

(c) The U.S. Government will make no adjustment to the contract price that relates to any wages, overhead, fixed costs, general and administrative expenses, materials, or profit. Only the amount which is a direct result of an increase or decrease in the price of fuel to be delivered under this contract shall be considered by the U.S. Government as the basis for contract price adjustments.

(d) The Contractor may not request an adjustment under this clause after final payment has been made under this contract.

(e) This clause shall only apply to laws enacted by the government of Israel which meet the criteria set forth above. The U.S. Government will make no adjustments in contract price due to currency devaluations or fluctuations in exchange rates.

(f) Electronic fuel charging system

The contractor shall be responsible for installing to the Government an electronic fuel charge system in approximately 202 US Government vehicles that will allow direct charge of the fuel supplied to the Embassy at the contractor's various stations. The Contractor will coordinate this installation with the COR.

(g) QUALITY ASSURANCE AND SURVEILLANCE PLAN (QASP)

This plan provides an effective method to promote satisfactory contractor performance. The QASP provides a method for the Contracting Officer's Representative (COR) to monitor Contractor performance, advise the Contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The Contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to monitor quality to ensure that contract standards are achieved.

The Israeli quality Assurance Standard for fuel services is acceptable in regards to this requirement.

Performance Objective	Scope of Work Para	Performance Threshold
Services. Performs all services set forth in the scope of work.	1. thru 19.	All required services are performed and no more than three customer complaint is received per month.
