### College of Opportunity: Community Colleges

The speakers in this video are Owens Community College students Elyssia Yado, Sonia Wali, Mallory Lee, Ashley Bauerschmidt and Steven Steffel and former Owens Community College President Christa Adams. This video was produced by the State Department's Bureau of International Information Programs in 2009.

### U.S. College Life

The U.S. college experience is a time to study and prepare for a career, but also offers opportunities to discover, explore and mature. As students make new friends from across the country and all over the world, they learn new things about life and about themselves. Activities like dormitory life, competitive sports, social and fraternal groups, academic competitions and community service projects challenge students and help them grow. Many college graduates look back on their campus experiences as the best days of their lives.
