Press Notice

Release of Ilan Grapel

Statement by VICTORIA NULAND, SPOKESPERSON

The United States welcomes the release of Ilan Grapel, who we have worked hard to bring home since his June detention in Egypt. We thank the Governments of Egypt and Israel for their roles in reuniting him with his family. The Egyptian-Israeli Peace Treaty is a vital element of regional peace and stability, and we strongly support both countries' sustained commitment to its provisions.
