOR IDENTIFICATION NUMBER -DATA UNIVERSAL NUMBERING SYSTEM (DUNS) NUMBER (OCT 2003)

- (a) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS+4" followed by the DUNS number or DUNS+4 that identifies the offeror's name and address exactly as stated in the offer. The DUNS number is a nine-digit number assigned by Dun and Bradstreet Information Services. The DUNS+4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see Subpart 32.11) for the same parent company.

If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. An offeror may obtain a DUNS number-

- If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at <http://www.dnb.com>; or
- If located outside the United States, by contacting the local Dun and Bradstreet office.

The offeror should be prepared to provide the following information:

- Company legal business name.
- Tradestyle, doing business, or other name by which your entity is commonly recognized.
- Company physical street address, city, state and Zip Code.
- Company mailing address, city, state and Zip Code (if separate from physical)
- Company telephone number
- Date the company was started.
- Number of employees at your location.
- Chief executive officer/key manager.
- Line of business (industry)
- Company Headquarters name and address (reporting relationship within your entity).

L.3 52.204-8 Annual Representations and Certifications. JAN 2011

ANNUAL REPRESENTATIONS AND CERTIFICATIONS (JAN 2011)

- (a)(1) The North American Industry Classification System (NAICS) code for this acquisition is 811192
- (2) The small business size standard is N/A
- (3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.
- (b)(1) If the clause at [52.204-7](#), Central Contractor Registration, is included in this solicitation, paragraph (d) of this provision applies.
- (2) If the clause at [52.204-7](#) is not included in this solicitation, and the offeror is currently registered in CCR, and has completed the ORCA electronically, the offeror may choose to use paragraph (d) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The offeror shall indicate which option applies by checking one of the following boxes:
- (i) Paragraph (d) applies.
- (ii) Paragraph (d) does not apply and the offeror has completed the individual representations and certifications in the solicitation.
- (c)(1) The following representations or certifications in ORCA are applicable to this solicitation as indicated:
- (i) [52.203-2](#), Certificate of Independent Price Determination. This provision applies to solicitations when a firm-fixed-price contract or fixed-price contract with economic price adjustment is contemplated, unless—
- (A) The acquisition is to be made under the simplified acquisition procedures in [Part 13](#);
- (B) The solicitation is a request for technical proposals under two-step sealed bidding procedures; or
- (C) The solicitation is for utility services for which rates are set by law or regulation.
- (ii) [52.203-11](#), Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions. This provision applies to solicitations expected to exceed \$150,000.
- (iii) [52.204-3](#), Taxpayer Identification. This provision applies to solicitations that do not include the clause at [52.204-7](#), Central Contractor Registration.
- (iv) [52.204-5](#), Women-Owned Business (Other Than Small Business). This provision applies to solicitations that—
- (A) Are not set aside for small business concerns;
- (B) Exceed the simplified acquisition threshold; and
- (C) Are for contracts that will be performed in the United States or its outlying areas.
- (v) [52.209-5](#), Certification Regarding Responsibility Matters. This provision applies to solicitations where the contract value is expected to exceed the simplified acquisition threshold.
- (vi) [52.214-14](#), Place of Performance—Sealed Bidding. This provision applies to invitations for bids except those in which the place of performance is specified by the Government.

- (vii) [52.215-6](#), Place of Performance. This provision applies to solicitations unless the place of performance is specified by the Government.
- (viii) [52.219-1](#), Small Business Program Representations (Basic & Alternate I). This provision applies to solicitations when the contract will be performed in the United States or its outlying areas.
- (A) The basic provision applies when the solicitations are issued by other than DoD, NASA, and the Coast Guard.
- (B) The provision with its Alternate I applies to solicitations issued by DoD, NASA, or the Coast Guard.
- (ix) [52.219-2](#), Equal Low Bids. This provision applies to solicitations when contracting by sealed bidding and the contract will be performed in the United States or its outlying areas.
- (x) [52.222-22](#), Previous Contracts and Compliance Reports. This provision applies to solicitations that include the clause at [52.222-26](#), Equal Opportunity.
- (xi) [52.222-25](#), Affirmative Action Compliance. This provision applies to solicitations, other than those for construction, when the solicitation includes the clause at [52.222-26](#), Equal Opportunity.
- (xii) [52.222-38](#), Compliance with Veterans' Employment Reporting Requirements. This provision applies to solicitations when it is anticipated the contract award will exceed the simplified acquisition threshold and the contract is not for acquisition of commercial items.
- (xiii) [52.223-1](#), Biobased Product Certification. This provision applies to solicitations that require the delivery or specify the use of USDA–designated items; or include the clause at [52.223-2](#), Affirmative Procurement of Biobased Products Under Service and Construction Contracts.
- (xiv) [52.223-4](#), Recovered Material Certification. This provision applies to solicitations that are for, or specify the use of, EPA–designated items.
- (xv) [52.225-2](#), Buy American Act Certificate. This provision applies to solicitations containing the clause at [52.225-1](#).
- (xvi) [52.225-4](#), Buy American Act—Free Trade Agreements—Israeli Trade Act Certificate. (Basic, Alternate I, and Alternate II) This provision applies to solicitations containing the clause at [52.225-3](#).
- (A) If the acquisition value is less than \$25,000, the basic provision applies.
- (B) If the acquisition value is \$25,000 or more but is less than \$50,000, the provision with its Alternate I applies.
- (C) If the acquisition value is \$50,000 or more but is less than \$67,826, the provision with its Alternate II applies.
- (xvii) [52.225-6](#), Trade Agreements Certificate. This provision applies to solicitations containing the clause at [52.225-5](#).
- (xviii) [52.225-20](#), Prohibition on Conducting Restricted Business Operations in Sudan—Certification. This provision applies to all solicitations.
- (xix) [52.225-25](#), Prohibition on Engaging in Sanctioned Activities Relating to Iran-Certification. This provision applies to all solicitations.
- (xx) [52.226-2](#), Historically Black College or University and Minority Institution Representation. This provision applies to—

