The character and scope of the work are set forth in the contract. The Contractor shall furnish and install all materials required by this contract.

In case of differences between small and large-scale drawings, the latter will govern. Where a portion of the work is drawn in detail and the remainder of the work is indicated in outline, the parts drawn in detail shall apply also to all other portions of the work.

C. PACKAGING AND MARKING

Mark materials delivered to the site as follows:

***AMERICAN EMBASSY***

D. INSPECTION AND ACCEPTANCE

The COR, or his/her authorized representatives, will inspect from time to time the services being performed and the supplies furnished to determine whether work is being performed in a satisfactory manner, and that all supplies are of acceptable quality and standards.

The Contractor shall be responsible for any countermeasures or corrective action, within the scope of this contract, which may be required by the Contracting Officer as a result of such inspection.

D.1 SUBSTANTIAL COMPLETION

(a) "*Substantial Completion*" means the stage in the progress of the work as determined and certified by the Contracting Officer in writing to the Contractor, on which the work (or a portion designated by the Government) is sufficiently complete and satisfactory. Substantial completion means that the property may be occupied or used for the purpose for which it is intended, and only minor items such as touch-up, adjustments, and minor replacements or installations remain to be completed or corrected which:

(1) do not interfere with the intended occupancy or utilization of the work, and
(2) can be completed or corrected within the time period required for final completion.

(b) The "date of substantial completion" means the date determined by the Contracting Officer or authorized Government representative as of which substantial completion of the work has been achieved.

Use and Possession upon Substantial Completion - The Government shall have the right to take possession of and use the work upon substantial completion. Upon notice by the Contractor that the work is substantially complete (a Request for Substantial Completion) and an inspection by the Contracting Officer or an authorized Government representative (including any required tests), the Contracting Officer shall furnish the Contractor a Certificate of Substantial Completion. The certificate will be accompanied by a Schedule of Defects listing items of work remaining to be performed, completed or corrected before final completion and acceptance. Failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The Government's possession or use upon substantial completion shall not be deemed an acceptance of any work under the contract.

D.2 FINAL COMPLETION AND ACCEPTANCE

D.2.1 "Final completion and acceptance" means the stage in the progress of the work as determined by the Contracting Officer and confirmed in writing to the Contractor, at which all work required under the contract has been completed in a satisfactory manner, subject to the discovery of defects after final completion, and except for items specifically excluded in the notice of final acceptance.

D.2.2 The "*date of final completion and acceptance*" means the date determined by the Contracting Officer when final completion of the work has been achieved, as indicated by written notice to the Contractor.

D.2.3 FINAL INSPECTION AND TESTS. The Contractor shall give the Contracting Officer at least five (5) days advance written notice of the date when the work will be fully completed and ready for final inspection and tests. Final inspection and tests will be started not later than the date specified in the notice unless the Contracting Officer determines that the work is not ready for final inspection and so informs the Contractor.

D.2.4 FINAL ACCEPTANCE. If the Contracting Officer is satisfied that the work under the contract is complete (with the exception of continuing obligations), the Contracting Officer shall issue to the Contractor a notice of final acceptance and make final payment upon:

- Satisfactory completion of all required tests,
- A final inspection that all items by the Contracting Officer listed in the Schedule of Defects have been completed or corrected and that the work is finally complete (subject to the discovery of defects after final completion), and
- Submittal by the Contractor of all documents and other items required upon completion of the work, including a final request for payment (Request for Final Acceptance).

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Default clause.

CONTRACTOR'S SUBMISSION OF CONSTRUCTION SCHEDULES

(a) The time for submission of the schedules referenced in FAR 52.236-15, "Schedules for Construction Contracts", paragraph (a), is hereby modified to reflect the due date for submission as **two (2) calendar days** after receipt of an executed contract".

(b) These schedules shall include the time by which shop drawings, product data, samples and other submittals required by the contract will be submitted for approval.

(c) The Contractor shall revise such schedules (1) to account for the actual progress of the work, (2) to reflect approved adjustments in the performance schedule, and (3) as required by the Contracting Officer to achieve coordination with work by the Government and any separate contractors used by the Government. The Contractor shall submit a schedule, which sequences work so as to minimize disruption at the job site.

(d) All deliverables shall be in the English language and any system of dimensions (English or metric) shown shall be consistent with that used in the contract. No extension of time shall be allowed due to delay by the Government in approving such deliverables if the Contractor has failed to act promptly and responsively in submitting its deliverables. The Contractor shall identify each deliverable as required by the contract.

(e) Acceptance of Schedule: When the Government has accepted any time schedule; it shall be binding upon the Contractor. The completion date is fixed and may be extended only by a written contract modification signed by the Contracting Officer. (1) Extend the completion date or obligate the Government to do so,
(2) Constitute acceptance or approval of any delay, or
(3) Excuse the Contractor from or relieve the Contractor of its obligation to maintain the progress of the work and achieve final completion by the established completion date.

