Mr. Jack Chong-Gum
Executive Director
RMI Ports Authority (RMIPA)

RE: Compilation of Background Information for the Amata Kabua International Airport Runway Safety Area Improvement and Road Realignment Project Lagoon Dredging

Dear Jack,

I would like to thank the Ports Authority for providing the resources for the compilation of the background information to the RMIEPA decision making process regarding the permit for dredging for the abovementioned project.

My staff and I have reviewed the document and have provided comments and changes which I note you have included in the final document.

I wish the Ports Authority every success in this important RMI infrastructure project. RMIEPA staff will continue to work closely with you throughout the construction project to help with any environmental queries or issues that may arise to ensure that the best environmental outcomes are achieved.

Should you have any questions, please feel free to call our office at 625-3035.

Kind regards,

Reginald White
RMIEPA Board Chairman