(A) Solicitations for research, studies, supplies, or services of the type normally acquired from higher educational institutions; and

(B) For DoD, NASA, and Coast Guard acquisitions, solicitations that contain the clause at [52.219-23](#), Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns.

(2) The following certifications are applicable as indicated by the Contracting Officer:

__ (i) [52.219-22](#), Small Disadvantaged Business Status.

__ (A) Basic.

__ (B) Alternate I.

__ (ii) [52.222-18](#), Certification Regarding Knowledge of Child Labor for Listed End Products.

__ (iii) [52.222-48](#), Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment Certification.

__ (iv) [52.222-52](#), Exemption from Application of the Service Contract Act to Contracts for Certain Services—Certification.

__ (v) [52.223-9](#), with its Alternate I, Estimate of Percentage of Recovered Material Content for EPA—Designated Products (Alternate I only).

__ (vi) [52.223-13](#), Certification of Toxic Chemical Release Reporting.

__ (vii) [52.227-6](#), Royalty Information.

__ (A) Basic.

__ (B) Alternate I.

__ (viii) [52.227-15](#), Representation of Limited Rights Data and Restricted Computer Software.

(d) The offeror has completed the annual representations and certifications electronically via the Online Representations and Certifications Application (ORCA) website at <http://orca.bpn.gov>. After reviewing the ORCA database information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in paragraph (c) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer and are incorporated in this offer by reference (see FAR [4.1201](#)); except for the changes identified below **[offeror to insert changes, identifying change by clause number, title, date]**. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR CLAUSE #	TITLE	DATE	CHANGE
_____	_____	_____	_____

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted on ORCA.

(End of provision)

L.4. 52.225-18 PLACE OF MANUFACTURE (SEPT 2006)

(a) *Definitions.* As used in this clause—

“ Manufactured end product” means any end product in Federal Supply Classes (FSC) 1000-9999, except—

- (1) FSC 5510, Lumber and Related Basic Wood Materials;
- (2) Federal Supply Group (FSG) 87, Agricultural Supplies;
- (3) FSG 88, Live Animals;
- (4) FSG 89, Food and Related Consumables;
- (5) FSC 9410, Crude Grades of Plant Materials;
- (6) FSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) FSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) FSC 9610, Ores;
- (9) FSC 9620, Minerals, Natural and Synthetic; and
- (10) FSC 9630, Additive Metal Materials.

“Place of manufacture” means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

(b) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly—

- (1) In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or
- (2) Outside the United States.

L.5 AUTHORIZED CONTRACT ADMINISTRATOR

If the offeror does not fill-in the blanks below, the official who signed the offer will be deemed to be the offeror's representative for Contract Administration, which includes all matters pertaining to payments.

Name: _____

Address: _____

Telephone Number: _____

L.6 652.228-70 DEFENSE BASE ACT – COVERED CONTRACTOR EMPLOYEES (JUN 2006)

(a) Bidders/offerors shall indicate below whether or not any of the following categories of employees will be employed on the resultant contract, and, if so, the number of such employees:

Category	Yes/No	Number
(1) <i>United States citizens or residents</i>		
(2) <i>Individuals hired in the United States, regardless of citizenship</i>		
(3) <i>Local nationals or third country nationals where contract performance takes place in a country where there are no local workers' compensation laws</i>		Local nationals: _____ Third Country Nationals: _____
(4) <i>Local nationals or third country nationals where contract performance takes place in a country where there are local workers' compensation laws</i>		Local nationals: _____ Third Country Nationals: _____

(b) The contracting officer has determined that for performance in the country of

- Workers' compensation laws exist that will cover local nationals and third country nationals.
- Workers' compensation laws do not exist that will cover local nationals and third country nationals.

(c) If the bidder/offeror has indicated "yes" in block (a)(4) of this provision, the bidder/offeror shall not purchase Defense Base Act insurance for those employees. However, the bidder/offeror shall assume liability toward the employees and their beneficiaries for war-hazard injury, death, capture, or detention, in accordance with the clause at FAR 52.228-4.

(d) If the bidder/offeror has indicated "yes" in blocks (a)(1), (2), or (3) of this provision, the bidder/offeror shall compute Defense Base Act insurance costs covering those employees pursuant to the terms of the contract between the Department of State and the Department's Defense Base Act insurance carrier at the rates specified in DOSAR 652.228-74, Defense Base Act Insurance Rates – Limitation. If DOSAR provision 652.228-74 is not included in this solicitation, the bidder/offeror shall notify the contracting officer before the closing date so that the solicitation can be amended accordingly.

