

**CONSULATE GENERAL OF THE UNITED STATES OF AMERICA
MUMBAI, INDIA**

List of Approved Panel Physicians
Mumbai, Gujarat, Chennai, and Hyderabad

The U.S. Consulate General in Mumbai has authorized the physicians listed below to give medical examinations to visa applicants. **Please make your own arrangements for examination by any physician on the list at least seven days before your immigrant visa appointment.**

For each family member, bring:

- Original appointment letter
- Passport
- Three recent photographs
- All medical records of vaccinations, prior illnesses or treatments. You must discuss your medical history and current conditions – pregnancy, diabetes, hypertension and other conditions and medications taken – with the physician.

These physicians are Indian citizens practicing locally, and the examination they give to visa applicants conforms to standards and terminology prescribed by the United States Public Health Service. Any attempt by the applicant to influence the physician's medical judgment will reflect unfavorably on the visa application.

The physician may need four to seven days to prepare the results of your medical examination. Collect the report from him/her and bring it to Consulate on the day of your formal visa application appointment.

**The following fees for physicians have been authorized by the U.S. Consulate General
Mumbai, effective January 1, 2016.**

Basic Exam Cost	
Adults (Exam + Chest X-Ray + VDRL + TB testing, screening, and treatment as required by the Technical Instructions)	3000
Children (Exam + TST + TB testing, screening, and treatment as required by the Technical Instructions)	2300

Other Charges	
Psychological Consult	Per facility rate
Vaccine administration charge (charged once per visit, regardless of the number of vaccines administered)	100
