EMERGENCY MESSAGE FOR U.S. CITIZENS

Dated August 19, 2011

Tropical Storm Harvey

This Emergency Message is being issued to inform U.S. citizens that the National Hurricane Center (NHC) has issued alerts for Tropical Storm Harvey that is currently located off the coast of Honduras. The U.S. National Weather Service predicts that Harvey will follow a northwest track toward the coast of Belize. Under the current prediction, Harvey will reach the Bay Islands of Honduras this evening then move across the coast of Belize Saturday or Sunday and inland possibly affecting areas of southern Quintana Roo and Campeche. A Tropical Storm Watch is currently in effect for Punta Gruesa southward to Chetumal. Please visit the National Hurricane Center's website <http://www.nhc.noaa.gov> to follow the storm's path.

In addition to danger from wind, life threatening flash floods and mudslides are possible. Coastal areas are especially vulnerable to these hazards. U.S. citizens in coastal areas may be impacted by the storm and are strongly encouraged to monitor media reports, and the Mexican Government's Protección Civil website, <http://www.proteccioncivil.gob.mx> for updated information about the storm and to follow official instructions. U.S. citizens are urged to stay clear of beaches as rough seas associated with storm conditions create severe hazards. U.S. citizens should stay in contact with relatives and friends in the U.S. to apprise them of their whereabouts, both before and after the storm. Visitors should be familiar with their hotel or cruise ship evacuation plans. If you must travel during this time please follow normal heavy rain precautions.

Monitor local websites. For Yucatan state, <http://www.yucatan.gob.mx/procivvy/>. Quintana Roo (which includes the popular tourist areas of Cancun, Playa del Carmen, Cozumel, and Tulum), <http://proteccioncivil.qroo.gob.mx/>. Campeche, <http://cenecam.gob.mx/pronosticopr.php>.

U.S. citizens should carry their travel documents (i.e. U.S. Passport, Birth Certificate, picture ID's, etc.) with them at all times or secure them by placing them in a safe waterproof location.