L.7. 52.225-25 Prohibition on Engaging in Sanctioned Activities Relating to Iran – Certification (SEP 2010)

(a) *Definition.*

"Person"—

(1) Means—

- (i) A natural person;
- (ii) A corporation, business association, partnership, society, trust, financial institution, insurer, underwriter, guarantor, and any other business organization, any other nongovernmental entity, organization, or group, and any governmental entity operating as a business enterprise; and
- (iii) Any successor to any entity described in paragraph (1)(ii) of this definition; and

(2) Does not include a government or governmental entity that is not operating as a business enterprise.

(b) *Certification.* Except as provided in paragraph (c) of this provision or if a waiver has been granted in accordance with FAR 25.703-2(d), by submission of its offer, the offeror certifies that the offeror, or any person owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Iran Sanctions Act of 1996. These sanctioned activities are in the areas of development of the petroleum resources of Iran, production of refined petroleum products in Iran, sale and provision of refined petroleum products to Iran, and contributing to Iran's ability to acquire or develop certain weapons.

(c) *Exception for trade agreements.* The certification requirement of paragraph (b) of this provision does not apply if—

(1) This solicitation includes a trade agreements certification (*e.g.*, [52.225-4](#), [52.225-11](#) or comparable agency provision); and

(2) The offeror has certified that all the offered products to be supplied are designated country end products or designated country construction material.

(End of provision)

1.0 PROJECT DESCRIPTION**Project Synopsis**

The aim of this statement of Work (SOW) is that the Contractor submits a bid for the supply of materials, labor, tools and equipment necessary for the construction of a carwash station and the installation of its pumping and filtration system as though a Government Furnished Equipment in the NEC, Baghdad, Iraq

Background

Currently, Department of State (DOS) owned vehicles are being serviced at a temporary car wash station using portable pressure washers.

Solution

This project involves: a) The construction of a permanent building to house the car wash system components, including pumps, filters, detergent dispensers and recycling equipment. b) An underground concrete tank to hold and reclaim the water c) The drive way and the wash bay. The car wash system components will be Government Furnished Equipment (GFE) and also all the steel bars for the concrete. All other materials, labor, tools and equipment will be provided by the contractor.

2.0 GENERAL CONDITIONS

1. **Fixed-Price Proposal.** The Contractor shall provide one fixed-priced Proposal for the complete Project that includes every aspect of the Work.
2. **Specifications.** The Work shall be governed by the United States Department of State Overseas Buildings Operations New Embassy Compound, Baghdad, Iraq Master Specifications. International Codes, which includes the International Building Code, International Mechanical Code, International Plumbing Code, and National Electric Code, also are applicable. Should there be a discrepancy between the NEC Specifications and the applicable Building Code, the more stringent of the two shall govern.

The Contractor is responsible for compliance with all Building Codes; Work not in compliance with the Codes shall be deemed unacceptable.

3. **Execution.** The Work shall be executed in a diligent and workmanlike manner in accordance with the negotiated fixed-price, the Scope of Work, the Project Schedule, International Building Codes, and the laws of the City of Baghdad where applicable.
4. **Work Hours.** Unless otherwise agreed with Facilities Management, the Work shall be executed during normal Embassy work hours. Night, weekend or holiday work shall not be permitted except as arranged in advance with Facilities Management. Embassy holiday schedule is available from Facilities Management.
5. **Safety.** The Contractor shall be responsible for conducting the work in a manner that ensures the safety of residents, employees and visitors to the Embassy, and the Contractor's employees.
6. **Workforce.** The Contractor shall provide all skilled and unskilled labor needed to perform the Work.
 - a. In order to comply with the Embassy's minimum escort ratio requirement of one (1) escort to four (4) workers, the Contractor will have in his staff an employee(s) with an RSO vetted "Escort" Badge.

- b. If the Contractor has no staff with an Escort Badge the Contractor will have 10 days from award to submit the required paperwork. The RSO vetting process could take up to 30 days and must be shown on the Contractors Project Schedule.
 - c. Information for all non-badge staff must be submitted to the COR for processing to allow the workers access to the NEC. This list must be resubmitted every 30 days or when modified.
 - d. If escorts are needed prior to being vetted by the RSO the Contractor may submit a request to the COR for government furnished escorts. The COR will schedule temporary escorts ONLY if they are available and the request must be submitted at least 48 hours in advance of the preferred date.
7. **Subcontractors.** Contractor shall be responsible for the conduct and workmanship of Subcontractors engaged in the Project, and for Subcontractors compliance with the terms of this Statement of Work.
8. **Modification to Contract.** The Contractor shall not incur any costs beyond those described in this SOW unless directed otherwise in writing by the Contracting Officer. Any work performed by the Contractor beyond this SOW without written direction from the Contracting Officer will be at the Contractor's own risk and at no cost to the Embassy.
9. **Stop Work.** At any time during the Project, the Contracting Officer reserves the right to Stop Work for protection of employees or visitors, security, or any other reason at his/her discretion.
10. **Construction Cost Breakdown.** The Government provided "Construction Cost Breakdown" is for bid comparison only, and the contractor is responsible to field measure and to quantify the required materials and tasks as to complete the job.
11. **Submittals.** The contractor is responsible to submit shop drawings to the COR, for review and approval, prior to fabrication and release of materials. The COR's review and approval does not relieve the contractor's responsibility to provide a complete working system.
12. **Excavation and Utilities.** The contractor is responsible to locate all existing utility lines prior to any excavation. Prior to disconnecting any existing utility services, the contractor is responsible to provide 48-hour advance notice to the COR.
13. **Close-out.** Prior to final acceptance, the contractor is to submit to the Engineer marked up drawings (As-Builts) reflecting the work as constructed. The drawings shall be digitally submitted on a CD-ROM in both AutoCAD and PDF format.
14. **Housekeeping.** The contractor is responsible to clean up daily.

