

Travelling to desert island!!!!!!

Our class is going to travel by ship!!!

Problem 1

You should choose the most important things to survive on the island! Everything can happen. Even you can be lost. You have a list of things but you must choose only 10 things and explain why.

The most important things are:

- **Mirror**
- **Fuel**
- **Matches**
- **Binocular**
- **Bottle of water**
- **Compass**
- **Medicine**
- **Weapon**
- **Fishing net**
- **Tent**

Our ship came across the reefs!

Now it is sinking!

Problem 2

There are only 5 places in your lifeboat. Someone has told you that the island is very dangerous. But there are animals to hunt and fruit to pick. Here are the survivors, choose wisely and remember to make a note of the good/bad points.

Choose only 5 people and explain why.

Lifeboat

Now you!

Imagine that you live on the island for a week. It is a wild island. You can have challenges with food and water getting or communication problems between the members of your group and etc. Now you should make up a problem for another group

**We live on the desert island for ten days.
One day we see a plane!
Pilot wants to sell the tickets! But we don't
have money. Write a test and buy a ticket!**
