

## Medical Resources for U.S. Citizens in Malawi

### **Important Notice:**

This information is distributed as a courtesy by U.S. Embassy Lilongwe to American citizens and other private individuals living/working in Malawi. This is a partial listing of health/medical resources available in Malawi and should NOT/NOT be interpreted as an endorsement or official recommendation by the U.S. Embassy. Those electing to use these resources are responsible for determining whether these resources meet their requirements.

- The Consular Section updates the information provided below on a regular basis. However, some information may change without being reported to the embassy.