4.0 ASSUMPTION AND CRITERIA

- 1 The Government provided "Bid Form" is an estimate only. The contractor is responsible to field measure and to quantify the required materials to complete the job.
- 2 It is a responsibility of the contractor to locate all underground utilities prior to excavation. A portion of the site is known to have several existing underground electrical utilities buried close to the surface. This area is identified on project drawings and the contractor will be required, in this vicinity, to hand-excavate. Utilities discovered in this area may need to be buried deeper than

currently buried. This shall be done as part of this project and any service outages required shall be coordinated through the Contracting Officer’s Representative (COR). Generally, all outages will require a minimum notice of 48 hours.

- 3 The contractor is responsible to repair all damaged concrete pavement, curbs & gutters & sidewalks damaged during construction.
- 4 Include redirecting all underground utilities if necessary.
- 5 The contractor is to modify existing storm drain as required to complete the project.
- 6 The contractor is responsible for all tools necessary to complete the Statement of Work (SOW).

5.0 STATEMENT OF WORK

5.1 GENERAL

General Within 5 days of Notice to Proceed (NTP), the contractor shall provide to the COR a project schedule showing start to completion.

Within 10 days of NTP, the Contractor shall provide to the COR details of the proposed construction utilizing written description and shop drawings, indicating lines, cross sections, elevations of the whole project in accordance with the layout supplied with the SOW.

The contractor is responsible to dispose of the construction debris outside of the IZ. Included, but not limited to construction debris, packing materials and scrap steel.

When pursuing the work, the contractor is to shall carry out extra care as not to damage existing infrastructure.

5.3 GOVERNMENT FURNISHED EQUIPMENT GFE

SYSTEM DESCRIPTION OF THE “RAIN MAKER 125”

The system consists of two (2) independent pumping systems:

- 1) The Primary Filtration System
- 2) The Ozone Re-Circulation System

The Primary Filtration System consist of high volume process pump, with an associated filtration array designed for maximum water quality while providing a high volume of wash water to be reused in the wash bay.

The system is designed to receive waste water collected from the **holding tank system** and to process this water to remove particulate matter, oils, road film, and waxes which cause deterioration in overall recovered water quality.

The Ozone Re-Circulation System operates independently of the filtration system on a continuous basis to treat all water held in the storage tank system. The re-circulation system utilizes an injector system which provides a high transfer of ozone to stored water.

The powerful ozone re-circulation system de-emulsifies waxes and acts as an oxidizing agent to kill bacteria and algae by limiting organic build-up, which is commonly associated with odors found in reclaimed water.

Two Deluxe Pumping Station and Two Bay Self Wash Units

The equipment consists of:

Two Bay Self Serve Wash Units; (2) Deluxe Assembly 310 Cat Pump, 5 HP 3PH Baldor Motor, Dual Belt Drive, Chemical Flow Indicators, Balanced Pressure Relief Valve, Glycerin Gauges, Function Indicator Lights, Thermal Overload Motor Protection, E.T.L. Listed 50 HZ, 380 V, Low Voltage 220 V.

- (1) Two Bay Stainless Frame.
- (1) Baffled Soap and Wax Proportioning Tank Stainless Steel Frame.
- (1) Stainless Wall Bracket For Above.
- (1) Single Function Wall Mount Low Pressure Assembly.
- (2) Foam Brush Option Includes: Tubing to Bays, 360 Degree Stainless Z-Boom, Deluxe Foam Brush Head and Handle, Steel Braid Hose & Swivel.
- (2) Remote Switch in Stainless Steel Enclosure with Rotary Switch w/Timer.
- (2) 360 Degree Z Series Boom, Polished Stainless Steel, Fully Plumbed, Mosmatic Swivels, 5' 1". Inlet 3/8" NF, Outlet 1/4" NF.
- (2) 1/4" x 15' Bay Hose Assembly.
- (2) Trigger Weep Gun.
- (2) Spring Mounted Wand Holder.
- (8) Stainless Mat Clamps.
- (2) Strip Menu Sign.
- (2) Foaming Brush Sign.
- (100) Hytron High Pressure Hose Per Ft.
- (4) Reusable Hytron Hose Ends.
- (100) 19 Conductor Coin Meter Wire Per Ft.

