K. Internet Service Circuit Downtime and Credits

Credits shall be assessed against the Contractor in those instances where the circuit during any given month or year that fail to achieve and sustain the minimum acceptance standards stated above.

1. Definitions:

Circuit Availability Acceptance Level: Yearly Circuit Availability Acceptance Level is computed by 365 calendar days times 24 (hours per day) times 99.5% acceptance level equals 8,716.20 hours annum. ($365 \times 24 = 8760 \times 99.5\% = 8,716.20$). Monthly Internet Availability is computed by the calendar days per month times 24 (hours per day) times 99.5% acceptance level (example: $31 \times 24 = 744 \times 99.5\% = 740.28$).

Downtime: That period of time when the circuit becomes non-operational or unusable for communication or transfer of data or failures to meet the minimum acceptance standards. The maximum cumulative Annual downtime that shall be acceptable for corrective or preventative maintenance is 43.80 hours ($8760 \times .5\%$). The maximum cumulative Monthly downtime that shall be acceptable for corrective or preventative maintenance shall be .5% of the total available hours for the month (example: $31 \times 24 = 744 \times .5\% = 3.72$ hours).

Period of Downtime: Downtime shall commence at the time first attempt for contact is made by the Government (or its representative) to the Contractor's Point of Contact and shall be annotated on the Remedy Ticket and shall continue until the internet is returned into Service by the Nepal Police.

Downtime Credits: Monetary value returned to the Government for failure to meet the Internet availability requirements. Downtime Credits shall be assessed based on cumulative downtime time with the minimum assessment being one hour. Downtime credit shall be equal to the hourly or daily rate (as applicable) as identified in the contract. There are two (2) situations when Internet Downtime Credits can be accumulated:

- 1) Below Availability Level,
- 2) Extended Downtime.

2. Credit for Circuit Downtime by Situation

Below Availability Level: If the downtime accumulated for a circuit adds up to 43.80 ($8760 \times 0.5\%$) cumulative hours or more during any one contract year (365 calendar days) or depending on the number of hours for the month (example $744 \times .5\%$) cumulative hours per month (example: 31 calendar day month) the Contractor shall grant a hourly credit to the American Embassy for each hour of downtime. Each additional one hour increment or portion thereof will be assessed as an additional hour.

Extended Downtime Credit(s): Cumulative time of more than 18 hours but not greater than 24 hours for any one outage shall be assessed at a daily rate. Any increment of 24 hours beyond the initial 24 hours of any one outage shall be assessed at the standards for the hourly rate up to 12 hours, however between 12 and 24 hours the credit shall be assessed at the daily rate.

3. Exceptions to Cumulating of Downtime

Cumulating of Internet downtime shall include all unscheduled downtime deemed to be the responsibility of the Contractor, with the following exceptions:

a. When the failure to perform arises out of causes beyond the control and without the fault or negligence of the Contractor or Sub-contractor as defined in the Termination for Default of this contract.

b. Malfunction of equipment, frequency fading and interference, errors of commission and/or omission by the Contractor or Sub-contractor, and commercial power surges or failures are considered to be normal hazards of the industry and therefore do not qualify as causes beyond the control of the Contractor or Sub-contractor. The Contractor shall be charged with credits for all reported outages determined "no trouble found" or "came clear while testing" but which exceed 45 minutes.

The Contracting Officer shall make final determination as to whether downtime is the responsibility of the Contractor. If requested by the Contracting Officer, the Contractor shall provide documentation to support claims of excusable downtime. For downtime determined to be the Contractor's responsibility, the Contracting Officer may elect to assess a credit for each instance of non-performance.

4. Payment Reduction for Downtime Credits

When Internet Downtime credit(s) is due to the American Embassy, the total number of creditable hours shall be accumulated for the month and will be deducted from the payment due the Contractor in the month they accrued.