NOTICE OF DELAY

If the Contractor receives a notice of any change in the work, or if any other conditions arise which are likely to cause or are actually causing delays which the Contractor believes may result in late completion of the project, the Contractor shall notify the Contracting Officer. The Contractor's notice shall state the effect, if any, of such change or other conditions upon the approved schedule, and shall state in what respects, if any, the relevant schedule or the completion date should be revised. The Contractor shall give such notice promptly, not more than ten (10) days after the first event giving rise to the delay or prospective delay. Only the Contracting Officer may make revisions to the approved time schedule.

NOTICE TO PROCEED

(a) After receiving and accepting any bonds or evidence of insurance, the Contracting Officer will provide the Contractor a Notice to Proceed. The Contractor must then prosecute the work, commencing and completing performance not later than the time period established in the contract.

(b) It is possible that the Contracting Officer may elect to issue the Notice to Proceed before receipt and acceptance of any bonds or evidence of insurance. Issuance of a Notice to Proceed by the Government before receipt of the required bonds or insurance certificates or policies shall not be a waiver of the requirement to furnish these documents.

WORKING HOURS

All work shall be performed during **0730 hours to 1630 hours, from Mondays thru Fridays, excluding Philippine and American Holidays (Attachment 3).** Other hours, if requested by the Contractor, may be approved by the Contracting Officer's Representative (COR). The Contractor shall give 24 hours in advance to COR who will consider any deviation from the hours identified above. Changes in work hours, initiated by the Contractor, will not be a cause for a price increase.

SYSTEM FOR AWARD MANAGEMENT

# Quick Start Guide For New Foreign Registrations

## Helpful Information

SAM is the official **free, government-operated website** – there is NO charge to register or maintain your entity registration record in SAM.

### What is an Entity?

In SAM, your company / business / organization is referred to as an "Entity." You register your entity to do business with the U.S. Federal government by completing the registration process in SAM.

### What do I need to get started?

1. **DUNS Number:** You need a Data Universal Numbering System (DUNS) number to register your entity in SAM. DUNS numbers are unique for each physical location you want to register.
2. **NATO Commercial and Government Entity (NCAGE) Code:** Foreign entities must obtain a NCAGE code for each DUNS number they plan to register in SAM before you start the registration process.

### How do I get a DUNS number?

If you do not have one, you can request a DUNS number for **free** to do business with the U.S. Federal government by visiting Dun & Bradstreet (D&B) at http://fedgov.dnb.com/webform

It takes up to 5 business days to obtain an international DUNS number.

### How do I get an NCAGE code?

For instructions on obtaining a NCAGE, visit: http://www.dlis.dla.mil/Forms/Form_AC135.asp Make sure the name and address information you provide to get your NCAGE code is the same as what you used to get your DUNS number. It takes up to 3 business days to obtain a NCAGE code.

### What about a Taxpayer Identification Number (TIN)?

You only need a TIN if your entity pays U.S. taxes. If you are a foreign entity that does not pay taxes in the U.S., do not enter a number in the TIN field during registration.

## Steps for Registering

1. Type www.sam.gov in your Internet browser address bar.
2. Create a SAM Individual User Account (be sure to validate your e-mail address to activate the user account), then Login.
3. Select "Register New Entity" under "Register/Update Entity" on your "My SAM" page.
4. Select your type of Entity, most likely "Business or Organization." Definitions are in the Content Glossary on the right side of the page.
5. Tell the system why you are registering in SAM. This determines what information you have to provide.
   - Are you interested in bidding on Federal contracts? If you say "Yes," you will complete all four sections in SAM.
   - Are you just interested in becoming eligible to apply for grants or other Federal financial assistance? If you say "No" to the contracts question and "Yes" to the grants question, you will only have to complete the grant-related information.

6. Complete your registration. On each page, required information that you must provide has a red asterisk (*) next to the name of the field. Here are a few helpful hints:
   - On the Business Information page, you will create a Marketing Partner Identification Number (MPIN). Write your MPIN down. It is used as a password in other government systems.
   - If you do not pay U.S. taxes, do not enter a TIN or select a TIN type. Leave those fields blank.
   - Only use the NCAGE code you got for your DUNS number. Remember, the name and address information must match on the DUNS and NCAGE records.
   - Make sure to select "Foreign Owned and Located" on the General Information page.
   - As a foreign entity, you do not need to provide Electronic Funds Transfer (EFT) banking information on the Financial Information page. If you do choose to provide this electronic banking information, it must be for a U.S. bank: SAM cannot accept foreign banking information. The remittance name and address are the only mandatory information for you on this page.
   - In the "Points of Contact" section, list the names of people in your organization who know about this registration in SAM and why you want to do business with the U.S. Federal government. These are called "Points of Contact" or POCs.

7. Make sure to hit [Submit] after your final review. You will get a *Congratulations* message on the screen. If you do not see this message, you did not submit your registration. What happens next?
   - Once approved by the IRS (if you entered a TIN) and the Commercial and Government Entity (CAGE) system, you will get an email from SAM.gov when your entity registration is active.

**Please give yourself plenty of time before your contract or grant application deadline. Allow up to 10 business days after you submit before your registration is active in SAM, then an additional 24 hours for other systems such as Grants.gov to recognize your information.**

For help registering in SAM, contact the supporting Federal Service Desk (FSD) at https://www.fsd.gov/