Installation

The contractor shall install the Government Furnished Equipment (GFE):

- a) The GFE water reclaim system is a "Rainmaker Model 125 with self cleaning Filter", manufactured by Reclaim Equipment Company. The installation shall be in accordance with the equipment manufacturer's

instruction and requirements. Web page: www.reclaimequip.com

b) Two GFE A-OK's Deluxe Pumping Station, manufactured by A-OK equipment & supply. The installation shall be in accordance with the equipment manufacturer's instruction and requirements. Web page: www.aokequipment.com

c) Two GFE A-OK Wall Mounted Low Pressure Systems, manufactured by A-OK equipment & supply. The installation shall be in accordance with the equipment manufacturer's instructions and requirements. Web page: www.aokequipment.com

The contractor shall provide and install equipment, materials and hardware that are not supplied with the GFE car wash system, to ensure a complete and fully functional system.

The contractor shall install the GFE in accordance with the equipment manufacturer's instruction and requirements.

5.4 UNDERGROUND WATER STORAGE TANK (UGST)

Description The underground water storage tank shall be a concrete reinforced tank.

The size of this underground concrete storage tank shall be 17' in length, 9' in width and 7' 5" in depth.

It shall be located at the middle of the facilities installation as it is shown in the layout; under the wash bay mainly and one section under the pumping room to be able to connect the pipes of the ozone injection and the pipes of the water suction. The thickness of the footing slab, walls, and cover and the sizes and space of the steel bars should be given and certified by a US Structural Professional Engineer. Thicknesses of these elements were given just for drawings purpose.

The UGST shall be divided in three chambers (I), (II) and (III); with the following spacing between internal concrete walls; 7' (I), 5' (II) and 3' (III).

The chambers (I) and (II) will be under the wash bay and the chamber (III) under the pumping room.

All the chambers shall be connected with a with a 6" Φ pass. Refer to drawings for location of these passes.

Each chamber shall have a steel manhole cover Chamber (I) and (II) 24" \emptyset . Chamber (III) two rectangular covers 24" x 36".

The interior of the UGST shall have a waterproof sealing for concrete surfaces. Request

approval of the product by COR.

The overflow pipe connection shall be located in chamber (III) connecting the top of the chamber with a new 2" Schedule 80 PVC pipe to a new manhole in the pump room. The manhole mentioned before will be connected to the closest manhole of the storm drain system.

The water supply will be received in the chamber (I) from the domestic water connection. It should be through a new 3/4" Schedule 80 PVC from the existing line.

The wash water shall be collected from the wash bays directly to chamber (I) but it should go through a sand trap first. Two sand traps are required for each bay.

Sand Traps shall be on each side of side of chamber (I).

<p>Ref. OBO Specifications Dimensions of the excavation to construct the UGST</p>	<p>Section 02300-Earthwork Refer to shop drawings</p>
<p>Existing Utilities</p>	<p>Do not interrupt utilities serving facilities occupied by Government or others unless permitted in writing by COR and then only after arranging to provide temporary utility services according to requirements indicated.</p> <p>Notify COR not less than 48 hours in advance of proposed utility interruptions.</p>
<p>Excavation</p>	<p>Excavate the area in which the underground tank is to be constructed and dispose of the excessive soil outside of the New Embassy Compound (NEC).</p> <p>Excavate to indicated elevations and dimensions within a tolerance of plus or minus 1 inch. If applicable extend excavations a sufficient distance from structures for placing and removing concrete form work, for installing services and other construction, and for inspections.</p>
<p>Fill soil material</p>	<p>Place fill soil materials in layers not more than 100 mm in loose depth for material compacted by hand-operated tampers.</p> <p>Sub base material: Naturally or artificially graded mixture of natural or crushed gravel, crushed stone, and natural or crushed sand; ASTM D 2940; with at least 90 percent passing a 37.5 mm sieve and not more than 12 percent passing a 0.075 mm (No. 200) sieve.</p> <p>Compact to not less than 95 percentage of maximum dry unit weigh according to ASTM D 698.</p>

Subsurface Drainage Provide a layer of drainage geotextile: Nonwoven needle-punched geotextile, manufactured for subsurface drainage applications, made from polyolefins or polyesters; with elongacion greater than 50 percent; complying with AASHTO M288.

Ref. OBO Specifications **Section 03300-Cast-in-place concrete**
Structural Shop drawings should be prepared and certified by U.S. certified structural engineer.

Cement Portland Cement: ASTM C 150, Type V

Use one brand of cement throughout Project unless otherwise acceptable to COR.

Steel reinforcement (provided as GE) Reinforcing Bars: ASTM A 615/A 615M, Grade 420 (Grade 60), deformed. Reinforcing as indicated on the structural drawings to comply with the special ductility requirements of ACI-318M, paragraph 21.2.5, parts (a) and (b).

Concrete Place concrete after the placement of all forms, reinforcement, inserts, sleeves, and other embedment have been inspected and approved by the Contractor's superintendent and the Quality Control Manager and reviewed by the COR.

Coarse aggregate size shall not exceed 20 mm.

Design mixes to provide normal weight concrete with properties as indicated herein unless indicated otherwise on the Drawings.

Compressive Strength (28 Days): 25 MPa minimum.
 Maximum Slump: 125 mm.

5.5 SAND TRAPS

Sand trap shall aid in retaining sand, silt, mineral material, petroleum solvent, grease, oil.

The thickness of the footing slab, walls, and cover and the sizes and space of the steel bars should be given and certified by a US Structural Professional Engineer. Thicknesses of these elements were given just for drawings purpose.

