

PEPFAR Gaza

Partnership for an AIDS-Free Mozambique

The U.S. President’s Emergency Plan for AIDS Relief (PEPFAR) proudly supports Mozambique’s fight against HIV/AIDS. With an adult HIV prevalence rate of 11.5%, Mozambique is one of PEPFAR’s 15 priority countries. To date, Mozambique has received approximately \$1.3 billion in PEPFAR funding. These investments support evidence-based interventions in pursuit of an AIDS-free generation, including HIV testing and counseling, voluntary medical male circumcision, the provision of antiretroviral treatment, clinical and community-based care for people living with HIV/AIDS (PLWHA), and more.

FY11 PEPFAR Allocations to Gaza Province

Treatment	\$5,318,905
Care	\$1,676,247
Prevention	\$5,061,298
Health Systems Strengthening	\$307,201
Total	\$12,363,651

Budget totals exclude operations allocations.

HIV/AIDS in Gaza

Population: 1,344,095

PEPFAR Mozambique supports the following partners in Gaza Province: Columbia University, Elizabeth Glaser Pediatric AIDS Foundation, Family Health International, Johns Hopkins University, Mozambican National Institute of Health, Pathfinder International, Samaritan’s Purse, TEBA, World Food Program, and World Health Organization.

Through these partners, FY12 PEPFAR funds supported the following activities in Gaza Province:

- Anti-retroviral therapy (ART) for **45,000** individuals
- **6,600** voluntary medical male circumcision procedures
- Anti-retroviral prophylaxis for **11,200** pregnant women to prevent mother-to-child transmission of HIV
- HIV testing and counseling for **182,000** people
- Care and support to **88,500** Mozambicans, including **3,700** orphans and vulnerable children
- Training for greater than **200** community health workers
- **26** treatment sites, **112** PMTCT sites and **2** male circumcision sites
