

PEPFAR Nampula

Partnership for an AIDS-Free Mozambique

The U.S. President’s Emergency Plan for AIDS Relief (PEPFAR) proudly supports Mozambique’s fight against HIV/AIDS. With an adult HIV prevalence rate of 11.5%, Mozambique is one of PEPFAR’s 15 priority countries. To date, Mozambique has received approximately \$1.3 billion in PEPFAR funding. These investments support evidence-based interventions in pursuit of an AIDS-free generation, including HIV testing and counseling, voluntary medical male circumcision, the provision of antiretroviral treatment, clinical and community-based care for people living with HIV/AIDS (PLWHA), and more.

FY11 PEPFAR Allocations to Nampula

Treatment	\$5,318,906
Care	\$6,612,529
Prevention	\$6,413,086
Health Systems Strengthening	\$1,027,866
Total	\$19,372,387

Budget totals exclude operations allocations.

PEPFAR Mozambique supports the following partners in Nampula Province: Center for Collaboration and Health (CCS), Columbia University, Elizabeth Glaser Pediatric AIDS Foundation, FHI 360, Global Health Communications, Johns Hopkins University, Pathfinder International, Population Services International, World Health Organization, and World Food Program.

Through these partners, FY12 PEPFAR funds supported the following activities in Nampula Province:

- Anti-retroviral therapy (ART) for nearly **16,000** individuals
- **4,100** voluntary medical male circumcision procedures
- Anti-retroviral prophylaxis for **10,800** pregnant women to prevent mother-to-child transmission of HIV
- HIV testing and counseling for more than **330,000** people
- Care and support to **86,00** Mozambicans, including **38,800** orphans and vulnerable children
- Training for nearly **1,000** community health workers
- **50** treatment sites, **115** PMTCT sites and **1** male circumcision site