It shall be made of concrete.

Two sand traps are required. Sand Traps shall be located in each side of the UGST

Dimensions of the excavation to construct the sand Refer to shop drawings

traps.

Excavation Excavate the area in which the sand traps shall be constructed and dispose of the excessive soil outside of the New Embassy Compound (NEC).

Excavate to indicated elevations and dimensions within a tolerance of plus or minus 1 inch. If applicable extend excavations a sufficient distance from structures for placing and removing concrete form work, for installing services and other construction, and for inspections.

Materials Refer to the material specifications of the UGST.

5.6 WASH BAYS AND PUMP ROOM

Wash Bay The wash bay will have the following dimensions: Refer to shop drawings

Pump Room The pumping room will have the following dimensions: Refer to shop drawings.

Both structures share the middle concrete block wall. The south wall in the wash bay is a GFE T- Wall; The contractor is responsible for providing concrete footings on grade to support walls as well as a footing to support GFE-T wall as shown in drawings. The dimensions of the footing, sizes and space of the steel bars should be given and certified by a US Structural Professional Engineer. Thicknesses of these elements were given just for drawings purpose.

Ref. OBO **Section 02300-Earthwork**

Specifications

Excavation Preparing sub grades for a 6” concrete slabs-on-grade.

(350 mm)

Excavate 350 mm deep over the area in which the wash bay, the pump room and the drive way is to be constructed and dispose of the excessive soil outside of the New Embassy Compound (NEC).

Excavate to indicated elevations and dimensions within a tolerance of plus or minus 1 inch.

Compact sub grade at 95 percentage of maximum dry unit weight according to ASTM 698.

Sub base On prepared sub grade:

course

(200 mm)

Place the fill soil material in layers of 100 mm in compacted thickness in a single layer. Compact fill soil material at optimum moisture content grades, lines, cross sections, and thickness to not less than 95 percent of maximum dry unit weight according to ASTM D 698

Fill soil material Naturally or artificially graded mixture of natural or crushed gravel, crushed stone, and natural or crushed sand; ASTM D 2940; with at least 90 percent passing a 37.5 mm sieve and not more than 12 percent passing a 0.075 mm (No. 200) sieve.

Install separation geotextile on prepared sub base course according to manufacturer's written instructions.

Ref. OBO Specifications
Cement **Section 02751-Cement Concrete Pavement**
Portland Cement: ASTM C 150, Type V

Steel reinforcement Reinforcing Bars: ASTM A 615/A 615M, Grade 420 (Grade 60), deformed. Reinforcing as indicated on the structural drawings to comply with the special ductility requirements of ACI-318M, paragraph 21.2.5, parts (a) and (b).

Concrete (150 mm) Proportion mixes to provide concrete with the following properties:

1. Compressive Strength (28 Days): 25 MPa.
2. Maximum Water-Cementitious Materials Ratio 0.45
3. Slum Limit 75 mm

Concrete Finishing Wetting of concrete surfaces during screeding , initial floating, or finishing operations is prohibited.

Float Finish: Begin the second floating operation when bleed-water sheen has disappeared and the concrete surface has stiffened sufficiently to permit operations. Float surface with power-driven floats, or by hand floating if area is small or inaccessible to power units. Finish surfaces to true planes. Cut down high spots, and fill low spots. Refloat surface immediately to uniform granular texture.

Medium-to Coarse-Textured Broom Finish: Provide a coarse finish by striating float-finished concrete surface 1.6 to 3mm deep with a stiff-bristled broom, perpendicular to line of traffic.

Set isolation, and contraction joints and tool edgings true to line with faces perpendicular to surface plane of concrete per attached specifications. Joint sealants as per attached specifications (section 02764 – Pavement and Joint Sealants).

Protect freshly placed concrete from premature drying and excessive cold or hot temperatures per attached specifications.

Ref. OBO Specifications **Section 04810-Unit Masonry Assemblies**

Walls The contractor will provide 8" x 8" x 16" reinforced 4500 psi regular weight concrete block wall. Include but not limited to, # 5 vertical reinforcing and grout spacing @ 16" horizontal reinforcing and solid fill. The north wall will have a height of 8' and the south wall will be the same wall of the wash bay. The height of the wall and the layout dimensions are shown on drawings.

Mortar and Grout material: Portland Cement: ASTM C 150, Type I.

Uncoated Steel Reinforcing Bars: ASTM A 615/A 615M or ASTM A 996/A 996M, Grade 60 (Grade 420).

Wall Finishing The exterior walls are to receive cement plastering but the wash bay wall shall have ceramic tile.

Provide one layer of woven wire lath and two layers of Portland cement-based plaster.

Provide vapor permeable, water resistant tarpaper to protect the sheathing and interior of the wall from outside moisture without trapping vapor inside.

Provide a layer of acrylic finish to add waterproofing capability on top with minimum 3.00 mm thickness. Provide "moist curing" to prevent a weaker and brittle stucco finish. The contractor is responsible for crack & shrinkage free stucco finish.

Provide a range of acrylic finish color samples to match existing building structures in NEC for the COR's review and approval prior to construction.

The interior wall is to receive two coats of latex paint and two coats of waterproof sealer.

