Refreshments and fun opportunities to practice your English!

*Subtitles in ENGLISH only!*

Please join us for our film screening of the 1994 blockbuster hit, **Forrest Gump**, starring Tom Hanks. This film tells the life story of Forrest Gump, whose low IQ makes him a target for bullies. But with a loving mother who is determined that Forrest make his own destiny, Forrest becomes an unwitting hero and role model more than once during his life. As we watch him come into adulthood, the audience also witnesses an amazing number of important events in American history.
