

EXBS Sponsors best Practices Visit of Interior Ministry Officers to Poland

Four border police officers from the Mobile Teams with Ministry of Interior's Sector for Border Affairs and Migrations were sponsored by Export Control and Related Border Security Program (EXBS) of U.S. Embassy Macedonia to attend a Best Practices Visit to the Border Guards Center in Luban, Poland.

This visit provided an opportunity for Macedonia's Border Police Mobile Team officers to learn more about the legal framework of Polish Border Guards and observe their field operations related to inspection and search of passenger and commercial vehicles, pursuit, methods and techniques in dealing with apprehended illegal migrants, and cooperation among mobile teams and with counterparts from neighboring countries.

The event was supported by United States Embassy Warsaw and Polish Border Guards.