The wall of the wash bay shall be tiled refer to OBO specifications.

The contractor is responsible for crack & shrinkage of finishings.

Pumping Room's roof The Contractor shall install a roof cover for the pumping room with the following specifications:

1. Structural steel roof panel system.
2. The panel system shall be of such profile and gauge to withstand a live load requirement of 30 psf, with a deflection limitation of L/180 for steel.
3. Interior liner, 22 gauge G-90 galvanized steel conforming to ASTM A653-96.
4. Insulation of Glass fiberboard 4" thick with a "k" factor of 0.24 or less.
5. Exterior panel profile shall be a 22 gauge G-90 galvanized steel conforming to ASTM A653-96 Grade A structural Quality, Color white. Requires approval of COR for the shape of the transversal section.
6. Flashings and Closures from the same metal, gauge and finish as the exterior panel.

Structural steel (or substructure) required for metal panel attachment shall be level and plumb.

Structural steel shall be free of defects detrimental to metal panel work.

The contractor shall examine the alignment of the structural steel (or substructure) before installing any metal panels and shall not proceed with installation if the structural steel (or substructure) is not aligned to the tolerances establish by the AISC Code of Standard Practice.

Doors Ref. OBO Specifications; Section 08110

Electrical Work Provide electrical connection from an existing electrical manhole; identified in drawings.

A new electrical distribution panel with a main breaker (380 VAC, phase/4 wire, 100 Ampere, 30 circuits) should be installed inside of the pumping room. Install grounding rods in accordance with NEC. Maximum impedance shall be 25 ohms.

Provide and install Ground Fault Circuit Interrupter (GFCI) protected electrical outlets, per drawings and specifications.

Provide and install all required branch circuits breakers to supply required power to the car wash equipment, electrical outlets, lighting and other electrical devices as shown on drawings.

HVAC Mini Split

Supply and Install

Cooling capacity of 72,000 Btu/h

Warranty of two years in all its parts

5.7 DRIVEWAY ACCESS AND EXIT

Ref. OBO
Specifications

Section 02300-Earthwork

The thickness of the concrete floor should be given and certified by a US Structural Professional Engineer. Thickness of this elements was given just for drawings purpose.

Refer to drawings for geometry details.

**Excavation
(350 mm)**

Preparing sub grades for a 6" concrete slabs-on-grade.

Excavate 350 mm deep over the area where the drive way is to be constructed and dispose of the excessive soil outside of the New Embassy Compound (NEC).

Excavate to indicated elevations and dimensions within a tolerance of plus or minus 1 inch.

Compact sub grade at 95 percentage of maximum dry unit weight according to ASTM 698.

**Sub base course
(200 mm)**

On prepared sub grade:

Place the fill soil material in layers of 100 mm in compacted thickness in a single layer.

Compact fill soil material at optimum moisture content grades, lines, cross sections, and thickness to not less than 95 percent of maximum dry unit weight according to ASTM D 698

Fill soil material

Naturally or artificially graded mixture of natural or crushed gravel, crushed stone, and natural or crushed sand; ASTM D 2940; with at least 90 percent passing a 37.5 mm sieve and not more than 12 percent passing a 0.075 mm (No. 200) sieve.

Install separation geotextile on prepared sub base course according to manufacturer's written instructions.

Medium-to Coarse-Textured Broom Finish: Provide a coarse finish by striating float-finished concrete surface 1.6 to 3mm deep with a stiff-bristled broom, perpendicular to line of traffic.

Set isolation, and contraction joints and tool edgings true to line with faces perpendicular to surface plane of concrete per attached specifications. Joint sealants as per attached specifications (section 02764 – Pavement and Joint Sealants).

Protect freshly placed concrete from premature drying and excessive cold or hot temperatures per attached specifications.

5.8 CLOSE OUT

- A** At completion of work, the Contractor shall clean any impacted areas to a condition equal to original condition
- B** All shipping materials and construction debris are to be disposed of in a legal manner outside of the IZ
- C** Prior to Final Acceptance the Contractor shall submit to the Contracting Officer Representative marked up drawings (As-Build) reflecting the work as constructed. The drawings shall be digitally submitted on a CD-ROM in both AutoCAD and PDF format,
- D** After Final acceptance the contractor will receive a Performance Evaluation Report for this contract.

Elements to evaluate:

1. Quality of Work
2. Timely Performance
3. Effectiveness of Management.
4. Compliance with Labor Standards.
5. Compliance with Safety Standards.

