

FIRST CERTIFIED U.S. TRADE MISSION TO LITHUANIA

September 26th-27th , 2011

Mission organized by:

American Chamber of Commerce in Lithuania

Certified Trade Mission

The American Chamber of Commerce in Lithuania is proud to announce the first U.S. certified Trade Mission to Lithuania at the end of September, 2011. This kind of mission has a record of success for almost 13 years in other countries, bringing together the power of business interest and governments' support, promoting real business opportunities worldwide and putting companies on the fast track of growth.

The mission to Lithuania is highly supported by the U.S. Embassy in Vilnius, Lithuanian Embassy in Washington, the Government of the Republic of Lithuania and the Ministry of Economy of the Republic of Lithuania in particular.

During the Certified Trade Mission, the matchmaking meetings for U.S. and Lithuanian businessmen will be organized, supported and enriched by the presentations and consultations of the best Lithuanian market specialists and Government representatives.

Before the Trade Mission, Lithuanian companies, according to their criteria, will be matched with potential U.S. business partners.

Main goals for the trade mission:

- To promote specific expanded commercial opportunities through the execution of trade agreements and/or creation of joint-venture projects between U.S. and Lithuanian companies;
- To create increased dialogue between Lithuanian and U.S. Governments towards identifying and removing barriers to market access encountered by U.S. firms in Lithuania and Lithuanian firms wanting to operate in the U.S.;

Selected focus industries for the Trade Mission:

- ICT (Information and communications technologies)
- Client support centers
- Renewable energy (solar panels production, biomass production, wind power)
- Bio-plastics production