6.0 PROJECT SCHEDULE

1. **Approximate dates of pre-award activities - Reserved**
2. **Construction Milestones, from Notice to Proceed**

Notice to Proceed (NTP)	0	Days from NTP
Project Schedule to OBO	5	
Project Design Notes / Sketches	10	

FAC Review	20
Procurement, Shipping	0
Fabrication	0
Construction Completion	80
Project Acceptance	90

7.0 DELIVERABLES – SEE SECTION E.9

Commencement, Prosecution, and Completion of Work – See Section E.1

8.0 RESPONSIBILITIES AND PROJECT MANAGEMENT

1. **COR.** A Contracting Officers Representative (COR) will be assigned to ensure quality assurance goals are met. The Contractor shall provide the COR access to the site at all times.
2. **Point of Contact.** The COR shall be the main point of contact for this Project. The Contractor shall report to the COR on (a) status of the Project, (b) changes in Schedule, (c) accidents and safety issues, (d) disruptions to utility services; and all other important information pertaining to the Project.
3. **English Speaking Representative.** The Contractor shall provide an English-speaking representative on-site during all working hours with the authority to make all decisions on behalf of the Contractor and subcontractors.
4. **Management Personnel.** The Contractor shall staff the site, full-time, with a competent senior manager who shall perform project management. Remote project management is not an option. This individual shall keep a detailed written history of the project and shall update the COR weekly.
5. **Site Security.** The Contractor is responsible for on-site security as necessary to ensure no unauthorized access to the work site. The Contractor is 100% responsible for securing work materials and equipment. Any damage to facilities or infrastructures, which happens due to a lack of security, will be the responsibility of the Contractor to correct.
6. **Contractor’s Temporary Work Center.** The Contractor will be permitted to use a designated area within the contract limits for operation of construction equipment and office space if warranted. If directed by the Contracting Officer, the Contractor shall not receive additional compensation to relocate his operations. The Contractor is responsible for obtaining any required additional mobilization area above that designated. On completion of the contract, all facilities shall be removed from the mobilization area within 5 days of final acceptance by the COR and Contracting Officer and shall be disposed of in accordance with applicable host government laws and regulations. The site shall be cleared of construction debris and other materials and the area restored to its original condition, except where modified under this contract. The Contractor is responsible for maintaining this area in a clean orderly manner.
7. **Health and Safety.** The Contractor shall be solely responsible for risk assessments, managing health, and safety issues associated with this project. The Contractor must provide cold water to all workers at the job sites. Based on hazard assessments, Contractors shall provide or afford each affected employee personal protective equipment (PPE) that will protect the employee from hazards. At a minimum PPE shall consist of eye protection, hard hats, and closed toe shoes. If the workers arrive on-site with

sandals or athletic shoes, the Contractor is expected to provide rubber boots or send them home. All construction workers and management personnel must wear hard hats at all times on the construction sites. Contractor provided rubber boots and rubber gloves shall be worn when working around concrete placement. Other PPE such as gloves, dust masks, air respirators (sewage work) are also recommended. These items must be provided at the Contractor's expense. Workers may use discretion if they feel unsafe in using the equipment in a hostile environment. Any worker at an elevated location above 4 meters, with the exception of a portable ladder, must be provided and utilize a safety harness.

ATTACHMENT # 7**GOVERNMENT FURNISHED EQUIPMENT (GFE)**

The car wash system components will be Government Furnished Equipment (GFE) and also all the steel bars for the concrete

SYSTEM DESCRIPTION OF THE "RAIN MAKER 125"

The system consists of two (2) independent pumping systems:

- 1) The Primary Filtration System
- 2) The Ozone Re-Circulation System

The Primary Filtration System consist of high volume process pump, with an associated filtration array designed for maximum water quality while providing a high volume of wash water to be reused in the wash bay.

The system is designed to receive waste water collected from the **holding tank system** and to process this water to remove particulate matter, oils, road film, and waxes which cause deterioration in overall recovered water quality.

The Ozone Re-Circulation System operates independently of the filtration system on a continuous basis to treat all water held in the storage tank system. The re-circulation system utilizes an injector system which provides a high transfer of ozone to stored water.

The powerful ozone re-circulation system de-emulsifies waxes and acts as an oxidizing agent to kill bacteria and algae by limiting organic build-up, which is commonly associated with odors found in reclaimed water.

Two Deluxe Pumping Station and Two Bay Self Wash Units

The equipment consists of:

Two Bay Self Serve Wash Units; (2) Deluxe Assembly 310 Cat Pump, 5 HP 3PH Baldor Motor, Dual Belt Drive, Chemical Flow Indicators, Balanced Pressure Relief Valve, Glycerin Gauges, Function Indicator Lights, Thermal Overload Motor Protection, E.T.L. Listed 50 HZ, 380 V, Low Voltage 220 V.

- (1) Two Bay Stainless Frame.
- (1) Baffled Soap and Wax Proportioning Tank Stainless Steel Frame.
- (1) Stainless Wall Bracket For Above.
- (1) Single Function Wall Mount Low Pressure Assembly.
- (2) Foam Brush Option Includes: Tubing to Bays, 360 Degree Stainless Z-Boom, Deluxe Foam Brush Head and Handle, Steel Braid Hose & Swivel.
- (2) Remote Switch in Stainless Steel Enclosure with Rotary Switch w/Timer.
- (2) 360 Degree Z Series Boom, Polished Stainless Steel, Fully Plumbed,

- Mosmatic Swivels, 5' 1". Inlet 3/8" NF, Outlet 1/4" NF.
- (2) 1/4" x 15' Bay Hose Assembly.
- (2) Trigger Weep Gun.
- (2) Spring Mounted Wand Holder.
- (8) Stainless Mat Clamps.
- (2) Strip Menu Sign.
- (2) Foaming Brush Sign.
- (100) Hytron High Pressure Hose Per Ft.
- (4) Reusable Hytron Hose Ends.
- (100) 19 Conductor Coin Meter Wire Per Ft.
